(4) An allegation in legal proceedings that the certificate required by subsection (3) was issued on a particular day is, in the absence of proof to the contrary, sufficient proof of that fact.

(5) The following provisions apply in relation to the making of regulations under subsection (2):

(a) the Advisory Committee must cause to be published in the Gazette and in a newspaper circulating generally throughout the State an advertisement—

(i) containing a general explanation of the regulations that are (subject to this section) to be made; and

6—Concept of change in the use of land

(1) For the purpose of determining whether a change in the use of land has occurred, the commencement or revival of a particular use of the land will, subject to subsection (2), be regarded as a change in the use of the land if—

(a) the use supersedes a previous use of the land; or

(b) the commencement of the use or the revival of the use follows upon a period of non-use; or

(c) the use is additional to a previously established use of the land which continues despite the commencement of the new use.

(b) during the whole or a part of the period intervening between its discontinuance and revival, the use was superseded by some other use; or

(c) the Development Assessment Commission or a council has made a declaration under subsection (3) and the declaration remains unrevoked.

(a) a particular use of land has been discontinued for a period of six months or more (being a period that extends up to the date on which the Development Assessment Commission or a council acts under this subsection); and
(b) the revival of that use would in the opinion of the Development Assessment Commission or council be inconsistent with the relevant Development Plan and have an adverse effect on the locality in which the land is situated,

the Development Assessment Commission or council may, by notice in writing served on the owner and the occupier of the land, declare that a revival of the use will be treated, for the purposes of this Act, as a change in the use of the land.

(4) The owner or occupier may, within one month after service of a notice under subsection (3), or such extended period as may be allowed by the Court, appeal to the Court against the declaration.

(5) On an appeal under subsection (4), the Court may confirm or revoke the declaration.

(6) For the purposes of this section, a particular use of land will be disregarded if the extent of the use is trifling or insignificant.

7—Application of Act

(1) Subject to this section, this Act applies throughout the State.

(2) This Act applies in relation to land whether or not it has been brought under the provisions of the Real Property Act 1886.

(3) The regulations may provide—

(a) that a specified provision of this Act does not apply, or applies with prescribed variations, to a part of the State specified by the regulations;

(b) that a specified provision of this Act does not apply, or applies with prescribed variations, in respect of a particular class of development, or in any circumstance or situation (or circumstance or situation of a prescribed class), specified by the regulations,

and, subject to any condition to which the regulation is expressed to be subject, the operation of this Act is modified accordingly.

(iv) as a group they satisfy any criteria prescribed by the regulations, (and the declaration may be made on the basis that certain trees located at the same place are excluded from the relevant stand).

(4b) However, a declaration under subsection (4a) must not be inconsistent with any criteria prescribed by the regulations for the purposes of this subsection.

(4c) For the purposes of subsection (4a), a Development Plan must identify the location of a tree or stand of trees in accordance with any requirements imposed by the regulations.

(5) A Development Plan may adopt, wholly or partially and with or without modification, any plan, policy, standard, document or code prepared or published under this or any other Act, or by a body prescribed by the regulations (either as in force at the time the Plan is made or as in force from time to time).

(5a) A Development Plan may refer to any relevant statutory provision.
(6) A Development Plan is a public document of which a court or tribunal will take judicial notice, without formal proof of its contents.

(7) A Development Plan is created in the same manner as a Development Plan is amended (see Subdivision 2).

Subdivision 2—Amendments to Development Plans

24—Council or Minister may amend a Development Plan

(1) An amendment to a Development Plan may be prepared—

(a) where it relates to the area, or part of the area, of a council—

(i) by the council for the relevant area; or

(ii) by the Minister acting at the request of the council; or

(iii) where the Minister has requested the council to proceed with an amendment and to prepare a Statement of Intent within a specified time and the council fails to do so, or the Minister and the council cannot reach an agreement on a Statement of Intent within three months after a date specified by the Minister—by the Minister; or

(iv) where the Minister considers that the council has demonstrated undue delay in the preparation, consideration or finalisation of a Development Plan Amendment in accordance with the provisions of this Subdivision and that the amendment should proceed after taking into account the significance of the amendment and the provisions of the Planning Strategy—by the Minister; or

(iva) where—

(A) a Development Plan Amendment prepared by the council has lapsed under section 25; or

(B) the council has, after commencing the processes associated with making an amendment set out in section 25, subsequently decided not to proceed with the amendment after all; or

(C) the council has, after being required by the Minister to take or complete any step associated with the finalisation of an amendment (including an amendment that has been divided under section 25(15)(f)), failed to take that step within a time specified by the Minister,

by the Minister; or

(v) where—

(A) the council has failed to comply with a requirement of section 30 relating to the preparation or completion of a report under that section; or
(B) the Minister considers that the council has, in connection with the preparation of a report under section 30, acted unreasonably in not agreeing with the Minister on the steps that the council will take to amend any relevant Development Plan under this Subdivision, or that the council has failed to comply with the terms of any relevant agreement with the Minister, or requirement prescribed by the regulations, under that section, by the Minister; or

(b) where it relates to the areas, or parts of the areas, of two or more councils—

(i) by the Minister on the basis that he or she considers that the amendment is reasonably necessary to promote orderly and proper development within the relevant areas and that, after consultation with the relevant councils, the Minister considers that it is appropriate for the Minister to undertake the amendment; or

(ii) by the relevant councils at the request or with the approval of the Minister (and, in such a case, this Subdivision will apply with any necessary modifications); or

(c) where it relates to land that does not lie within the area of a council—by the Minister; or

(d) where the same amendment, or substantially the same amendment, is to be made to two or more Development Plans—by the Minister; or

(da) where the amendment—

(i) relates to the format of a Development Plan, or to the headings, terms, names, numbers or other forms of identifying or classifying material used in a Development Plan; or

(ii) relates to a set of objectives or principles that have been developed by the Minister with a view to providing or enhancing consistency in the policies, or specific classes of policies, that are to apply under this Act and that have been identified for the purposes of this provision by the Minister by notice in the Gazette, by the Minister (including an amendment that may only relate to 1 Development Plan in a particular circumstance); or

(e) where the purpose of the amendment is to establish a State Heritage Area and impose development controls in relation to that area—by the Minister; or

(f) where the purpose of the amendment is to impose controls in relation to a place that is entered, either on a provisional or permanent basis, in the South Australian Heritage Register—by the Minister; or

(fa) where the purpose of the amendment is to promote the objects of the River Murray Act 2003 or the Objectives for a Healthy River Murray under that Act within the Murray-Darling Basin—by the Minister; or

(fb) where the purpose of the amendment is to promote the objects or objectives of the Adelaide Dolphin Sanctuary Act 2005—by the Minister; or
(fba) where the purpose of the amendment is to promote consistency with a management plan for a marine park established under the *Marine Parks Act 2007*—by the Minister; or

(fbb) where the purpose of the amendment is to promote the objects under a character preservation law—by the Minister; or

(fbc) where the purpose of the amendment is to promote consistency with the management plan under the *Arkaroola Protection Act 2012*—by the Minister; or

(fc) where a regional NRM board has requested a council to proceed with an amendment on the basis of a regional NRM plan approved under the *Natural Resources Management Act 2004* by the Minister responsible for the administration of that Act and the council has not acted under section 25 of this Act in relation to the matter within a period determined by the Minister responsible for the administration of this Act to be reasonable in the circumstances—by the Minister; or

(g) where the Minister considers that an amendment to a Development Plan is appropriate because of a matter which in the opinion of the Minister is of significant social, economic or environmental importance—by the Minister; or

(ga) where the Minister who is responsible for the administration of the Mining Acts has requested the Minister to take action under this Act to address a matter or matters relating to planning or development that may arise in connection with an area that may be subject to, or affected by, operations carried out under a Mining Act; or

(h) where the Minister considers that an amendment to a Development Plan is necessary to ensure or achieve consistency with the Planning Strategy—by the Minister; or

(i) where the Minister considers that an amendment to a Development Plan is appropriate having regard to issues surrounding the consideration or approval of a development or project under Division 2 of Part 4—by the Minister.

(1a) Two or more councils may act jointly in preparing amendments to 1 or more Development Plans under subsection (1)(a)(i) or (b)(ii) and, in such a case, 1 set of amendments, and 1 DPA, may relate to all of the relevant Development Plans (and this Subdivision will apply with any necessary modifications).

(1b) The Minister must not act under subsection (1)(a)(v) unless the Minister has, by notice in writing to the relevant council, given the council at least 6 weeks to make submissions in relation to the matter, and considered any submission received from the council within the period specified by the Minister.

(2) The Minister must, in relation to the preparation of an amendment under subsection (1)(e) or (f), consult with the Minister responsible for the administration of the *Heritage Places Act 1993* and the South Australian Heritage Council.

(2a) The Minister must not act under subsection (1)(fc) unless the Minister has, by notice in writing to the relevant council, given the council an opportunity to make submissions (within a period specified in the notice) in relation to the matter, and considered any submission received within the specified period from the council.
(3) Subject to subsection (3a), if a proposed amendment to a Development Plan by a council or the Minister—

(a) relates to any part of the Murray-Darling Basin—the Minister must consult with and have regard to the views of the Minister for the River Murray; or

(b) relates to any part of the Adelaide Dolphin Sanctuary—the Minister must consult with and have regard to the views of the Minister for the Adelaide Dolphin Sanctuary; or

(c) relates to any part of a marine park—the Minister must consult with and have regard to the views of the Minister for Marine Parks; or

(d) relates to any part of the Arkaroola Protection Area, within the meaning of the Arkaroola Protection Act 2012—the Minister must consult with and have regard to the views of the Minister responsible for the administration of that Act.

(3a) The Governor may, by regulation, exclude specified categories of amendments from the operation of subsection (3).

(5) The consultation required under subsections (2) and (3) will be undertaken in accordance with any procedures or timelines determined under the regulations (and if, in a particular case, a response is not received by the Minister within a relevant period prescribed by the regulations then the Minister may assume that the entity under the relevant subsection does not desire to provide any comment).

(6) However—

(a) in a case involving a proposed amendment under subsection (3)(a), the Minister for the River Murray may, if that Minister thinks fit, extend any period for consultation that would otherwise apply under subsection (5) in relation to the matter; and

(b) nothing in subsection (5) affects or limits the operation of section 22(5) of the River Murray Act 2003.

25—Amendments by a council

(1) If a council is considering an amendment to a Development Plan, the council must first reach agreement with the Minister on a "Statement of Intent" prepared by the council in accordance with the regulations.

(2) The Minister must, for the purposes of subsection (1), consult with the Advisory Committee if the Minister considers that the proposed amendment would be seriously at variance with the Planning Strategy (and may consult with the Advisory Committee with respect to any other matter that should, in the opinion of the Minister, be referred to the Advisory Committee for advice).

(3) If or when agreement is reached, and the council decides to proceed, the council must prepare a proposal, to be called a "Development Plan Amendment" (or DPA), that complies with the following requirements:

(a) the DPA must be based on the outcome of investigations initiated by the council in accordance with the terms of the Statement of Intent and such other investigations (if any) as the council thinks fit;
18.9.2014—Development Act 1993
Planning schemes—Part 3
Development Plans—Division 2

(b) the DPA must include an assessment of the extent to which the proposed amendment—
   (i) accords with the Planning Strategy; and
   (ii) accords with the Statement of Intent; and
   (iii) accords with other parts of the Development Plan; and
   (iv) complements the policies in the Development Plans for adjoining areas; and
   (v) satisfies the matters prescribed in the regulations;

(c) the DPA must include—
   (i) an explanation of the intent of the proposed amendment, the relationship between that intent and the policy of the Statement of Intent, and a summary of the major policy changes (if any) that are proposed; and
   (ii) a summary of the conclusions drawn from the investigations and assessments referred to above; and
   (iii) a draft of the amendment, or a draft of the relevant section of the Development Plan as amended (with the amendments shown in a distinctive manner);

(d) the DPA must include an assessment of the extent to which the proposed amendment accords with relevant infrastructure planning (with respect to both physical and social infrastructure) identified by the council through strategic planning or other processes undertaken by the council under this Act or the Local Government Act 1999 or identified by a Minister, or any other relevant government agency, in accordance with any scheme set out in the regulations, in connection with the preparation of the DPA under this Act;

(e) the DPA must include any other matter prescribed by the regulations.

(4) A DPA may only be prepared after the council has considered the advice of a person with prescribed qualifications.

(5) Despite a preceding subsection, a council cannot, except as authorised by the Minister, propose an amendment to a part of a Development Plan that has been declared by the Minister by notice in the Gazette as being part of a set of standard policy modules for the purposes of this Act.

(6) When the council has prepared a DPA in accordance with the preceding subsections, the DPA will be dealt with in accordance with process A, B or C, as described below, depending on an agreement reached between the council and the Minister as part of the Statement of Intent, or at some later time if so determined or agreed by the Minister.

(7) Process A is as follows:

   (a) the council must first refer the DPA to any government Department or agency that has a direct interest in the matter, and any other body specified in the Statement of Intent, for comment within the period prescribed by the regulations;
Development Act 1993—18.9.2014
Part 3—Planning schemes
Division 2—Development Plans

(b) the Minister will then consider the matter and any comment from a Department, agency or other body to which the DPA has been referred, although if a response is not received by the council within the period that applies under paragraph (a), the council and the Minister may assume that the particular Department, agency or other body does not desire to provide any comment;

(c) the Minister may then give his or her approval to the release of the DPA or, after consultation with the council—

(i) require an alteration to the DPA (and in such a case the council must comply with the requirement); or

(ii) determine that the DPA be divided into parts (with or without alterations) and that each part be dealt with separately (and in such a case the determination will have effect according to its terms and each part will then be taken to be a separate DPA for the purposes of this Act);

(d) the council must then release the DPA for public consultation, in accordance with the regulations, over a period of at least 8 weeks.

(8) Process B is as follows:

(a) if required by the Minister, the council must first refer the DPA to the Minister for consideration and the Minister may, after consultation with the council—

(i) require an alteration to the DPA (and in such a case the council must comply with the requirement); or

(ii) determine that the DPA be divided into parts (with or without alterations) and that each part be dealt with separately (and in such a case the determination will have effect according to its terms and each part will then be taken to be a separate DPA for the purposes of this Act);

(b) subject to complying with paragraph (a) (if relevant), the council must—

(i) refer the DPA to any government Department or agency that has a direct interest in the matter, and any other body specified in the Statement of Intent, for comment within a period of 8 weeks (and if a response is not received by the council within this period then the council and the Minister may assume that the particular Department, agency or body does not desire to provide any comment); and

(ii) release the DPA for public consultation, in accordance with the regulations, over a period that is at least concurrent with the period that applies under subparagraph (i).
(9) Process C is as follows:

(a) the council must refer the DPA to any government Department or agency that has a direct interest in the matter, and any other body specified in the Statement of Intent, for comment within a period of 4 weeks (and if a response is not received by the council within this period then the council and the Minister may assume that the particular Department, agency or body does not desire to provide any comment);

(b) the council must release the DPA for public consultation, in accordance with the regulations, over a period that is at least concurrent with the period that applies under paragraph (a);

(c) the council must, at the time that the DPA is released for public consultation, give—

(i) an owner or occupier of any land that is directly subject to the operation of the proposed amendment; and

(ii) an owner or occupier of each piece of adjacent land to land that is directly subject to the operation of the proposed amendment, a written notice in accordance with the regulations.

(10) A council must not release a DPA for public consultation unless or until the chief executive officer of the council has, on behalf of the council, issued a certificate in the prescribed form relating to the extent to which the proposed amendment—

(a) accords with the Planning Strategy; and

(b) accords with the Statement of Intent; and

(c) accords with other parts of the Development Plan; and

(d) complements the policies in the Development Plans for adjoining areas; and

(e) satisfies the matters prescribed in the regulations.

