Executive Officer: Clare Hamilton (02) 6372 0389

14 June 2000

Dr Tony McLeod
Project Manager
Murray-Darling Basin Commission
GPO Box 409
CANBERRA ACT 2601

Dear Dr McLeod

Draft Review of the Operations of the Cap

In reading the *draft Review of the Operations of the Cap* the Macquarie Cudgegong River Management Committee noted an error in reporting submissions made to the Community Advisory Committee.

The Macquarie Cudgegong River Management Committee (MCRMC) did not make a submission to the review. Stakeholders on the MCRMC provided submissions to the Community Advisory Committee on behalf of their interest groups.

It is apparent that submissions from the Cudgegong Valley Water Committee have been incorrectly attributed to the MCRMC. Specifically these errors occur in:

- section 3 Economic and Social Impacts, Attachment A;
- section 4 Equity, page 21

Would you please ensure these corrections are made in the final document. If you have any queries regarding these corrections I can be contacted during office hours on (02) 6372 0389.

Yours sincerely

Clare Hamilton
Executive Officer
Macquarie Cudgegong River Management Committee
