## Marthaguy Irrigation Scheme trade delivery rules.

- The members of the Marthaguy Irrigation Scheme elect a committee annually who are empowered & governed by their constitution to act in the best interest of the scheme
- Delivery entitlements are transferrable within the Marthaguy Irrigation channel system, upon application to the MIS committee. Transfers must be to land portions that are included within the MIS works Approval
- Transfers upstream are generally allowable without restriction
- Transfers downstream or to another channel branch are subject to channel capacity restraints and will be considered by MIS on a case by Case basis. Flow restrictions may be applied to protect the flow rates of existing members on these branches.
- All costs of the transfer, including any changes to the channel infrastructure are to be paid by the transferring members.
- All delivery entitlements must be delivered through an approved metered farm outlet.
- Delivery entitlements are transferrable within the Marthaguy Irrigation Scheme delivery system upon application to the Marthaguy Committee.