(11) In addition to any requirement prescribed by the regulations, a council must, for the purposes of undertaking the public consultation required above—

(a) allow interested persons to make representations in writing to the council in relation to the matter over the period that applies for the purposes of the public consultation; and

(b) hold within its area at least 1 meeting where members of the public may attend and make representations in relation to the matter (although if no written representation under paragraph (a) indicates an interest to be heard, a meeting need not be held and, in a case where section 24(1a) applies, only 1 meeting need be held in the area of 1 relevant council); and

(c) appoint a committee (which may, but need not, include members of the council) to consider any representations made under paragraph (a) or (b) and to provide advice to the council in relation to these representations.
12) If a proposed amendment designates a place as a place of local heritage value, the council must, at or before the time when the DPA is released for public consultation, give each owner of land constituting the place proposed as a place of local heritage value a written notice—

(a) informing the owner of the proposed amendment; and

(b) inviting the owner to make submissions on the amendment to the council within the period provided for public consultation under the regulations.

(12a) If a proposed amendment declares a tree to be a significant tree or a stand of trees to be significant trees, the council must, at or before the time when the DPA is released for public consultation, give each owner of land where the tree or trees are located a written notice—

(a) informing the owner of the proposed amendment; and

(b) inviting the owner to make submissions on the amendment to the council within the period provided for public consultation under the regulations.

13) The council must, after complying with the requirements of the preceding subsections—

(a) prepare a report on the matters raised during the consultation period, on the reasons for any failure to comply with any time set for any step under those subsections, and on any recommended alterations to the proposed amendment (but these alterations cannot have effect until approved by the Minister under subsection (15)); or

(b) if it thinks fit, by notice in writing to the Minister, decline to proceed any further with the amendment.

14) The council must send to the Minister, in accordance with the regulations—

(a) a copy of a report under subsection (13)(a); and

(b) a certificate from the chief executive officer of the council, in the prescribed form—

(i) confirming that the council has complied with the requirements of this section and that the proposed amendment is in a correct and appropriate form; and

(ii) if a report under subsection (13)(a) recommends an alteration or alterations to the proposed amendment—relating to the extent to which the amendment, as altered—

(A) accords with the Planning Strategy; and

(B) accords with other parts of the Development Plan; and

(C) complements the policies in the Development Plans for adjoining areas; and

(D) satisfies the matters prescribed in the regulations.
(15) On the receipt of a report under subsection (13)(a)—

(a) the Minister must seek the advice of the Advisory Committee if the Minister is of the opinion that the proposed amendment would not be in accordance with the Planning Strategy (and may seek the advice of the Advisory Committee with respect to any other matter that should, in the opinion of the Minister, be referred to the Advisory Committee for advice); and

(b) in the case of an amendment that designates a place as a place of local heritage value—the Minister must seek the advice of the Advisory Committee if the owner of the land objects to the amendment (and, in such a case, the owner of the land must be given a reasonable opportunity to make submissions to the Advisory Committee (in such a manner as the Advisory Committee thinks fit) in relation to the matter before the Advisory Committee reports back to the Minister),

and thereafter the Minister may—

(c) approve the amendment; or

(d) after consultation with the council, alter the amendment and approve the amendment as altered; or

(e) decline to approve the amendment (and, in such a case, the Minister must provide the council with written reasons for the Minister's decision); or

(f) after consultation with the council, divide the amendment into separate amendments (with or without alterations) and approve one or more of those amendments and, as to the remaining amendment or amendments, undertake consultation with the council in relation to the matter (and, in such a case, the Minister may then reconsider the amendment or amendments (with or without alterations) and exercise, in relation to the amendment or amendments, any power conferred on the Minister under this subsection to approve, alter or decline to approve the amendment or amendments).

(16) The Minister is not required to consult with the council under subsection (15)(d) in relation to any alteration made—

(a) in order to make a change of form (without altering the effect of an underlying policy reflected in the amendment); or

(b) in order to take action which, in the opinion of the Minister, is—

(i) addressing or removing irrelevant material or a duplication or inconsistency (without altering the effect of an underlying policy reflected in the amendment); or

(ii) correcting an error.

(17) The Minister will give an approval under subsection (15) by notice in the Gazette.

(18) A notice under subsection (17) must fix a day on which an approved amendment will come into operation (and the relevant Development Plan will then be taken, from that day, to be amended in the manner set out in the amendment).
(19) Despite a preceding subsection (but subject to the operation of subsection (21)), the Minister may, by notice in writing to the council, determine that a DPA will lapse if the council has failed—

(a) to refer the DPA to the Minister or a government Department or agency in accordance with the requirements of this section within the relevant period; or

(b) to release the DPA for public consultation in accordance with the requirements of this section within the relevant period; or

(c) to provide a report to the Minister on the matters raised during the public consultation period for the DPA in accordance with the requirements of this section within the relevant period,

(and such a determination will have effect according to its terms).

(20) A reference to the relevant period in paragraph (a), (b) or (c) of subsection (19) is a reference to a period specified by the relevant Statement of Intent or, if the Minister has granted the relevant council an extension of that period, a reference to that period as extended by the Minister (and if no period is so specified, is a period determined in accordance with the regulations).

(21) The Minister must, before making a determination under subsection (19), consult with the council and give the council a reasonable opportunity to make submissions to the Minister.

(21a) Despite a preceding subsection, if, in relation to a particular DPA—

(a) any relevant period applying under subsection (19) has expired; and

(b) at least 5 years have elapsed since agreement was reached on the Statement of Intent under subsection (1),

the DPA will lapse by force of this subsection at the end of a period prescribed by the regulations unless the Minister, by notice in the Gazette, exempts the DPA from the operation of this subsection.

(21b) An exemption under subsection (21a) may include a condition that will result in the DPA lapsing in any event if the terms of the condition are not met.

(22) The Minister may act or rely on a matter certified by the chief executive officer of a council under this section without further inquiry.

(23) If a DPA or amendment is divided under this section, the Minister may, after consultation with the relevant council, modify the Statement of Intent to set new timelines or to make such other modifications as appear to the Minister to be reasonable in view of the division.

26—Amendments by the Minister

(1) If the Minister is considering an amendment to a Development Plan, the Minister must first prepare a proposal, to be called a "Development Plan Amendment" (or DPA), that complies with the following requirements:

(a) the DPA must be based on investigations initiated by the Minister for the purposes of this section;

(b) the DPA must include an assessment of the extent to which the proposed amendment—
(i) accords with the Planning Strategy; and
(ii) accords with other parts of the Development Plan; and
(iii) complements the policies in Development Plans for adjoining areas; and
(iv) satisfies the requirements prescribed by the regulations;
(c) the DPA must include—
   (i) an explanation of the proposed amendment and a summary of the major policy changes (if any) that are proposed; and
   (ii) a summary of the conclusions drawn from the investigations and assessments referred to above; and
   (iii) a draft of the amendment, or a draft of the relevant section of the Development Plan as amended (with the amendments shown in a distinctive manner);
(d) the DPA must include an assessment of the extent to which the proposed amendment accords with relevant infrastructure planning (with respect to both physical and social infrastructure) identified by the Minister for the purpose of this section;
(e) the DPA must include any other matter prescribed by the regulations.
(2) The DPA may incorporate any material prepared by a council in relation to an amendment that was proposed under section 25.
(3) A DPA may only be prepared after the Minister has considered the advice of a person with prescribed qualifications.
(4) When the Minister has prepared a DPA in accordance with the preceding subsections, the DPA will be dealt with in accordance with process A, B or C, as described below, depending on the determination of the Minister.
(5) Process A is as follows:
   (a) the Minister will first refer the DPA to any government Department or agency that, in the opinion of the Minister, has a direct interest in the matter (and any other body as the Minister thinks fit) for comment within the period prescribed by the regulations;
   (b) the Minister will then consider the matter and any comment from a government Department, agency or other body to which the DPA has been referred, although if a response is not received by the Minister within the period that applies under paragraph (a), the Minister may assume that the particular Department, agency or other body does not desire to provide any comment;
   (c) the Minister may then determine whether or not to alter the DPA;
   (d) the Minister will then—
      (i) refer the DPA to any council that, in the opinion of the Minister, has a direct interest in the matter for comment within a period of 8 weeks; and
(ii) release the DPA for public consultation, in accordance with the regulations, over a period that is at least concurrent with the period that applies under subparagraph (i).

(5a) Process B is as follows:

(a) the Minister will refer the DPA to any government Department or agency, and any council, that, in the opinion of the Minister, has a direct interest in the matter (and any other body as the Minister thinks fit) for comment within a period of 8 weeks (and if a response is not received by the Minister within this period then the Minister may assume that the particular Department, agency, council or other body does not desire to provide any comment);

(b) the Minister will release the DPA for public consultation, in accordance with the regulations, over a period that is at least concurrent with the period that applies under paragraph (a).

(5b) Process C is as follows:

(a) the Minister will refer the DPA to any government Department or agency, and any council, that, in the opinion of the Minister, has a direct interest in the matter (and any other body as the Minister thinks fit) for comment within a period of 4 weeks (and if a response is not received by the Minister within this period then the Minister may assume that the particular Department, agency, council or other body does not desire to provide any comment);

(b) the Minister will release the DPA for public consultation, in accordance with the regulations, over a period that is at least concurrent with the period that applies under paragraph (a);

(c) the Minister will, at the time that the DPA is released for public consultation, give—

(i) an owner or occupier of any land that is directly within the ambit of operation of the proposed amendment; and

(ii) an owner or occupier of each piece of adjacent land to land that is directly within the ambit of operation of the proposed amendment, a written notice in accordance with the regulations.

(5c) In addition to any requirement prescribed by the regulations, the Minister must, for the purposes of undertaking the public consultation required above—

(a) allow interested persons to make representations in writing to the Minister in relation to the matter over the period that applies for the purposes of public consultation; and

(b) ensure that at least 1 meeting is held where members of the public may attend and make representations in relation to the matter (although if no written representation under paragraph (a) indicates an interest to be heard, a meeting need not be held); and

(c) arrange for a committee of the Advisory Committee (which may, but need not, include members of the Advisory Committee) to consider any representations made under paragraph (a) or (b) and to provide advice to the Minister in relation to those representations.
(5d) The Minister may seek the advice of the Advisory Committee—
   (a) on any proposed alterations to the amendment; and
   (b) on any other issue that should, in the opinion of the Minister, be referred to
       the Advisory Committee.

(6) Where a proposed amendment designates a place as a place of local heritage value, the
    Minister must, on or before the day on which the DPA is released for public
    consultation, give each owner of land constituting the place proposed as a place of
    local heritage value a written notice—
    (a) informing the owner of the proposed amendment; and
    (b) inviting the owner to make submissions on the amendment within the period
        provided for public consultation under this section.

(7) The Minister must seek the advice of the Advisory Committee on any submissions
    made under subsection (6).

(7a) If a proposed amendment declares a tree to be a significant tree or a stand of trees to
    be significant trees, the Minister must, at or before the time when the DPA is released
    for public consultation, give each owner of land where the tree or trees are located a
    written notice—
    (a) informing the owner of the proposed amendment; and
    (b) inviting the owner to make submissions on the amendment to the Minister
        within the period provided for public consultation under the regulations.

(8) The Minister may then—
    (a) approve the amendment; or
    (b) alter the amendment and approve the amendment as altered; or
    (c) decline to approve the amendment; or
    (d) divide the amendment into separate amendments (with or without alterations)
        and approve one or more of those amendments and, as to the remaining
        amendment or amendments, give further consideration to any outstanding
        issues and then, if or when the Minister thinks fit, reconsider the amendment
        or amendments (with or without alterations) and exercise, in relation to the
        amendment or amendments, any power conferred on the Minister under this
        subsection to approve, or to decline to approve, the amendment or
        amendments.

(9) The Minister will give an approval under subsection (8) by notice in the Gazette.

(10) A notice under subsection (9) must fix a day on which the amendment will come into
    operation (and the relevant Development Plan or Plans will then be taken, from that
    day, to be amended in the manner set out in the amendment).

(11) Despite a preceding subsection (but subject to the operation of subsection (12)), if—
    (a) the Minister is authorised to proceed with the consideration of an amendment
        because of the operation of section 24(1)(a)(iv), (iva) or (v); and
    (b) a DPA has been prepared by the relevant council under section 25; and
(c) the Minister is of the opinion that a policy contained in the DPA is of substantial interest to the Government of the State and should be adopted to achieve consistency with the Planning Strategy, or that the DPA remains valid and effective for the purposes of the consideration of the amendment under this Act,

then—

(d) the Minister may rely on a DPA (or part of a DPA) prepared by the council (with or without modifications made by the Minister); and

(e) unless substantial modifications have been made under paragraph (d), the Minister is not required to undertake public consultation on a DPA (or part of a DPA) on which the Minister is relying under paragraph (d) if public consultation has already been undertaken on the DPA by a council under this Act; and

(f) the Minister is not required to seek the advice of the Advisory Committee under this section to the extent that advice has already been obtained under section 25.

(12) The Minister must refer a proposal to act under subsection (11) to the relevant council for comment within a period (of at least six weeks) determined by the Minister and if during that period the council, by notice in writing, objects to the Minister's proposed action then the Minister must seek and consider the advice of the Advisory Committee before acting.

27—Parliamentary scrutiny

(1) If the Minister approves an amendment under this Subdivision, the Minister must, within 28 days, refer the amendment to the Environment, Resources and Development Committee of the Parliament (together with, in the case of an amendment approved under section 25, copies of the certificates of the chief executive officer of the relevant council required under that section).

(2) An amendment under section 25 must be accompanied by a report from the Minister that sets out—

(a) the timelines that were agreed between the Minister and the council for the taking of each step in the process under this Subdivision, and any relevant timeline prescribed by the regulations; and

(b) the actual time taken for each such step; and

(c) a report on the reasons for any delays (prepared after taking into account any matter furnished as part of the council's report under section 25(13)); and

(d) if Process C was adopted under section 25—the reasons for doing so; and

(e) any other comment or material considered relevant by the Minister.

(3) The Environment, Resources and Development Committee must, after receipt of an amendment under subsection (1)—

(a) resolve that it does not object to the amendment; or

(b) resolve to suggest amendments to the relevant Development Plan (as amended); or
(c) resolve to object to the amendment.

(4) Subject to subsection (4b), if, at the expiration of 28 days from the day on which the amendment was referred to the Environment, Resources and Development Committee, the Committee has not made a resolution under subsection (3), it will be conclusively presumed that the Committee does not object to the amendment and does not itself propose to suggest any amendments to the Development Plan.

(4a) Subject to subsection (4b), if the period of 28 days referred to in subsection (4) would, but for this subsection, expire in a particular case between 15 December in 1 year and 15 January in the next year (both days inclusive), the period applying for the purposes of subsection (4) will be extended on the basis that any days falling on or between those 2 dates will not be taken into account for the purposes of calculating the period that applies under subsection (4).

(4b) If the period applying under subsection (4), including by virtue of subsection (4a), would, but for this subsection, expire in a particular case sometime between the day on which the House of Assembly is dissolved for the purposes of a general election and the day on which the Environment, Resources and Development Committee is reconstituted at the beginning of the first session of the new Parliament after that election (both days inclusive), the period will be extended by force of this subsection so as to expire 28 days from the day on which the Environment, Resources and Development Committee is so reconstituted.

(5) If an amendment is suggested under subsection (3)(b)—

(a) the Minister may, by notice in the Gazette, proceed to make such an amendment; or

(b) the Minister may report back to the Committee that the Minister is unwilling to make the amendment suggested by the Committee (and, in such a case, the Committee may resolve that it does not object to the amendment as originally made, or may resolve to object to that amendment).

(6) If the amendment was proposed by a council, the Minister must consult with the council before making an amendment under subsection (5)(a).

(7) If the Environment, Resources and Development Committee resolves to object to an amendment, copies of the amendment must be laid before both Houses of Parliament.

(8) If either House of Parliament passes a resolution disallowing an amendment laid before it under subsection (7) then the amendment ceases to have effect (and the Development Plan will, from that time, apply as if it had not been amended by that amendment).

(9) A resolution is not effective for the purposes of subsection (8) unless passed in pursuance of a notice of motion given within 14 sitting days (which need not fall within the same session of Parliament) after the day on which the amendment was laid before the House.

(10) Where a resolution is passed under subsection (8), notice of that resolution must forthwith be published in the Gazette.
28—Interim development control

(1) Where the Minister is of the opinion that it is necessary in the interests of the orderly and proper development of an area of the State that an amendment to a Development Plan should come into operation without delay, the Minister may, at the same time as, or at any time after, a DPA in relation to the amendment is released for public consultation under this Subdivision, and without the need for prior consultation with any council or other authority, by notice in the Gazette, declare that the amendment will come into operation on an interim basis on a day specified in the notice.

(2) Where a notice has been published under subsection (1), the amendment comes into operation on the day specified in the notice.

(3) The Minister must, as soon as practicable after the publication of a notice under subsection (1), prepare a report on the matter and cause copies of that report to be laid before both Houses of Parliament.

(4) An amendment that has come into operation under this section ceases to operate—

(a) if the Minister, by notice published in the Gazette, terminates the operation of the amendment; or

(b) if either House of Parliament passes a resolution disallowing the amendment after copies of the amendment have been laid before both Houses of Parliament under section 27(7); or

(c) if the amendment has not been approved by the Minister under this Subdivision within 12 months from the day on which it came into operation; or

(d) if the amendment is superseded by another amendment that comes into operation under this Subdivision.

(5) If an amendment ceases to operate by virtue of subsection (4)(b) or (c), notice of that cessation must forthwith be published in the Gazette.

(6) If an amendment ceases to operate by virtue of subsection (4)(a), (b), or (c), the Development Plan will, from the date of cessation, apply as if it had not been amended by that amendment.

29—Certain amendments may be made without formal procedures

(1) The Minister may, by notice in the Gazette, amend a Development Plan in accordance with any plan, policy, standard, report, document or code which—

(a) is prepared, adopted or applied under any other Act; and

(b) falls within a class prescribed by the regulations for the purposes of this provision.

(2) The Minister may, by notice in the Gazette, amend a Development Plan—

(a) in order to make a change of form (without altering the effect of an underlying policy reflected in the Development Plan); or

(b) in order to take action which, in the opinion of the Minister, is—

(i) addressing or removing irrelevant material or a duplication or inconsistency (without altering the effect of an underlying policy reflected in the Development Plan); or
(ii) correcting an error; or
(c) in order to provide consistency between the Development Plan and any provision made by the regulations (including to provide information in the Development Plan that relates to the content or effect of any regulation).

(3) The Minister may, by notice in the Gazette, amend a Development Plan—
(a) in order to include a State heritage place in the plan; or
(ab) in order to designate a place (or part of a place) that is (or has been) a State heritage place as a place of local heritage value (on the basis of a recommendation of the South Australian Heritage Council under the *Heritage Places Act 1993*); or
(ac) in order to designate a place (or part of a place) that is a place of local heritage value as a State heritage place (on the basis of action taken by the South Australian Heritage Council under the *Heritage Places Act 1993*); or
(b) in order to remove a place that is no longer a State heritage place from the plan; or
(c) in order to remove from the plan—
   (i) a State heritage place or a local heritage place (as listed on the plan); or
   (ii) any other place listed on the plan (if relevant to local heritage), where the building or other item that gave rise to the relevant listing has been demolished, destroyed or removed; or
(d) in order to give effect to the adoption of, or an amendment to, a precinct master plan under the *Urban Renewal Act 1995*, or in order to make such provision as the Minister thinks fit relating to planning or development within a precinct on the revocation of a precinct plan.

(3a) The Minister must, within 1 month of the adoption of, or an amendment to, a precinct implementation plan under the *Urban Renewal Act 1995*, give effect to the adoption or amendment (as the case requires) by amending the relevant Development Plan by notice in the Gazette.

(4) An amendment under this section takes effect as from a time stated in the notice of amendment.

(5) The Minister may, by notice in the Gazette, amalgamate 2 or more Development Plans, and then make such consequential amendments as the Minister thinks fit to those Development Plans, so long as the Minister does not, in acting under this subsection, alter the effect of an underlying policy reflected in the Development Plans.

### Subdivision 3—Strategic Directions Reports

#### 30—Strategic Directions Reports

(1) A council must, from time to time, in accordance with the requirements of this section, prepare a report under this section (a Strategic Directions Report) that—

   (a) addresses the strategic planning issues within the area of the council, with particular reference to—
(i) the Planning Strategy; and
(ii) any other policy or document prescribed by the regulations; and
(b) addresses appropriate amendments to any Development Plan that applies within the area of the council; and
(c) sets out the council's priorities for—
   (i) achieving orderly and efficient development through the implementation of planning policies; and
   (ii) the integration of transport and land-use planning within its area; and
   (iii) implementing any relevant targets set out in the Planning Strategy; and
   (iia) implementing affordable housing policies set out in the Planning Strategy within its area; and
   (iv) infrastructure planning (with respect to both physical and social infrastructure), taking into account any advice provided by a Minister, or any other relevant government agency, in accordance with a scheme set out in the regulations, and any of the council's proposals with respect to infrastructure; and
   (v) other projects or initiatives considered to be relevant by the council; and
   (d) contains such other material as may be—
      (i) prescribed by the regulations; or
      (ii) required by the Minister.

(2) A council must prepare and complete a report under this section—

(2a) within 12 months after an alteration is made to the Planning Strategy, or within such longer period as the Minister may allow, if—

   (i) the Minister declares, by notice in the Gazette, that the alteration is considered to be a significant alteration that should trigger a review of Development Plans, or specified Development Plans, under this section in relation to issues specified by the Minister; and
   (ii) the Development Plan that applies in relation to its area (or a part of its area) falls within the ambit of the declaration; and

   (b) in any event, within 5 years after the completion of the last report under this section.

(3) A council must, in connection with the preparation of a report under this section—

   (a) by public advertisement, invite interested persons to make written submissions to the council within 2 months of the date of the advertisement or such longer period as may be allowed by the advertisement; and
   (b) consult with any prescribed authority or body in the manner specified by the regulations.

(4) A council must, in connection with the operation of subsection (3), prepare and make available the documentation prescribed by the regulations.
(5) A council must give a person who makes a written response to an invitation under subsection (3)(a) an opportunity to appear personally or by representative before the council or a council committee and to be heard on those submissions.

(6) A council must, in preparing a report under this section—

(a) reach agreement with the Minister on a Statement of Intent with respect to any proposed amendments to a Development Plan that applies within the area of the council; and

(b) if relevant, prepare a DPA that is suitable for consideration under section 25(3).

(7) A council must furnish a report under this section to the Minister.

(8) The council must then, in accordance with any reasonable request of the Minister, enter into an agreement with the Minister on the steps that the council will take as a result of the matters contained in the report (and the report will not be taken to have been completed unless or until such an agreement is reached with the Minister).

(9) The Minister may, at the request of a council, exempt a council—

(a) from a requirement to prepare a particular report under this section; or

(b) from a particular requirement with respect to a report under this section, if the Minister is satisfied—

(c) that the council has addressed, or has determined to address, any relevant issues through its strategic management plans under the Local Government Act 1999 and that, in the circumstances, it is reasonable to rely on those plans, and the procedures associated with those plans, to achieve the objects of this section; or

(d) that the council has taken other steps to ensure that its strategies and planning instruments, and especially the Development Plan or Plans that apply within the area of the council, are up-to-date; or

(e) that there is some other good reason to grant the exemption.

(10) The Minister may grant an exemption under subsection (9) subject to such conditions as the Minister thinks fit.

(11) If an exemption is granted under subsection (9), the Minister must include a report with respect to the matter in the Minister's annual report on the administration of this Act (including a statement as to the grounds for the granting of the exemption).

(12) A council must make copies of a report prepared under this section available for inspection (without charge) by the public at the principal office of the council.

(13) If a report proposes amendments to a Development Plan that applies within the area of the council, the council must ensure that it releases a DPA for public consultation under section 25 within the period prescribed by the regulations.

(14) A Minister identified by the regulations for the purposes of this provision must, at the request of a council made in accordance with the regulations, furnish to the council within the prescribed period a statement of the nature and extent of any infrastructure that, according to the Minister's assessment, should be taken into account in connection with the preparation of a report under this section.
(15) Two or more councils may act under this section jointly (and, in such a case, this section will apply with any necessary modifications and 1 or more of the councils may act on behalf of, and with the agreement of, the other council or councils in undertaking any process or procedure under this section).

(16) A failure of a council to comply with this section cannot be taken to affect the validity of a Development Plan that applies in relation to the area (or a part of the area) of the council.

Subdivision 4—Supplementary provision

31—Copies of plans to be made available to the public

(1) The Minister must make appropriate provision for the publication and distribution of Development Plans under this Act.

(2) The Minister must ensure that copies of every Development Plan, and of every authorised amendment to a Development Plan, are reasonably available for inspection (without charge) and purchase by the public at places determined by the Minister.

(3) A council must make copies of a Development Plan published under subsection (1) that applies in relation to any part of its area available for inspection (without charge) and purchase by the public at an office of the council.

(4) The Minister must, within a reasonable time after an amendment is made to a Development Plan, ensure that a consolidation of the Development Plan, as amended, is prepared and that copies of the consolidation are made available for inspection (without charge) and purchase by the public at places determined by the Minister.

31A—Investigations

(1) If the Minister has reason to believe that a council has failed to efficiently or effectively discharge—

(a) its responsibilities under Subdivision 2 with respect to the amendment (or possible amendment) of a Development Plan in a significant respect or to a significant degree; or

(b) its responsibilities under Subdivision 3 with respect to the preparation, completion or implementation of a Strategic Directions Report in a significant respect or to a significant degree,

then the Minister may appoint an investigator or investigators to carry out an investigation and to report on the matter.

(2) The Minister must, before making an appointment under subsection (1), give the council an opportunity to explain its actions, and to make submissions (including, if relevant, an indication of undertakings that the council is willing to give in order to take remedial action), to the Minister within a period (being at least 28 days) specified by the Minister.

(3) If the Minister decides to proceed under subsection (1), the Minister must consult with the President of the LGA with respect to the person or persons to be appointed to carry out the investigation.
(4) An investigator may, for the purposes of an investigation—
   (a) require a member or employee of the council to answer, orally or in writing, questions put by the investigator to the best of his or her knowledge, information and belief;
   (b) require a person to whom questions are put under paragraph (a) to verify the answers to those questions by declaration;
   (c) require a person to produce for examination by the investigator books, papers or other records relevant to the subject matter of the investigation;
   (d) retain books, papers or other records produced under paragraph (c) for such reasonable period as the investigator thinks fit and make copies of any of them or of any of their contents.

(5) Subject to subsection (8), a person who refuses or fails to comply with a requirement under subsection (4) is guilty of an offence. Maximum penalty: $20 000.

(6) Subject to subsection (8), a person is not excused from answering a question or from producing books, papers or other records under this section on the ground that to do so might tend to incriminate the person or make the person liable to a penalty.

(7) However, if compliance by a natural person with a requirement to answer a question or to produce a book, paper or other record might tend to incriminate the person or make the person liable to a penalty—
   (a) in the case of a person who is required to produce a book, paper or record, the book, paper or record (as distinct from the contents of the book, paper or record); or
   (b) in any other case, the answer given in compliance with the requirement, is not admissible in evidence against the person in proceedings for an offence or for the imposition of a penalty (other than proceedings in respect of the making of a false or misleading statement).

(8) A person is not obliged to provide information under this section that is privileged on the ground of legal professional privilege.

(9) At the conclusion of an investigation, the investigator or investigators must present a written report to the Minister on the results of the investigation.

(10) The report may, if the investigator or investigators think fit, include recommendations to the Minister on what action (if any) should be taken in the circumstances.

(11) The Minister must supply the council with a copy of a report presented under subsection (9).

(12) The Minister may, on the basis of a report presented under subsection (9)—
   (a) make recommendations to the council; or
   (b) if the Minister considers that the council has failed to efficiently or effectively discharge—
      (i) its responsibilities under Subdivision 2 with respect to the amendment (or possible amendment) of a Development Plan in a significant respect or to a significant degree; or
(ii) its responsibilities under Subdivision 3 with respect to the preparation, completion or implementation of a Strategic Directions Report in a significant respect or to a significant degree,

give directions to the council to take specified action with a view to rectifying the matter or to preventing a recurrence of any failure.

(13) The Minister must, before taking action under subsection (12), give the council an opportunity to make submissions to the Minister on the report on which the action is based within a period (being at least 28 days) specified by the Minister.

(14) If—

(a) the Minister makes a recommendation to the council under subsection (12)(a); and

(b) the Minister subsequently considers that the council has not, within a reasonable period, taken appropriate action in view of the recommendation,

the Minister may, after consultation with the council, give directions to it.

(15) The council must comply with a direction under subsection (12) or (14).

(16) No action in defamation lies in respect of the contents of a report under this section.

(17) Nothing in this section limits or affects—

(a) the ability of the Minister to take action under another section of this Act; or

(b) the operation of Chapter 13 Part 3 of the Local Government Act 1999.
Part 4—Development assessment

Division 1—General scheme

Subdivision 1—Approvals

32—Development must be approved under this Act

Subject to this Act, no development may be undertaken unless the development is an approved development.

33—Matters against which development must be assessed

(1) A development is an approved development if, and only if, a relevant authority has assessed the development against, and granted a consent in respect of, each of the following matters (insofar as they are relevant to the particular development):

(a) the provisions of the appropriate Development Plan (development plan consent);

(b) the provisions of the Building Rules (building rules consent);

(c) in relation to a proposed division of land (otherwise than under the Community Titles Act 1996 or the Strata Titles Act 1988)—the requirement that the following conditions be satisfied (or will be satisfied by the imposition of conditions under this Act):

(i) the allotments resulting from the division may be lawfully used for the purposes proposed by the applicant;

(ii) open space will be provided, or a payment will be made in accordance with the requirements imposed under this Act;

(iii) adequate provision is made for the creation of appropriate easements and reserves for the purposes of drainage, electricity supply, water supply and sewerage services;

(iv) the requirements of a water industry entity under the Water Industry Act 2012 identified under the regulations relating to the provision of water supply and sewerage services are satisfied;

(iva) where land is to be vested in a council or other authority—the council or authority consents to the vesting;

(v) requirements set out in regulations made for the purposes of this provision are satisfied;

(d) in relation to a division of land under the Community Titles Act 1996 or the Strata Titles Act 1988—the requirement that the following conditions be satisfied (or will be satisfied by the imposition of conditions under this Act):

(i) each lot or unit that would be created or affected by the development is appropriate for separate occupation;

(ii) any encroachment of a lot or unit over other land has been dealt with in a satisfactory manner;
(iii) where land is to be vested in a council or other authority—the council or authority consents to the vesting;

(iv) a building or item intended to establish a boundary (or part of a boundary) of a lot or lots or a unit or units is appropriate for that purpose;

(v) the division of the land in the proposed manner is, having regard to the relevant Development Plan, appropriate;

(va) the division of land under the Community Titles Act 1996 or the Strata Titles Act 1988 is appropriate having regard to the nature and extent of the common property that would be established by the relevant scheme;

(vi) open space will be provided, or a payment will be made in accordance with the requirements imposed under this Act;

(vii) the requirements of a water industry entity under the Water Industry Act 2012 identified under the regulations relating to the provision of water supply and sewerage services are satisfied;

(viia) any building situated on the land complies with the Building Rules;

(viii) requirements set out in the regulations made for the purposes of this provision are satisfied;

(e) the requirement that any encroachment of a building over, under, across or on a public place (and not otherwise dealt with above) has been dealt with in a satisfactory manner;

(f) such other matters as may be prescribed.

(2) An application may be made for all or any of the consents required for the approval of a proposed development, or for any one or more of those consents.

(3) A relevant authority may, in granting a development plan consent, reserve its decision on a specified matter until further assessment of the relevant development under this Act.

(4) A development will be taken to be an approved development when all relevant consents have been granted and a relevant authority has, in accordance with this Act, indicated that the development is approved.

(4a) The regulations may exclude prescribed classes of development from the operation of paragraph (a) of subsection (1) (so that an assessment against the Development Plan and a development plan consent that would otherwise be required under that paragraph need not be undertaken, sought or obtained).

(4b) If—

(a) a development only requires an assessment under paragraph (b) of subsection (1); and

(b) a council—

(i) is the relevant authority; and

(ii) is to make the assessment under that paragraph; and

(c) the council determines to grant consent under that paragraph,
the council, as the relevant authority, must issue the relevant development approval with the consent.

(5) The provisions of the Building Rules that are relevant to the operation of subparagraph (viia) of paragraph (d) of subsection (1) are the provisions of the Building Rules as in force at the time the application is made for consent in respect of the matters referred to in that paragraph.

34—Determination of relevant authority

(1) Subject to this Act, the relevant authority, in relation to a proposed development, is ascertained as follows:

(a) where the proposed development is to be undertaken within the area of a council, then, subject to paragraphs (ab) and (b), the council is the relevant authority (and, subject to paragraph (b)(ii), the council may act as the relevant authority even if it is to undertake some or all of the relevant development itself);

(ab) where—

(i) the proposed development is to be undertaken within an area in relation to which a regional development assessment panel has been constituted (see subsection (3)); and

(ii) the proposed development is development of a prescribed kind,

then, subject to paragraph (b), the regional development assessment panel is the relevant authority;

(b) where—

(i) the Development Assessment Commission is constituted by the regulations as the relevant authority in relation to a class of development in which the proposed development is comprised; or

(ii) the proposed development is development of a prescribed kind to be undertaken by a council; or

(iii) the Minister, acting at the request of a council or regional development assessment panel, declares, by notice in writing served personally or by post on the proponent, that the Minister desires the Development Assessment Commission to act as the relevant authority in relation to the proposed development in substitution for the council or regional development assessment panel (as the case may be); or

(iv) the proposed development is to be undertaken in a part of the State that is not (wholly or in part) within the area of a council; or

(v) the Development Assessment Commission and a council would, apart from this provision, both be constituted as relevant authorities in relation to a particular development; or

(va) the Development Assessment Commission and a regional development assessment panel would, apart from this provision, both be constituted as relevant authorities in relation to a particular development; or
(vi) the Minister declares, by notice in writing served personally or by post on the proponent, and sent to the relevant council or regional development assessment panel within five business days after the declaration is made, that the Minister desires the Development Assessment Commission to act as (or to become) the relevant authority for the proposed development in substitution for the council or the regional development assessment panel because—

(A) in the Minister's opinion the council, or a council for an area in relation to which the regional development assessment panel has been constituted (as the case may be), has demonstrated a potential conflict of interest in the assessment of the development because of a publicly stated position on the particular development; or

(B) in the Minister's opinion the proposed development would have significant impact beyond the boundaries of the council area in which the relevant land is situated; or

(C) the council or regional development assessment panel has failed to deal with an application for development authorisation for the development within the time prescribed under section 41; or

(vii) the Minister, acting at the request of the Minister for the River Murray, declares, by notice in writing served personally or by post on the proponent, that the Development Assessment Commission should act as the relevant authority in relation to the proposed development in substitution for the council or the regional development assessment panel (as the case may be) because, in the opinion of the Minister making the request, the proposed development may have a significant impact on an aspect of the River Murray within the meaning of the River Murray Act 2003; or

(viii) the Minister, acting at the request of the Minister for the Adelaide Dolphin Sanctuary, declares, by notice in writing served personally or by post on the proponent, that the Development Assessment Commission should act as the relevant authority in relation to the proposed development in substitution for the council or the regional development assessment panel (as the case may be) because, in the opinion of the Minister making the request, the proposed development may have a significant impact on an aspect of the Adelaide Dolphin Sanctuary; or

(ix) the Minister, acting at the request of the Minister for Marine Parks, declares, by notice in writing served personally or by post on the proponent, that the Development Assessment Commission should act as the relevant authority in relation to the proposed development in substitution for the council or the regional development assessment panel (as the case may be) because, in the opinion of the Minister making the request, the proposed development may have a significant impact on an aspect of a marine park; or
(x) the Minister declares, by notice in writing served personally or by post on the proponent, that the Development Assessment Commission should act as the relevant authority in relation to the proposed development in substitution for the council or the regional development assessment panel (as the case may be) because, in the opinion of the Minister, the proposed development may have a significant impact on an aspect of the district within the meaning of a character preservation law; or

(xi) the Minister declares, by notice in writing served personally or by post on the proponent, that the Development Assessment Commission should act as the relevant authority in relation to the proposed development in substitution for the council or the regional development assessment panel (as the case may be) because, in the opinion of the Minister to whom the administration of the *Urban Renewal Act 1995* is committed, the proposed development may have a significant impact on an aspect of a precinct within the meaning of the *Urban Renewal Act 1995*,

then the Development Assessment Commission is, subject to subsection (2), the relevant authority.

(1a) Where the Minister has made a declaration under subsection (1)(b)(vi), the relevant council or regional development assessment panel may provide the Development Assessment Commission with a report, relating to the application for development authorisation, within the time prescribed by the regulations.

(1b) To avoid doubt, a council may act as the relevant authority in relation to a proposed development even though it has been involved in preliminary planning or other work associated with the proposal for the particular development, or has entered into an associated agreement or agreements in connection with that preliminary planning or other work (unless the Development Assessment Commission or a regional development assessment panel is constituted as the relevant authority by virtue of the operation of subsection (1)(ab) or (b) (including in a case where the Minister decides to take action under subsection (1)(b)(vi) in the particular circumstances)).

(2) Where—

(a) a proposed development involves the performance of building work; and

(b) the Development Assessment Commission or a regional development assessment panel is constituted as a relevant authority under subsection (1),

the Development Assessment Commission or regional development assessment panel (as the case may be) may—

(c) refer the assessment of the development in respect of the Building Rules to the council for the area in which the proposed development is to be undertaken; or

(d) require that the assessment of the development in respect of the Building Rules be undertaken by a private certifier, or by some other person of a class determined by the Development Assessment Commission or regional development assessment panel for the purposes of this provision,
and in that case (unless the proposed development is not to be undertaken in the area of a council) the council for the area in which the development is to be undertaken will, subject to the regulations and any condition or limitation imposed by the Development Assessment Commission or regional development assessment panel, be taken to be a relevant authority for the purposes of this Act and, subject to any provision made by the regulations, to be the relevant authority to determine whether the development should be approved.

(3) The Governor may, for the purposes of this section, by regulation, constitute a regional development assessment panel in relation to an area or areas of the State comprising parts or all of the areas of 2 or more councils and, if the regulation so provides, a part or parts of the State that are not within the area of a council.

(4) The Governor may, in the regulation constituting a regional development assessment panel, or by subsequent regulation, make provision with the respect to—

(a) the membership of a regional development assessment panel, including—

(i) the number of members; and

(ii) the criteria for membership; and

(iii) the procedures to be followed with respect to the appointment of members (on the basis that appointments will, according to the terms of the regulation, be made by the relevant councils or, if appropriate, the Minister); and

(iv) the terms of office of members; and

(v) conditions of appointment of members, or the method by which those conditions will be determined, and the grounds on which, and the procedures by which, a member may be removed from office; and

(vi) the appointment of deputy members;

(b) the procedures of a regional development assessment panel;

(c) staffing and other support issues associated with the creation or operations of a regional development assessment panel;

(d) any special accounting or financial issues that may arise in relation to a regional development assessment panel;

(e) reporting by a regional development assessment panel on its operations and decisions;

(f) the proportions in which the councils for the areas in relation to which a regional development assessment panel is constituted will be responsible for costs and other liabilities associated with the regional development assessment panel;

(g) other matters considered by the Governor to be necessary or expedient for the purposes of a regional development assessment panel.

(5) A member of a regional development assessment panel need not be a member of a council for an area in relation to which the regional development assessment panel is constituted.
(6) Notice of the appointment of a member of a regional development assessment panel must be given in accordance with the regulations.

(6a) A member of a regional development assessment panel who is not a member of a council must disclose his or her financial interests in accordance with Schedule 2.

(7) A member of a regional development assessment panel who has a direct or indirect personal or pecuniary interest in a matter before the regional development assessment panel (other than an indirect interest that exists in common with a substantial class of persons)—

(a) must, as soon as he or she becomes aware of his or her interest, disclose the nature and extent of the interest to the panel; and

(b) must not take part in any hearings conducted by the panel, or in any deliberations or decision of the panel, on the matter and must be absent from the meeting when any deliberations are taking place or decision is being made.

Penalty: Division 4 fine.

(8) Without limiting the effect of subsection (7), a member of a regional development assessment panel will be taken to have an interest in a matter for the purposes of that subsection if an associate of the member has an interest in the matter.

(8a) Without limiting any provision made under subsection (4), the councils for the areas in relation to which a regional development assessment panel is constituted may remove a member from the panel for a failure to comply with the requirements of subsection (6a) or (7) or a breach of, or failure to comply with, a code of conduct under section 21A.

(9) A member of a regional development assessment panel incurs no liability for an honest act done in the performance or purported performance of functions or duties under this Act.

(10) Any liability that would, but for subsection (9), attach to a member of a regional development assessment panel attaches instead to the councils for the areas in relation to which the regional development assessment panel is constituted.

(11) Subject to subsection (12), a meeting of a regional development assessment panel must be conducted in a place open to the public.

(12) A regional development assessment panel may exclude the public from attendance—

(a) during so much of a meeting as is necessary to receive, discuss or consider in confidence any of the following information or matters:

(i) information the disclosure of which would involve the unreasonable disclosure of information concerning the personal affairs of any person (living or dead);

(ii) information the disclosure of which—

(A) could reasonably be expected to confer a commercial advantage on a person, or to prejudice the commercial position of a person; and

(B) would, on balance, be contrary to the public interest;

(iii) information the disclosure of which would reveal a trade secret;
(iv) commercial information of a confidential nature (not being a trade secret) the disclosure of which—
   (A) could reasonably be expected to prejudice the commercial position of the person who supplied the information, or to confer a commercial advantage on a third party; and
   (B) would, on balance, be contrary to the public interest;
(v) matters affecting the safety or security of any person or property;
(vi) information the disclosure of which could reasonably be expected to prejudice the maintenance of law, including by affecting (or potentially affecting) the prevention, detection or investigation of a criminal offence, or the right to a fair trial;
(vii) matters that must be considered in confidence in order to ensure that the panel does not breach any law, order or direction of a court or tribunal constituted by law, any duty of confidence, or other legal obligation or duty;
(viii) legal advice;
(ix) information relating to actual litigation, or litigation that the panel believes on reasonable grounds will take place;
(x) information the disclosure of which—
   (A) would divulge information provided on a confidential basis by or to a Minister of the Crown, or another public authority or official (not being an employee of a council, or a person engaged by a council); and
   (B) would, on balance, be contrary to the public interest; or
(b) during so much of a meeting that consists of its discussion or determination of any application or other matter that falls to be decided by the panel.

(13) A regional development assessment panel must ensure that accurate minutes are kept of its proceedings.

(14) A disclosure under subsection (7)(a) must be recorded in the minutes of the regional development assessment panel.

(15) Members of the public are entitled to reasonable access—
   (a) to agendas for meetings of a regional development assessment panel; and
   (b) to the minutes of meetings of a regional development assessment panel.

(16) However, a regional development assessment panel may, before it releases a copy of any minutes under subsection (15), exclude from the minutes information about any matter dealt with on a confidential basis by the panel.

(17) Minutes must be available under subsection (15)(b) within five days after their adoption by the members of the panel.

(18) An act of a regional development assessment panel is not invalid by reason only of a vacancy in its membership or a defect in the appointment of a member.
(18a) In addition to its functions as a relevant authority under this Act, a regional development assessment panel may, as it thinks fit, provide advice and reports to any council for the areas in relation to which the panel is constituted on trends, issues and other matters relating to planning or development that have become apparent or arisen through its assessment of applications under this Act.

(18b) Each regional development assessment panel must have a public officer (who must not be a member of the panel) appointed by the panel.

(18c) A regional development assessment panel must, on appointing a public officer, ensure that notice of the appointment (including the public officer's name and contact details) is published in the Gazette.

(18d) The functions of a public officer include ensuring the proper investigation of complaints about the conduct of a member of the relevant regional development assessment panel (but nothing in this section prevents a person making a complaint to the Ombudsman at any time under the Ombudsman Act 1972 or the public officer referring a complaint to another person or authority for investigation or determination).

(19) The Governor may, by regulation—

(a) vary a regulation previously made under subsection (3) or (4);

(b) dissolve a regional development assessment panel (and make any provision necessary or expedient on account of the dissolution (including for the transfer to another authority of matters under the consideration of the panel immediately before its dissolution)).

(20) The Minister must ensure that the councils for the areas in relation to which a regional development assessment panel is, or is to be, constituted concur before a regulation is made under subsection (1)(ab)(ii), (3), (4) or (19).

(21) A council may, by giving the Minister at least two months notice in writing, withdraw from a regional development assessment panel.

(22) If a council withdraws from a regional development assessment panel under subsection (21)—

(a) the council remains liable for its share of the costs and liabilities of the regional development assessment panel incurred or accrued before the date of withdrawal; and

(b) the Governor may, after the Minister has consulted with the remaining councils, by regulation, vary or revoke to a regulation previously made under subsection (3) or (4) on account of the withdrawal (and in this case subsection (20) does not apply).

(23) A council must delegate its powers and functions as a relevant authority with respect to determining whether or not to grant development plan consent under this Act to—

(a) its council development assessment panel; or

(b) a person for the time being occupying a particular office or position (but not including a person who is a member of the council); or
(c) a regional development assessment panel (if such a delegation is consistent with the extent to which the panel may act under the provisions of the regulations constituting the panel and in addition to the operation of subsection (1)(ab)).

(24) A council may, in connection with the operation of subsection (23)—
   (a) make a series of delegations according to classes of development; and
   (b) vary any delegation from time to time,

but a council cannot at any time—
   (c) act in its own right in a matter that is subject to delegation under that subsection; or
   (d) give a direction with respect to the exercise or performance of a power or function under the delegation.

(25) A delegation under subsection (23), or the variation of a delegation under subsection (24), will not—
   (a) affect any application lodged under this Act before the making of the delegation; or
   (b) affect any right or power created, established or exercisable before the making of the delegation; or
   (c) affect any action, legal proceedings or remedy that may be taken, pursued or enforced on account of any application lodged under this Act before the making of the delegation.

(26) A power or function delegated under subsection (23) may be further delegated (and any such further delegation may be made subject to specified conditions and limitations, is revocable at will and will not derogate from the power of the panel or person making the delegation to act in any matter).

(27) A council must—
   (a) establish a policy relating to the basis upon which it will make the various delegations required by subsection (23); and
   (b) ensure that a copy of that policy is available—
      (i) for inspection at the principal office of the council during ordinary office hours; and
      (ii) for inspection on the Internet.

35—Special provisions relating to assessment against Development Plan

(1) If a proposed development is of a kind described as a *complying* development under the regulations or the relevant Development Plan, the development must be granted a development plan consent (subject to such conditions or exceptions as may be prescribed by the regulations or the relevant Development Plan and subject to any other provision made by this Act or applying under the regulations).
(1a) However, a proposed development of a class prescribed for the purposes of section 37, or required to be referred to the Commissioner of Police under section 37A, will be taken not to be complying development (and will not be subject to the operation of subsection (1)).

(1b) A development that is assessed by a relevant authority as being a minor variation from complying development may be determined by the relevant authority to be complying development (and that determination will then have effect for the purposes of this Act).

(1c) If a proposed development meets all but 1 criteria necessary for the development to be complying development, the aspect or aspects of the development that are consistent with the development being complying development must be regarded accordingly and the balance of the development will be assessed as merit development.

(1d) To avoid doubt, subsection (1c) does not prevent a relevant authority deciding not to grant development plan consent on account of its assessment of the balance of the development under that subsection.

(1e) Subsection (1c) does not apply if, despite various aspects of the development meeting any criteria for the development to be complying development, the development, from an overall perspective, falls within the category of non-complying development.

(2) Subject to subsection (1), a development that is assessed by a relevant authority as being seriously at variance with the relevant Development Plan must not be granted consent.

(3) A development that is of a kind described as a non-complying development under the relevant Development Plan must not be granted a development plan consent unless—

(a) where the relevant authority is the Development Assessment Commission—the Minister and, if the development is to be undertaken in the area of a council, that council, concur in the granting of the consent;

(b) in any other case—

(i) unless subparagraph (i) applies—the Development Assessment Commission;

(ii) in prescribed circumstances—a regional development assessment panel,

concurs in the granting of the consent.

(3a) However, the concurrence of a council is not required under subsection (3)(a) if the Development Assessment Commission is the relevant authority by virtue of the operation of section 34(1)(b)(ii), (iii) or (vi)(A).

(4) If a development is of a kind described as a non-complying development under the relevant Development Plan, no appeal lies against—

(a) a refusal of consent or concurrence under this Act at any stage in the process (including in the circumstances envisaged by section 39(4) and including without hearing (or further hearing) from the applicant); or

(b) a condition attached to a consent or approval that is expressed to apply by virtue of that non-compliance under the Development Plan,
except in relation to a proposed development that has, or will, become necessary by reason of—

(c) a change, or a proposed change, in the law regulating an existing use of land; or

(d) an order under Division 5 or 6 of Part 6.

(4a) To avoid doubt, nothing in a preceding subsection prevents a relevant authority refusing at any time to grant a development authorisation with respect to a non-complying development.

(5) A proposed development that does not fall into a category of development mentioned in a preceding subsection will be merit development (and any such development must be assessed on its merit taking into account the provisions of the relevant Development Plan).

(6) Subject to this Act, a relevant authority must accept that a proposed development complies with the provisions of the appropriate development plan to the extent that such compliance is certified by a private certifier.

Note—

1 See section 89 with respect to certificates given by private certifiers.

36—Special provisions relating to assessment against the Building Rules

(1) If the regulations provide that a form of building work complies with the Building Rules, any such building work must be granted a building rules consent (subject to such conditions or exceptions as may be prescribed by the regulations or the Development Plan).

(2) Subject to subsection (3), a development that is at variance with the Building Rules must not be granted a building rules consent unless—

(a) the variance is with the performance requirements of the Building Code and the Building Rules Assessment Commission concurs in the granting of the consent; or

(b) the variance is with a part of the Building Rules other than the Building Code and the relevant authority determines that it is appropriate to grant the consent despite the variance on the basis that it is satisfied—

(i) that—

(A) the provisions of the Building Rules are inappropriate to the particular building or building work, or the proposed building work fails to conform with the Building Rules only in minor respects; and

(B) the variance is justifiable having regard to the objects of the Development Plan or the performance requirements of the Building Code and would achieve the objects of this Act as effectively, or more effectively, than if the variance were not to be allowed; or

(ii) in a case where the consent is being sought after the development has occurred—that the variance is justifiable in the circumstances of the particular case.
(2a) No appeal lies against—
   (a) a refusal of concurrence by the Building Rules Assessment Commission under subsection (2)(a); or
   (b) a refusal of building rules consent by a relevant authority if the Building Rules Assessment Commission has refused its concurrence under subsection (2)(a); or
   (c) a condition attached to a consent or approval that is expressed to apply by virtue of a variance with the performance requirements of the Building Code.

(2b) A relevant authority may, at the request or with the agreement of the applicant, refer proposed building work to the Building Rules Assessment Commission for an opinion on whether or not it complies with the performance requirements of the Building Code.

(2c) In addition, regulations made for purposes of this subsection may provide that building work of a prescribed class must not be granted a building rules consent unless the Building Rules Assessment Commission concurs in the granting of the consent.

(3) Where an inconsistency exists between the Building Rules and a Development Plan in relation to a State heritage place or a local heritage place—
   (a) the Development Plan prevails and the Building Rules do not apply to the extent of the inconsistency; but
   (b) the relevant authority must, in determining an application for building rules consent, ensure, so far as is reasonably practicable, that standards of building soundness, occupant safety and amenity are achieved in respect of the development that are as good as can reasonably be achieved in the circumstances.

(3a) A relevant authority must seek and consider the advice of the Building Rules Assessment Commission before imposing or agreeing to a requirement under subsection (3) that would be at variance with the performance requirements of the Building Code.

(4) Subject to this Act, a relevant authority must accept that proposed building work complies with the Building Rules to the extent that—
   (a) such compliance is certified by the provision of technical details, particulars, plans, drawings or specifications prepared and certified in accordance with the regulations; or
   (b) such compliance is certified by a private certifier.

(5) No act or omission by a relevant authority in good faith in connection with the operation of subsections (3) or (4)(a) (other than where a certificate under subsection (4)(a) is given by a private certifier) subjects the relevant authority to any liability.

(6) The relevant authority may refuse to grant a consent in relation to any development if, as a result of that development, the type or standard of construction of a building of a particular classification would cease to conform with the requirements of the Building Rules for a building of that classification.
(7) If a relevant authority decides to grant building rules consent in relation to a development that is at variance with the Building Rules, the relevant authority must, subject to the regulations, in giving notice of its decision on the application for that consent, specify (in the notice or in an accompanying document)—

(a) the variance; and

(b) the grounds on which the decision is being made.

Note—

1 See section 89 with respect to certificates given by private certifiers.

37—Consultation with other authorities or agencies

(1) The regulations may provide that where an application for consent to, or approval of, a proposed development of a prescribed class is to be assessed by a relevant authority—

(a) the relevant authority must refer the application, together with a copy of any relevant information provided by the applicant, to a body prescribed by the regulations (including, where the relevant authority is a council, the Development Assessment Commission); and

(b) the relevant authority must not make its decision until it has received a response from that prescribed body in relation to the matter or matters for which the referral was made (but if a response is not received from the body within a period prescribed by the regulations, it will be presumed, unless the body notifies the relevant authority within that period that the body requires an extension of time because of subsection (3) (being an extension equal to that period of time that the applicant takes to comply with a request under subsection (2)), that the body does not desire to make a response, or concurs (as the case requires)).

(2) A prescribed body may, before it gives a response under this section, request the applicant—

(a) to provide such additional documents or information (including calculations and technical details) as the prescribed body may reasonably require to assess the application; and

(b) to comply with any other requirements or procedures of a prescribed kind.

(3) Where a request is made under subsection (2)—

(a) the prescribed body may specify a time within which the request must be complied with; and

(b) the prescribed body may, if it thinks fit, grant an extension of the time specified under paragraph (a).

(4) The regulations may, in relation to the operation of subsection (1)—

(a) provide that the relevant authority cannot consent to or approve the development—

(i) without having regard to the response of the prescribed body; or

(ii) without the concurrence of the prescribed body (which concurrence may be given by the prescribed body on such conditions as it thinks fit);
(b) empower the prescribed body to direct the relevant authority—
   (i) to refuse the application; or
   (ii) if the relevant authority decides to consent to or approve the development—subject to any specific limitation under another Act as to the conditions that may be imposed by the prescribed body, to impose such conditions as the prescribed body thinks fit,

(and the relevant authority must comply with any such direction).

(5) Where a relevant authority acting by direction of a prescribed body refuses an application or imposes conditions in respect of a development authorisation—
   (a) the relevant authority must notify the applicant that the application was refused, or the conditions imposed, by direction under this section; and
   (b) if the regulations so provide, no appeal lies against that refusal or those conditions.

(6) If a relevant authority is directed by a prescribed body to refuse an application and the refusal is the subject of an appeal under this Act, the prescribed body is a respondent to the appeal and the relevant authority may, on application, be joined as a party to the proceedings.

(7) If a relevant authority is directed by a prescribed body to impose a condition in respect of a development authorisation and the condition is the subject of an appeal under this Act, both the prescribed body and the relevant authority are respondents to the appeal.

37AA—Preliminary advice and agreement

(1) A person may seek the opinion of a prescribed body under section 37 in relation to proposed development before lodging an application for development plan consent with respect to the development.

(2) If—
   (a) a proposed development is referred to a prescribed body under subsection (1); and
   (b) the prescribed body agrees to consider the matter under this section after taking into account any matter prescribed by the regulations; and
   (c) the prescribed body agrees, in the manner prescribed by the regulations, that the development meets the requirements (if any) of the prescribed body (including on the basis of the imposition of conditions),

then, subject to subsection (4)—
   (d) if an application for development plan consent with respect to the development is lodged with the relevant authority within 3 months after the prescribed body has indicated its agreement under paragraph (c); and
   (e) if the relevant authority is satisfied that the application accords with the agreement indicated by the prescribed body (taking into account the terms or elements of that agreement and any relevant plans and other documentation),

the application will not be referred to the prescribed body under section 37.
A prescribed body under section 37 may, in connection with the operation of subsections (1) and (2)—

(a) require the payment of a fee prescribed by the regulations (if the prescribed body agrees to consider the matter under subsection (2)(b)); and

(b) in relation to the proposed development—exercise any power (including the power to impose conditions) that it would be able to exercise if the development were to be referred to it under section 37.

Any agreement under this section will cease to have effect (and an application will need to be referred to a prescribed body under section 37 despite the operation of subsection (2)) if the relevant authority determines that the agreement is no longer appropriate due to the operation of section 53.

If—

(a) a prescribed body had indicated its agreement under this section; and

(b) an application is not referred to the prescribed body under section 37 by virtue of the operation of subsection (2) of this section,

the process established by this section will be taken to be a referral under section 37 for the purposes of any other Act.

37A—Proposed development involving creation of fortifications

If a relevant authority has reason to believe that a proposed development may involve the creation of fortifications, the authority must refer the application for consent to, or approval of, the proposed development to the Commissioner of Police (the Commissioner).

Subject to subsection (3), the Commissioner must, as soon as possible after receipt of a referral under subsection (1)—

(a) assess the application to determine whether or not the proposed development involves the creation of fortifications; and

(b) advise the relevant authority in writing of the Commissioner's determination.

The Commissioner may, before making a determination under this section, request the applicant to provide such additional documents or information (including calculations and technical details) as the Commissioner may reasonably require to assess the application.

If a request is made under subsection (3)—

(a) the Commissioner may specify a time within which the request must be complied with; and

(b) the Commissioner may, if he or she thinks fit, grant an extension of the time specified under paragraph (a).

If the Commissioner determines that the proposed development involves the creation of fortifications, the relevant authority must—

(a) refuse the application; or
(b) in any other case—impose conditions in respect of any consent to or approval of the proposed development prohibiting the creation of the fortifications.

(6) If a relevant authority acting on the basis of a determination of the Commissioner under subsection (2) refuses an application or imposes conditions in respect of a development authorisation, the relevant authority must notify the applicant that the application was refused, or the conditions imposed, on the basis of a determination of the Commissioner under this section.

(7) If a refusal or condition referred to in subsection (5) is the subject of an appeal under this Act—

(a) the Commissioner will be the respondent to the appeal; and

(b) the relevant authority may, if the Court permits, be joined as a party to the appeal.

Subdivision 2—Consultation

38—Public notice and consultation

(1) Subject to this section, there will be 4 categories of development for the purposes of this section—

(a) Category 1 development; and

(ab) Category 2A development; and

(b) Category 2 development; and

(c) Category 3 development.

(2) Subject to subsection (2a), the following provisions apply in relation to the assignment of developments to these categories:

(a) the regulations or a Development Plan may assign a form of development to Category 1 or to Category 2 and if a particular form of development is assigned to a category by both the regulations and a Development Plan—

(i) if the regulations provide that an assignment by a Development Plan may prevail—the assignment provided by the Development Plan will, to the extent of any inconsistency, prevail (subject to the operation of paragraph (b)); but

(ii) in any other case—the assignment provided by the regulations will, to the extent of any inconsistency, prevail;

(b) the regulations may assign a form of development to Category 2A and this will prevail to the extent of any assignment provided by a Development Plan under paragraph (a);

(c) any development that is not assigned to a category under paragraph (a) or (b) will be taken to be a Category 3 development for the purposes of this section.

(2a) The assignment of a form of development to Category 1 under subsection (2)(a) cannot extend to a particular development if that development involves, or is for the purposes of, a prescribed activity of environmental significance as defined by the Environment Protection Act 1993.
(2c) For the purposes of subsection (2)(b), building work will be taken to be along a boundary if there is no set-back or separation from that boundary.

(3) Where a person applies for a consent in respect of the Development Plan for a Category 1 development—

(a) the relevant authority must not, on its own initiative, seek the views of the owners or occupiers of adjacent or other land in relation to the granting or refusal of development plan consent; and

(b) the following provisions of this section do not apply.

(3a) Where a person applies for a consent in respect of the Development Plan for a Category 2A development—

(a) the relevant authority must—

(i) subject to any exclusion or qualification prescribed by the regulations—give an owner or occupier of each piece of adjoining land; and

(ii) give any other person of a prescribed class, notice of the application; and

(b) the relevant authority must—

(i) give consideration to any representations in writing made in accordance with the regulations by a person who is entitled to be given a notice under paragraph (a); and

(ii) forward to the applicant a copy of any representations that the relevant authority must consider under subparagraph (i) and allow the applicant an opportunity to respond, in writing, to those representations within the period prescribed by the regulations; and

(c) if a representation is received under paragraph (b) within the prescribed number of days, the relevant authority may, in its absolute discretion, allow the person who made the representation to appear personally or by representative before it to be heard in support of the representation.

(4) Where a person applies for a consent in respect of the Development Plan for a Category 2 development, notice of the application must be given, in accordance with the regulations, to—

(a) an owner or occupier of each piece of adjacent land; and

(b) any other person of a prescribed class.

(5) Where a person applies for a development assessment of a Category 3 development, notice of the application must be given, in accordance with the regulations, to—

(a) the persons referred to in subsection (4); and

(b) any other owner or occupier of land which, according to the determination of the relevant authority, would be directly affected to a significant degree by the development if it were to proceed; and

(c) the public generally.
(6) Except as otherwise provided by the regulations, the subject matter of—

(a) any notice required under this section; or
(b) any representations under this section; or
(c) any appeal against a decision on a Category 3 development by a person entitled to be given notice of the decision under subsection (12),

must be limited to the following:

(d) what should be the decision of the relevant authority as to development plan consent;
(e) in a case where a prescribed body is empowered to direct that the application be refused, or that conditions be imposed in relation to the development—what should be the decision of the prescribed body in response to the application.

(7) Subject to subsection (17), where notice of an application for consent in respect of a Category 2 or Category 3 development has been given under this section, any person who desires to do so may, in accordance with the regulations, make representations in writing to the relevant authority in relation to the granting or refusal of consent.

(8) The relevant authority to which the application is made must forward to the applicant a copy of the representations made and allow the applicant an opportunity to respond, in writing, to those representations.

(9) The response referred to in subsection (8) must be made within the prescribed number of days after the relevant material is forwarded to the applicant.

(10) In addition to the requirements of subsections (7), (8) and (9)—

(a) in the case of a Category 2 development—the relevant authority may, in its absolute discretion, allow a person who made a representation to appear personally or by representative before it to be heard in support of the representation; and

(b) in the case of a Category 3 development—the relevant authority must allow a person who made a representation and who, as part of that representation, indicated an interest in appearing before the authority, a reasonable opportunity to appear personally or by representative before it to be heard in support of the representation.

(11) If a person appears before the relevant authority under subsection (10), the relevant authority must also allow the applicant a reasonable opportunity, on request, to appear personally or by representative before it in order to respond to any relevant matter.

(12) Where representations have been made under this section, the relevant authority must—

(a) give to each person who made a representation notice of its decision on the application and of the date of the decision and, in the case of a Category 3 development, of the person's appeal rights under this Act; and

(b) in the case of a Category 3 development—give notice to the Court—

(i) of its decision on the application and of the date of the decision; and
(ii) of the names and addresses of persons who made representations to the relevant authority under this section.

(13) A notice under subsection (12) must be given within five business days from the date of the decision on the application.

(14) An appeal against a decision on a Category 3 development by a person who is entitled to be given notice of the decision under subsection (12) must be commenced within 15 business days after the date of the decision.

(15) If an appeal is lodged against a decision on a Category 3 development by a person who is entitled to be given notice of the decision under subsection (12)—

(a) the applicant for the relevant development authorisation must be notified by the Court of the appeal and will be a party to the appeal; and

(b) in a case where the decision of a prescribed body in response to the application for the development authorisation could be a subject matter of such an appeal—the prescribed body will be a party to the appeal.

(16) A decision of a relevant authority in respect of a Category 3 development in respect of which representations have been made under this section does not operate—

(a) until the time within which any person who made any such representation may appeal against a decision to grant the development authorisation has expired; or

(b) where an appeal is commenced—

(i) until the appeal is dismissed, struck out or withdrawn; or

(ii) until the questions raised by the appeal have been finally determined (other than any question as to costs).

(17) Where a relevant authority is acting under this section in relation to a Category 2A or Category 2 development, a representation made by a person who is not entitled to be given notice of the relevant application under this section is not required to be taken into account under this section and will not have effect for any relevant purpose under this section.

(18) In addition, a representation that is not made in accordance with any requirement prescribed by the regulations for the purposes of this section is not required to be taken into account under this section and will not have effect for any relevant purpose under this section (including, in the case of a Category 3 development, in connection with the operation of subsection (12)).

Subdivision 3—Procedural issues

39—Application and provision of information

(1) An application to a relevant authority for the purposes of this Division must—

(a) be in a form determined by the Minister for the purposes of this Act; and

(b) include any information reasonably required by the relevant authority; and

(c) be lodged in the manner and accompanied by such plans, drawings, specifications or other documents as may be prescribed; and

(d) be accompanied by the appropriate fee.
(1a) No fee is payable under this section in relation to an application made by the owner or occupier of land (the **relevant land**) in order to remove or cut back a part of a regulated tree that is located on adjoining land but is encroaching on to the relevant land.

(2) A relevant authority may request an applicant—

(a) to provide such additional documents or information (including calculations and technical details) as the relevant authority may reasonably require to assess the application;

(b) to remedy any defect or deficiency in any application or accompanying document or information required by or under this Act;

(c) to consult with an authority or body prescribed by the regulations;

(d) if the regulations so provide, to prepare a statement of effect in accordance with the regulations in relation to a development of a kind that is expressed to be a **non-complying** development under the relevant Development Plan;

(e) to comply with any other requirement prescribed by the regulations.

(2a) If—

(a) a development is of a kind that is **complying** development; and

(b) the development falls within a class of development prescribed by the regulations for the purposes of this subsection; and

(c) the applicant has complied with the requirements of subsection (1)(a), (c) and (d),

then the relevant authority must, in making an assessment as to development plan consent, assess the application without requesting the applicant to provide additional documents or information.

(2b) If—

(a) a development falls within a class of development prescribed by the regulations for the purposes of this subsection; and

(b) the applicant has complied with the requirements of subsection (1)(a), (c) and (d),

then—

(c) the relevant authority may, in making an assessment as to development plan consent, only request the applicant to provide additional documents or information in relation to the application on 1 occasion; and

(d) the relevant authority must make that request within a period prescribed by the regulations.

(3) Where a request is made under subsection (2)—

(a) any period between the date of the request and the date of compliance is not to be included in the time within which the relevant authority is required to decide the application; and

(b) if the request is not complied with within the time specified by the regulations, the relevant authority—
(i) may, subject to subparagraph (ii), refuse the application; and
(ii) must refuse the application in prescribed circumstances (including, if the regulations so provide, in a case involving development that is complying development).

(3a) A relevant authority should, in dealing with an application that relates to a regulated tree, unless the relevant authority considers that special circumstances apply, seek to make any assessment as to whether the tree is a significant tree without requesting the applicant to provide an expert or technical report relating to the tree.

(3b) A relevant authority should, in dealing with an application that relates to a regulated tree that is not a significant tree, unless the relevant authority considers that special circumstances apply, seek to assess the application without requesting the applicant to provide an expert or technical report relating to the tree.

(4) A relevant authority may—

(a) permit an applicant—

(i) to vary an application;

(ii) to vary any plans, drawings, specifications or other documents that accompanied an application,

(provided that the essential nature of the proposed development is not changed);

(b) permit an applicant to lodge an application without the provision of any information or document required by the regulations;

(c) to the extent that the fee is payable to that relevant authority waive payment of whole or part of the application fee, or refund an application fee (in whole or in part);

(d) refuse an application that relates to a development of a kind that is described as a non-complying development under the relevant Development Plan without proceeding to make an assessment of the application;

(e) if there is an inconsistency between any documents lodged with the relevant authority for the purposes of this Division (whether by an applicant or any other person), or between any such document and a development authorisation that has already been given that is relevant in the circumstances, return or forward any document to the applicant or to any other person and determine not to finalise the matter until any specified matter is resolved, rectified or addressed.

(5) A relevant authority may grant a permission under subsection (4) unconditionally or subject to such conditions as the relevant authority thinks fit.

(5a) Without limiting subsection (3), if—

(a) an applicant requests time to address any issue related to the application (including so as to prepare and submit any variation); or

(b) an applicant requires time to respond to any matter raised by a person or body in connection with the application under this Act,

then, subject to the regulations, the time required by the applicant is not to be included in the time within which the relevant authority is required to decide the application.
(6) Subject to this section, a person may seek the variation of a development authorisation previously given under this Act (including by seeking the variation of a condition imposed with respect to the development authorisation).

(7) An application to which subsection (6) applies—

(a) may only be made if the relevant authorisation is still operative; and

(b) will, for the purposes of this Part, but subject to any exclusion or modification prescribed by the regulations, to the extent of the proposed variation (and not so as to provide for the consideration of other elements or aspects of the development or the authorisation), be treated as a new application for development authorisation; and

(c) in a case where the development to which the development authorisation previously given was Category 3 development—must also be dealt with under section 38 as an application for Category 3 development if any representations were made under subsection (7) of that section, unless the relevant authority determines that no such representation related to any aspect of the development that is now under consideration on account of the application for variation and that, in the circumstances of the case, it is unnecessary to deal with the matter as Category 3 development; and

(d) unless otherwise approved by the relevant authority, cannot seek to extend the period for which the relevant authorisation remains operative.

(7a) In addition, the variation of a development authorisation on application under subsection (6)—

(a) cannot have effect so as to impose a new condition, or to vary an existing condition, with respect to a matter that does not fall within the ambit of the application for variation; and

(b) cannot affect the operation of a condition imposed with respect to the original authorisation unless the relevant authority has made specific provision for the variation of the condition in its decision on the application for variation.

(8) An application, or a consent, may provide for, or envisage the undertaking of development in stages, with separate consents or approvals for the various stages.

(9) An applicant may withdraw an application (but, unless the relevant authority otherwise determines, the applicant is not entitled to a refund of the application fee in such a case).

40—Determination of application

(1) A relevant authority must, on making a decision on an application under this Division, give notice of the decision in accordance with the regulations (and, in the case of a refusal, the notice must include the reasons for the refusal and any appeal rights that exist under this Act).

(2) A development authorisation under this Division remains operative for a period prescribed by the regulations.

(3) A relevant authority may, on its own initiative or on the application of a person who has the benefit of any relevant development authorisation, extend a period prescribed under subsection (2).
41—Time within which decision must be made

(1) A relevant authority should deal with an application as expeditiously as possible and within the time prescribed by the regulations.

(2) If a relevant authority does not decide an application within the time prescribed under subsection (1) (other than an application that relates to development that is a complying development), the applicant may—

(a) after giving 14 days notice in writing to the relevant authority—apply to the Court for an order requiring the relevant authority to make its determination within a time fixed by the Court; or

(b) in the case of a proposed development that falls within the ambit of section 35(5)—give the relevant authority a notice in accordance with the regulations requiring the relevant authority to make its determination within 14 days after service of the notice.

(3) If the Court makes an order under subsection (2)(a), the Court should also order the relevant authority to pay the applicant’s costs of the proceedings unless the Court is satisfied—

(a) that the delay is not attributable to an act or omission of the relevant authority; or

(b) that the delay is attributable to a decision of the relevant authority not to deal with the application within the relevant time because—

(i) it appeared to the relevant authority that there had been a failure to comply with a requirement prescribed by or under this Act; or

(ii) the relevant authority was not provided with appropriate documentation or information relevant to making a decision under this Act; or

(iii) the relevant authority believed, on other reasonable grounds, that it was not appropriate to decide the matter in the particular circumstances; or

(c) that an order for costs should not be made for some other reason.

(4) If a notice is given under subsection (2)(b) and the relevant authority does not make a determination on the relevant application within 14 days after service of the notice, it will be taken that the relevant authority has refused to grant the application (and the relevant authority will be taken to have given notice of its decision at that time (and will not need to give any notice under section 40)).

(5) If—

(a) a relevant authority does not decide an application that relates to development that is a complying development within the time prescribed under subsection (1); and

(b) the applicant gives the relevant authority a notice in accordance with the regulations on the basis that the decision on the application has not been made,

then—
(c) it will be taken that the relevant authority has, despite section 35(1), refused to grant the application (and the relevant authority will be taken to have given notice of its decision at that time (and will not need to give any notice under section 40)); and

(d) subject to any exclusion or qualification prescribed by the regulations, the relevant authority must refund the fee received by the relevant authority under section 39(1)(d) in relation to the application.

42—Conditions

(1) A decision under this Division is subject to such conditions (if any)—

(a) as a relevant authority thinks fit to impose in relation to the development; or

(b) as may be prescribed by the regulations or otherwise imposed under this Act.

(2) Any such condition—

(a) is binding on, and enforceable against—

(i) the person by whom the development is undertaken; and

(ii) any person who acquires the benefit of the decision or the development; and

(iii) the owners and occupiers of the land on which the development is undertaken; and

(b) may continue to apply in relation to the development unless or until it is varied or revoked by the relevant authority in accordance with an application under this Division.

(3) A relevant authority may, for example, approve a development subject to a condition—

(a) that regulates or restricts the use of any land or building subject to development; or

(b) that provides for the management, preservation or conservation of any land or building subject to development; or

(c) that regulates maintenance of any land or building subject to development; or

(d) where the applicant is seeking approval for a temporary development—that provides that, at a future time specified in the condition—

(i) the previous use of the land will revive, or a use of the land will cease; and

(ii) any person who has the benefit of the development will restore the land to the state in which it existed immediately before the development.
(4) Subject to subsections (6) and (8), if a development authorisation provides for the killing, destruction or removal of a regulated tree or a significant tree, the relevant authority must apply the principle that the development authorisation be subject to a condition that the prescribed number of trees (of a kind determined by the relevant authority) must be planted and maintained to replace the tree (with the cost of planting to be the responsibility of the applicant or any person who acquires the benefit of the consent and the cost of maintenance to be the responsibility of the owner of the land).

(5) A tree planted under subsection (4) must satisfy any criteria prescribed by the regulations (which may include criteria that require that any such tree not be of a species prescribed by the regulations).

(6) The relevant authority may, on the application of the applicant, determine that a payment of an amount calculated in accordance with the regulations be made into the relevant fund in lieu of planting 1 or more replacement trees under subsection (4) (and the requirements under subsection (4) will then be adjusted accordingly).

(7) For the purposes of subsection (6), the relevant fund is—

(a) unless paragraph (b) applies—an urban trees fund for the area where the relevant tree is situated;

(b) if—

(i) the relevant authority is a council and an urban trees fund has not been established for the area where the relevant tree is situated; or

(ii) the relevant authority is the Development Assessment Commission, the Planning and Development Fund.

(8) Subsections (4) and (6) do not apply if—

(a) the relevant tree is of a class excluded from the operation of those subsections by the regulations; or

(b) the relevant authority determines that it is appropriate to grant an exemption under this subsection in a particular case after taking into account any criteria prescribed by the regulations and the Minister concurs in the granting of the exemption.

43—Cancellation by a relevant authority

(1) A relevant authority may, on the application of a person who has the benefit of the authorisation, cancel a development authorisation previously given by the relevant authority.

(2) A cancellation under this section is subject to such conditions (if any) as the relevant authority thinks fit to impose.

44—General offences

(1) A person must not undertake development contrary to this Division.

Maximum penalty: $120 000.

Additional penalty.

Default penalty: $500.
(2) A person must not undertake development contrary to a development authorisation under this Division.
   Maximum penalty: $120,000.
   Additional penalty.
   Default penalty: $500.

(3) A person who has the benefit of a development must ensure that the development is used, maintained and operated in accordance with—
   (a) any development authorisation under this Division; and
   (b) any plans, drawings, specifications or other documents submitted to a relevant authority for the purposes of this Division that are relevant to any such approval.
   Maximum penalty: $60,000.

(4) A person must not contravene, or fail to comply with, a condition imposed under this Division.
   Maximum penalty: $120,000.
   Additional penalty.
   Default penalty: $500.

45—Offences relating specifically to building work

(1) A person must not perform building work, or cause it to be performed, except in accordance with technical details, particulars, plans, drawings and specifications approved in accordance with this Division.
   Maximum penalty: $60,000.
   Default penalty: $200.

(2) A person must, in performing any building work, comply with the Building Rules (unless modified under this Part), and any other requirements imposed by or under this Division in respect of that work.
   Maximum penalty: $60,000.
   Default penalty: $200.

(2a) If—
   (a) any item or materials incorporated into any building through the performance of any building work do not comply with the Building Rules (as modified under this Act and subject to any variation allowed under section 36); and
   (b) the failure to comply is attributable (wholly or in part) to an act or omission of a person who designed, manufactured, supplied or installed the item or materials, being an act or omission occurring where it was reasonably foreseeable that the item or materials would be required to comply with the Building Rules and where it was reasonable, in the circumstances, to rely on the advice, skills or expertise of that person,
   then that person will be guilty of an offence.
   Maximum penalty: $60,000.
(2b) The fact that a person may have (or has) committed an offence against subsection (2a) does not affect the requirements imposed on a person by subsections (1) and (2).

(3) In so far as any charge for an offence against a preceding subsection relates to a failure to comply with the Building Rules (including the Building Rules as modified under this Act), it is a defence to prove that the failure to comply was only of a minor nature and had no adverse effect on the structural soundness or safety of the building in respect of which the relevant building work was performed.

(4) In this section—

item includes any component, fitting, connection, mounting or accessory.

45A—Investigation of development assessment performance

(1) If the Minister has reason to believe that a relevant authority has—

(a) contravened or failed to comply with a provision of this Division in a significant respect or to a significant degree; or

(b) failed to efficiently or effectively discharge a responsibility under this Division in a significant respect or to a significant degree,

then the Minister may appoint an investigator or investigators to carry out an investigation and to report on the matter.

(2) The Minister must, before making an appointment under subsection (1), give the relevant authority an opportunity to explain its actions, and to make submissions (including, if relevant, an indication of undertakings that the relevant authority is willing to give in order to take remedial action), to the Minister within a period (being at least 28 days) specified by the Minister.

(2a) If the Minister decides to proceed under subsection (1) in relation to a council, the Minister must consult with the President of the LGA with respect to the person or persons to be appointed to carry out the investigation.

(3) An investigator may, for the purposes of an investigation—

(a) require a member or employee of the relevant authority, or a public sector employee or council employee assigned or engaged to assist the relevant authority, to answer, orally or in writing, questions put by the investigator to the best of his or her knowledge, information and belief;

(b) require a person to whom questions are put under paragraph (a) to verify the answers to those questions by declaration;

(c) require a person to produce for examination by the investigator books, papers or other records relevant to the subject matter of the investigation;

(d) retain books, papers or other records produced under paragraph (c) for such reasonable period as the investigator thinks fit and make copies of any of them or of any of their contents.

(4) Subject to subsection (7), a person who refuses or fails to comply with a requirement under subsection (3) is guilty of an offence.

Maximum penalty: $20 000.
(5) Subject to subsection (7), a person is not excused from answering a question or from producing books, papers or other records under this section on the ground that to do so might tend to incriminate the person or make the person liable to a penalty.

(6) However, if compliance by a natural person with a requirement to answer a question or to produce a book, paper or other record might tend to incriminate the person or make the person liable to a penalty—

(a) in the case of a person who is required to produce a book, paper or record, the book, paper or record (as distinct from the contents of the book, paper or record); or

(b) in any other case, the answer given in compliance with the requirement, is not admissible in evidence against the person in proceedings for an offence or for the imposition of a penalty (other than proceedings in respect of the making of a false or misleading statement).

(7) A person is not obliged to provide information under this section that is privileged on the ground of legal professional privilege.

(8) At the conclusion of an investigation, the investigator or investigators must present a written report to the Minister on the results of the investigation.

(9) The report may, if the investigator or investigators think fit, include recommendations to the Minister on what action (if any) should be taken in the circumstances.

(10) The Minister must supply the relevant authority with a copy of a report presented under subsection (8).

(11) The Minister may, on the basis of a report presented under subsection (8)—

(a) make recommendations to the relevant authority; or

(b) if the Minister considers that the relevant authority has—

(i) contravened or failed to comply with a provision of this Division in a significant respect or to a significant degree; or

(ii) failed to efficiently or effectively discharge a responsibility under this Division in a significant respect or to a significant degree, give directions to the relevant authority to rectify the matter, or to take specified action with a view to preventing a recurrence of any act, failure or irregularity.

(12) The Minister must, before taking action under subsection (11), give the relevant authority an opportunity to make submissions to the Minister on the report on which the action is based within a period (being at least 28 days) specified by the Minister.

(13) If—

(a) the Minister makes a recommendation to a relevant authority under subsection (11)(a); and

(b) the Minister subsequently considers that the relevant authority has not, within a reasonable period, taken appropriate action in view of the recommendation, the Minister may, after consultation with the relevant authority, give directions to it.

(14) A relevant authority must comply with a direction under subsection (11) or (13).
(15) No action in defamation lies in respect of the contents of a report under this section.

(16) Nothing in this section limits or affects the operation of Chapter 13 Part 3 of the *Local Government Act 1999*.

**Division 2—Major developments or projects**

**Subdivision 1—Preparation of statements and reports**

**46—Declaration by Minister**

(1) The Minister may, if of the opinion that a declaration under this section is appropriate or necessary for the proper assessment of development\(^1\) or a project\(^2\) of major environmental, social or economic importance, by notice in the Gazette, declare that this section applies, or applies to the extent specified in the notice, to—

(a) a development or project specified in the notice; or

(b) a kind of development or project specified in the notice (either in the State generally, or in a specified part of the State); or

(c) development generally within a specified part of the State\(^3\).

(1a) A development or project may be considered to be of major environmental, social or economic importance due to the fact that the cumulative effect of the development or project, when considered in conjunction with any other development, project or activity already being undertaken or carried on, or proposed to be undertaken or carried on, at or within the vicinity of the relevant site, gives rise to issues of major environmental, social or economic importance.

(1b) If the Minister considers that a development or project is not in itself of major environmental, social or economic importance but is directly related to a development or project of such importance that is within the ambit of a declaration under subsection (1), the Minister may, by notice in the Gazette, declare that this section applies, or applies to the extent specified in the notice, to the related development or project as well (and in such a case the related development or project will be taken to be a major development or project for the purposes of this section).

(2) A declaration under this section does not extend to—

(a) a development lawfully commenced by substantial work on the site of the development before publication of the notice in the Gazette; or

(b) a development in respect of which the Minister has, by notice in writing to the proponent, given an express undertaking that this Division would not apply to the development.

(3) Subsection (2)(b) operates subject to the following qualifications:

(a) the Minister may limit the operation of an undertaking to a specified period;

(b) the Minister may, by notice in writing to the proponent, bring the operation of an undertaking to an end if the Minister considers that the undertaking should no longer apply because there has been a significant change in circumstances.
(3a) A declaration under this section cannot apply with respect to a development or project within—
(a) the Adelaide Park Lands; or
(b) a character preservation rural area.

(4) The Minister may, by subsequent notice in the Gazette, vary or revoke a declaration under this section.

(5) If the Minister makes a declaration under this section then, subject to the regulations and the declaration—
(a) Division 1 does not apply to a development within the ambit of the declaration; and
(b) any application under Division 1 that relates to a development within the ambit of the declaration automatically lapses and any relevant documentation that has been lodged with a relevant authority under that Division must be transmitted to the Minister in accordance with the regulations; and
(c) any development authorisation previously given under Division 1 in relation to a development within the ambit of the declaration ceases to have effect; and
(d) a person must not undertake a development within the ambit of the declaration without the approval of the Governor under Subdivision 2; and
(e) unless section 48(2)(a) applies, a development or project within the ambit of the declaration becomes, according to a determination of the Development Assessment Commission under this section, subject to the processes and procedures prescribed by this Subdivision with respect to the preparation and consideration of an EIS, a PER or a DR.

(6) Subject to the regulations, a determination of the Minister under this section, or a determination of the Governor under section 48(2)(a) (in the case of a development), the proponent of a major development or project must lodge with the Minister—
(a) in the case of a development—an application; and
(b) in the case of a project—a project proposal,
that complies with the following requirements:
(c) the application or project proposal must be in a form determined by the Minister; and
(d) the application or project proposal must include, or be accompanied by—
(i) a description of the development or project;
(ii) a description of the locality where the development or project is to be situated;
(iii) a description of the expected environmental, social or economic effects of the development or project;
(iv) a statement on how those effects could be managed;
(v) a statement assessing consistency with any relevant Development Plan and the Planning Strategy;
Development Act 1993—18.9.2014
Part 4—Development assessment
Division 2—Major developments or projects

(vi) information concerning the application and operation of the Environment Protection Act 1993 with respect to the development or project (if relevant);

(vii) other information reasonably required by the Minister; and

(e) the application or project proposal must be accompanied by such plans, drawings, specifications or other documents as may be prescribed, or required by the Minister.

(7) Subject to a determination of the Governor under section 48(2)(a) (in the case of a development), the Minister must refer a major development or project under this section to the Development Assessment Commission—

(a) to determine whether the major development or project will be subject to the processes and procedures prescribed by this Subdivision with respect to the preparation of an EIS, a PER or a DR; and

(b) to formulate guidelines to apply with respect to the preparation of the EIS, PER or DR (as determined by the Development Assessment Commission).

(9) The Development Assessment Commission must, in considering the level of assessment that should apply to a major development or project (ie whether a major development or project should be subject to the processes and procedures associated with the preparation of an EIS, a PER or a DR), take into account criteria prescribed by the regulations.

(10) If a major development or project involves, or is for the purposes of, a prescribed activity of environmental significance as defined by the Environment Protection Act 1993, the Development Assessment Commission must, in formulating guidelines under this section, consult with the Environment Protection Authority within the time prescribed by the regulations.

(11) The Development Assessment Commission must, in formulating guidelines under this section, classify the issues identified by the Development Assessment Commission as being relevant to the proper assessment of the major development or project according to categories of importance so as to indicate the levels of attention that should be given to those issues in the preparation of the relevant EIS, PER or DR, and the Assessment Report.

(12) The Development Assessment Commission must, after completing the processes referred to above, report to the Minister on—

(a) its determination with respect to the level of assessment that should apply to the major development or project; and

(b) the guidelines to apply under this Subdivision with respect to the preparation of the relevant EIS, PER or DR.

(13) The Minister must, on the receipt of a report under subsection (12)—

(a) give a copy of the report to the proponent; and

(b) by public advertisement, give notice of—

(i) the Development Assessment Commission's determination under this section; and
(ii) the place or places at which copies of the guidelines formulated by the Development Assessment Commission are available for inspection and purchase.

(14) The Development Assessment Commission should deal with a referral as quickly as possible and in any event, unless the Minister otherwise approves, within the time specified by the Minister (taking into account the time periods prescribed by the regulations for the purposes of this Division).

(15) The Minister or the Development Assessment Commission may require a proponent to furnish specified information (additional to the information required under subsection (6)) for the purposes of the operation of this section.

(16) The prescribed fee is payable in accordance with the regulations when a development or project comes within the ambit of a declaration under this section.

(17) In this section—

*character preservation rural area* means an area that is defined as a rural area under a character preservation law.

Notes—

1 Development has a defined meaning under this Act.

2 A project is an activity or circumstance that does not require approval under this Act (because it is not within the ambit of the definition of *development* under this Act), but that may require approval under another Act.

3 A development or project within the ambit of a declaration under subsection (1) will be known as a *major development or project* for the purposes of this section.

4 In the case of a development, the principal purpose for the preparation of an EIS, PER or DR is to assist the Governor in his or her assessment of the development under Subdivision 2. In the case of a project, the principal purpose for the preparation of an EIS or PER is to identify issues of significance relevant to whether the project should proceed and, if it does proceed, to identify the conditions that should apply.

46B—EIS process—Specific provisions

(1) This section applies if an EIS must be prepared for a proposed development or project.

(2) The Minister will, after consultation with the proponent—

   (a) require the proponent to prepare the EIS; or

   (b) determine that the Minister will arrange for the preparation of the EIS.

(3) The EIS must be prepared in accordance with guidelines determined by the Development Assessment Commission under this Subdivision.

(4) The EIS must include a statement of—

   (a) the expected environmental, social and economic effects of the development or project;

   (b) the extent to which the expected effects of the development or project are consistent with the provisions of—

      (i) any relevant Development Plan; and

      (ii) the Planning Strategy; and

      (iii) any matters prescribed by the regulations;
(c) if the development or project involves, or is for the purposes of, a prescribed activity of environmental significance as defined by the Environment Protection Act 1993, the extent to which the expected effects of the development or project are consistent with—
   (i) the objects of the Environment Protection Act 1993; and
   (ii) the general environmental duty under that Act; and
   (iii) relevant environment protection policies under that Act;

(ca) if the development or project is to be undertaken within the Murray-Darling Basin, the extent to which the expected effects of the development or project are consistent with—
   (i) the objects of the River Murray Act 2003; and
   (ii) the Objectives for a Healthy River Murray under that Act; and
   (iii) the general duty of care under that Act;

(cb) if the development or project is to be undertaken within, or is likely to have a direct impact on, the Adelaide Dolphin Sanctuary, the extent to which the expected effects of the development or project are consistent with—
   (i) the objects and objectives of the Adelaide Dolphin Sanctuary Act 2005; and
   (ii) the general duty of care under that Act;

(cc) if the development or project is to be undertaken within, or is likely to have a direct impact on, a marine park, the extent to which the expected effects of the development or project are consistent with—
   (i) the prohibitions and restrictions applying within the marine park under the Marine Parks Act 2007; and
   (ii) the general duty of care under that Act;

(d) the proponent's commitments to meet conditions (if any) that should be observed in order to avoid, mitigate or satisfactorily manage and control any potentially adverse effects of the development or project on the environment;

(e) other particulars in relation to the development or project required—
   (i) by the regulations; or
   (ii) by the Minister.

(5) After the EIS has been prepared, the Minister—

   (a) —
   (i) must, if the EIS relates to a development or project that involves, or is for the purposes of, a prescribed activity of environmental significance as defined by the Environment Protection Act 1993, refer the EIS to the Environment Protection Authority; and
   (ia) must, if the EIS relates to a development or project that is to be undertaken within the Murray-Darling Basin, refer the EIS to the Minister for the River Murray; and
(ib) must, if the EIS relates to a development or project that is to be undertaken within, or is likely to have a direct impact on, the Adelaide Dolphin Sanctuary, refer the EIS to the Minister for the Adelaide Dolphin Sanctuary; and

(ic) must, if the EIS relates to a development or project that is to be undertaken within, or is likely to have a direct impact on, a marine park, refer the EIS to the Minister for Marine Parks; and

(ii) must refer the EIS to the relevant council (or councils), and to any prescribed authority or body; and

(iii) may refer the EIS to such other authorities or bodies as the Minister thinks fit,

for comment and report within the time prescribed by the regulations; and

(b) must ensure that copies of the EIS are available for public inspection and purchase (during normal office hours) for at least 30 business days at a place or places determined by the Minister and, by public advertisement, give notice of the availability of copies of the EIS and invite interested persons to make written submissions to the Minister on the EIS within the time determined by the Minister for the purposes of this paragraph.

(6) The Minister must appoint a suitable person to conduct a public meeting during the period that applies under subsection (5)(b) in accordance with the requirements of the regulations.

(7) The Minister must, after the expiration of the time period that applies under subsection (5)(b), give to the proponent copies of all submissions made within time under that subsection.

(8) The proponent must then prepare a written response to—

(a) matters raised by a Minister, the Environment Protection Authority, any council or any prescribed or specified authority or body, for consideration by the proponent; and

(b) all submissions referred to the proponent under subsection (7),

and provide a copy of that response to the Minister.

(9) The Minister must then prepare a report (an Assessment Report) that sets out or includes—

(a) the Minister's assessment of the development or project; and

(b) the Minister's comments (if any) on—

(i) the EIS; and

(ii) any submissions made under subsection (5); and

(iii) the proponent's response under subsection (8); and

(c) comments provided by the Environment Protection Authority, a council or other authority or body for inclusion in the report; and

(d) other comments or matter as the Minister thinks fit.
(10) The Minister must—
   (a) notify a person who made a written submission under subsection (5) of the availability of the Assessment Report in the manner prescribed by the regulations; and
   (b) by public advertisement, give notice of the place or places at which copies of the Assessment Report are available for inspection and purchase.

(11) Copies of the EIS, the proponent's response under subsection (8), and the Assessment Report must be kept available for inspection and purchase at a place determined by the Minister for a period determined by the Minister.

(12) If a proposed development or project to which an EIS relates will, if the development or project proceeds, be situated wholly or partly within the area of a council, the Minister must give a copy of the EIS, the proponent's response under subsection (8), and the Assessment Report to the council.

46C—PER process—Specific provisions

(1) This section applies if a PER must be prepared for a proposed development or project.

   (a) matters raised by a Minister, the Environment Protection Authority, any council or any prescribed or specified authority or body, for consideration by the proponent; and
   (b) all submissions referred to the proponent under subsection (7),
and provide a copy of that response to the Minister within the time prescribed by the regulations.

(9) The Minister must then prepare a report (an Assessment Report) that sets out or includes—
   (a) the Minister's assessment of the development or project; and
   (b) the Minister's comments (if any) on—

46D—DR process—Specific provisions

(1) This section applies if a DR must be prepared for a proposed development.
(2) The Minister will, after consultation with the proponent—
   (a) require the proponent to prepare the DR; or
   (b) determine that the Minister will arrange for the preparation of the DR.

(3) The DR must be prepared in accordance with guidelines determined by the Development Assessment Commission under this Subdivision.

(4) The DR must include a statement of—
   (a) the expected environmental, social and economic effects of the development;
   (b) the extent to which the expected effects of the development are consistent with the provisions of—
      (i) any relevant Development Plan; and
      (ii) the Planning Strategy; and
      (iii) any matters prescribed by the regulations;
   (c) if the development involves, or is for the purposes of, a prescribed activity of environmental significance as defined by the Environment Protection Act 1993, the extent to which the expected effects of the development are consistent with—

      (ii) the general environmental duty under that Act; and
      (iii) relevant environment protection policies under that Act;

      (ii) the Objectives for a Healthy River Murray under that Act; and
      (iii) the general duty of care under that Act;

      (i) the objects and objectives of the Adelaide Dolphin Sanctuary Act 2005; and
      (ii) the general duty of care under that Act;
   (cc) if the development is to be undertaken within, or is likely to have a direct impact on, a marine park, the extent to which the expected effects of the development are consistent with—

      (ii) the general duty of care under that Act;
   (d) the proponent's commitments to meet conditions (if any) that should be observed in order to avoid, mitigate or satisfactorily manage and control any potentially adverse effects of the development on the environment;
(e) other particulars in relation to the development required—
   (i) by the regulations; or
   (ii) by the Minister.

(5) After the DR has been prepared, the Minister—
   (a) —
      (i) must, if the DR relates to a development that involves, or is for the purposes of, a prescribed activity of environmental significance as defined by the Environment Protection Act 1993, refer the DR to the Environment Protection Authority;

   (b) must ensure that copies of the DR are available for public inspection and purchase (during normal office hours) for at least 15 business days at a place or places determined by the Minister and, by public advertisement, give notice of the availability of copies of the DR and invite interested persons to make submissions to the Minister on the DR within the time determined by the Minister for the purposes of this paragraph.

(6) The Minister must, after the expiration of the time period that applies under subsection (5)(b), give to the proponent copies of all submissions made within time under that subsection.

(7) The proponent may then prepare a written response to—
   (a) matters raised by a Minister, the Environment Protection Authority, any council or any prescribed or specified authority or body, for consideration by the proponent; and
   (b) all submissions referred to the proponent under subsection (6),
and provide a copy of that response to the Minister within the time prescribed by the regulations.
(8) The Minister must then prepare a report (an Assessment Report) on the matter taking into account—
   (a) any submissions made under subsection (5); and
   (b) the proponent's response (if any) under subsection (7); and
   (c) comments provided by the Environment Protection Authority, a council or other authority or body; and
   (d) other comments or matter as the Minister thinks fit.

(10) If a proposed development to which a DR relates will, if the development proceeds, be situated wholly or partly within the area of a council, the Minister must give a copy of the DR, any response under subsection (7) and the Assessment Report to the council.

47—Amendment of EIS, PER or DR

(1) An EIS, a PER or a DR, and the relevant Assessment Report, may be amended at any time in order to—
   (a) correct an error; or
   (b) take account of more accurate or complete data or technological or other developments not contemplated when the document was prepared; or
   (c) take account of an alteration to the original proposal; or
   (d) update the document on account of the length of time that has passed since the document was prepared (or last updated); or
   (e) make such other provision as may be necessary or appropriate given the content or purpose of an EIS, PER, DR or Assessment Report.

(2) However—
   (a) the Minister cannot amend an EIS, PER or DR prepared by a proponent but the proponent must, at the direction of the Minister, undertake a review of an EIS, PER or DR prepared by the proponent (and then make any appropriate amendments); and
   (b) if a proposed amendment would in the opinion of the Minister significantly affect the substance of the EIS, PER or DR, the amendment must not be made before interested persons have been invited, by public advertisement, to make written submissions on the amendment and the Minister has considered the submissions (if any) received in response to the advertisement.

(3) If an EIS, PER, DR or Assessment Report is amended under this section, the Minister must, by public advertisement, give notice of the place or places at which copies of the relevant document or documents (with the amendments) are available for inspection and purchase.

(4) An amendment under this section may include the addition, variation, substitution or deletion of material.
Subdivision 2—Governor to give decision on development

48—Governor to give decision on development

(1) This section applies to a proposed development—

(a) that is within the ambit of a declaration of the Minister under section 46; or

(b) that is the subject of a direction of the Minister under section 49(16a) or 49A(20).

(2) The Governor may, in relation to a development to which this section applies—

(a) indicate (at any time) that he or she will not grant a development authorisation for the development; or

(b) on due application—

(i) grant a development authorisation required under this Act, subject to conditions (if any) determined by the Governor; or

(ii) refuse approval to the development.

(3) However, the Governor must not grant a development authorisation under this section unless—

(a) an EIS, PER or DR, and an Assessment Report, have been prepared in relation to the development in accordance with the requirements of this Division (as appropriate); or

(b) the Governor is satisfied that an appropriate EIS, PER or DR, and an Assessment Report, that encompass the development have previously been prepared.

(4) If more than five years have elapsed since an EIS, PER or DR that relates to a development to which this section applies was completed and placed on public exhibition (or in the case of an EIS prepared under the repealed Act, since the EIS was officially recognised), the document cannot be used for the purposes of subsection (3) unless or until it has been reviewed in order to see whether it should be amended under section 47 (and, if amendment is found to be necessary, unless or until it is amended).

(5) The Governor must, before the Governor approves a development to which this section applies, have regard to—

(a) the provisions of the appropriate Development Plan and the regulations (so far as they are relevant); and

(b) if relevant, the Building Rules; and

(c) the Planning Strategy; and

(d) if the development involves, or is for the purposes of, a prescribed activity of environmental significance as defined by the Environment Protection Act 1993—

(i) the objects of the Environment Protection Act 1993; and

(ii) the general environmental duty under the Environment Protection Act 1993; and
(iii) any relevant environment protection policies under the *Environment Protection Act 1993*; and

(da) if it appears to the Governor that the development may have an impact on any aspect of the River Murray within the meaning of the *River Murray Act 2003*—

(i) the objects of that Act; and

(ii) the *Objectives for a Healthy River Murray* under that Act; and

(iii) the general duty of care under that Act; and

(iv) any obligations or requirements under the Murray-Darling Basin Agreement (a copy of which is set out in Schedule 1 of the *Water Act 2007* of the Commonwealth, as in force from time to time) or any resolution of the Ministerial Council under that agreement; and

(db) if it appears to the Governor that the development may have an impact on any aspect of the Adelaide Dolphin Sanctuary—

(i) the objects and objectives of the *Adelaide Dolphin Sanctuary Act 2005*; and

(ii) the general duty of care under that Act; and

(dc) if it appears to the Governor that the development may have an impact on any aspect of a marine park—

(i) the prohibitions and restrictions applying within the marine park under the *Marine Parks Act 2007*; and

(ii) the general duty of care under that Act; and

(e) any relevant EIS, PER or DR, and the relevant Assessment Report,

and may, in making a decision, take into account other matters considered relevant by the Governor.

(6) The Governor may grant a provisional development authorisation under this section, reserving a decision on a specified matter until further assessment of the development for the purposes of this Act.

(7) The Governor may—

(a) when determining what conditions should be attached to a development authorisation under this section, attach conditions that must be complied with in the future;

(b) —

(i) in relation to matters specified by him or her when granting a development authorisation under this section; or

(ii) on application of a person who has the benefit of a development authorisation under this section; or

(iii) in relation to a matter that is relevant to the variation of a development authorisation under this section,

vary or revoke conditions to which the development authorisation is subject or attach new conditions to the development authorisation.
(7a) The Governor may, on the application of a person who has the benefit of the development authorisation under this section, by notice in the Gazette, vary a development authorisation that has been given under this section.

(8) The Governor may, by notice in the Gazette, delegate a power or function under this section to the Minister or the Development Assessment Commission.

(9) A delegation—
(a) may be made subject to conditions and limitations specified in the notice of delegation; and
(b) unless the instrument of delegation otherwise provides, allows for subdelegation of the delegated power or function; and
(c) is revocable by further notice in the Gazette and does not derogate from the power of the Governor to act in the matter.

(10) A decision of the Governor under this section must be published in the Gazette.

(11) If—
(a) the Governor gives a development authorisation under this section; but
(b) the development to which the development authorisation relates is not commenced by substantial work on the site of the development within the time specified by the regulations or, if a time is specified by the Governor as part of the development authorisation, within that time,

the Governor may, by notice in writing to any owner or occupier of the relevant land, cancel the development authorisation.

(12) No appeal lies against a decision under this section.

(13) A person—
(a) who undertakes development to which this section applies without the consent of the Governor; or
(b) who undertakes development contrary to a development authorisation under this section; or
(c) who contravenes, or fails to comply with, a condition on which a development authorisation was granted,

is guilty of an offence.
Penalty: Division 2 fine.
Additional penalty.
Default penalty: $1 000.

(14) A person who has the benefit of a development must ensure that the development is used, maintained and operated in accordance with—
(a) any development authorisation under this section; and
(b) documents submitted for the purposes of this Division that are relevant to such development authorisation.

Penalty: Division 3 fine.
Default penalty: $500.
Subdivision 3—Related matters

48A—Exclusion of particular development or project

(1) The Governor may, by notice in the Gazette, declare that a development or project (or a part or stage of a development or project) otherwise within the ambit of a declaration under section 46 is excluded from the operation of this Division.

(2) If a declaration is made under subsection (1) then, subject to the regulations and the terms of the declaration (which may include provisions of a saving or transitional nature)—

(a) this Division will cease to apply to the development or project (or the relevant part or stage); and

(b) in the case of a development, Division 1 will apply to the development (or part or stage) to the extent to which the development (or part or stage) has not been approved under this Division.

48B—Variation of application

The Governor or the Minister may permit a proponent to vary an application (and any associated documents) lodged under this Division (provided that the relevant development or project remains within the ambit of an EIS, PER or DR, and an Assessment Report (either as originally prepared or as amended under this Division)).

48C—Testing and monitoring

(1) The Minister may—

(a) by notice in writing to a person—

(i) who is undertaking a development or project to which this Division applies; or

(ii) who has the benefit of a development or project to which this Division applies,

require the person to do either or both of the following:

(iii) to carry out specified tests and monitoring relevant to the development or project and to make specified reports to the Minister on the results of the tests and monitoring;

(iv) to comply with the requirements of an audit programme specified by the Minister to the satisfaction of the Minister;

(b) after giving notice in writing to a person—

(i) who is undertaking a development or project to which this Division applies; or

(ii) who has the benefit of a development or project to which this Division applies,

cause to be carried out specified tests and monitoring relevant to the development or project.
(2) A person to whom a notice is directed under subsection (1) must—
(a) in the case of a notice under subsection (1)(a)—comply with the terms of the notice;
(b) in the case of a notice under subsection (1)(b)—provide reasonable assistance to facilitate the testing or monitoring specified in the notice.
Penalty: Division 4 fine.

48D—Costs

(1) The Minister may recover, as a debt due from the proponent, reasonable costs incurred in relation to—
(a) the preparation and publication of material under Subdivision 1; and
(b) the making of a decision on a development under Subdivision 2.

(2) The Minister may recover, as a debt due from a person who receives a notice under section 48C(1)(b), reasonable costs incurred in carrying out tests and monitoring specified by that notice.

48E—Protection from proceedings

No proceeding for judicial review or for a declaration, injunction, writ, order or other remedy may be brought to challenge or question—
(a) a decision or determination of the Governor, the Minister or the Development Assessment Commission under this Division; or
(b) proceedings or procedures under this Division; or
(c) an act, omission, matter or thing incidental or relating to the operation of this Division.

Division 3—Crown development and public infrastructure

49—Crown development and public infrastructure

(1) In this section—

*the Crown* means the Crown in right of the State;

*public infrastructure* means—
(a) the infrastructure, equipment, structures, works and other facilities used in or in connection with the supply of water or electricity, gas or other forms of energy, or the drainage or treatment of waste water or sewage;
(b) roads and their supporting structures and works;
(c) ports, wharfs, jetties, railways, tramways and busways;
(d) schools, hospitals and prisons;
(e) all other facilities that have traditionally been provided by the State (but not necessarily only by the State) as community or public facilities;

*State agency* means—
(a) the Crown or a Minister of the Crown;
(b) an agency or instrumentality of the Crown (including a Department or administrative unit of the State);

(c) any other prescribed person or prescribed body acting under the express authority of the Crown,

but does not include a person or body excluded from the ambit of this definition by regulation.

(2) Subject to this section, if—

(a) a State agency proposes to undertake development (other than in partnership or joint venture with a person or body that is not a State agency); or

(b) a State agency proposes to undertake development for the purposes of the provision of public infrastructure (whether or not in partnership or joint venture with a person or body that is not a State agency); or

(c) a person proposes to undertake development initiated or supported by a State agency for the purposes of the provision of public infrastructure and specifically endorsed by the State agency for the purposes of this section,

the State agency must lodge an application for approval containing prescribed particulars with the Development Assessment Commission.

(3) No application for approval is required (either under this section or any other provision of this Act), and no notice to a council is required under subsection (4a), if the development is of a kind excluded from the provisions of this section by regulation.

(4) The Development Assessment Commission may request the State agency to provide additional documents or information (including calculations and technical details) in relation to the application.

(4a) If an application relates to development within the area of a council, the Development Assessment Commission must give notice containing prescribed particulars of the development to the council in accordance with the regulations.

(5) A council may report to the Development Assessment Commission on any matters contained in a notice under subsection (4a).

(6) Where a notice is given to a council under subsection (4a), and a report from the council is not received by the Development Assessment Commission within two months of the date of the notice, it will be conclusively presumed that the council does not intend to report on the matter.

(7) The Development Assessment Commission must assess an application lodged with it under this section.

(7a) The regulations may provide that where an application relates to a proposed development of a prescribed class, the Development Assessment Commission must refer the application, together with a copy of any relevant information provided by the State agency, to a body prescribed by the regulations for comment and report within the time prescribed by the regulations.
(7b) A prescribed body may, before it provides a report under subsection (7a), request the State agency—
   (a) to provide additional documents or information (including calculations and technical details) in relation to the application; and
   (b) to comply with any other requirements or procedures of a prescribed kind.

(7c) If an application is referred to a prescribed body under subsection (7a) and a report from the prescribed body is not received by the Development Assessment Commission within a period determined under the regulations, it will be conclusively presumed that the prescribed body does not intend to report on the matter.

(7d) If an application is for a development that involves construction work where the total amount to be applied to the work will, when all stages are completed, exceed $4 000 000, other than an application for a variation to an approved development that, in the opinion of the Development Assessment Commission, is of a minor nature, the Development Assessment Commission must—
   (a) by public advertisement, invite interested persons to make written submissions to it on the proposal within a period of at least 15 business days; and
   (b) allow a person who has made a written submission to it within that period and who, as part of that submission, has indicated an interest in appearing before it, a reasonable opportunity to appear personally or by representative before the Development Assessment Commission to be heard in support of his or her submission; and
   (c) give due consideration in its assessment of the application to any submissions made by interested persons as referred to in paragraph (a) or (b).

(7e) The Development Assessment Commission will then prepare a report to the Minister on the matter.

(8) If it appears to the Development Assessment Commission that the proposal is seriously at variance with—
   (a) the provisions of the appropriate Development Plan (so far as they are relevant); or
   (b) any code or standard prescribed by the regulations for the purposes of this provision,
   specific reference to that fact must be included in the report.

(9) If a council has, in relation to any matters referred to the council under subsection (4a), expressed opposition to the proposed development in its report under subsection (5), a copy of the report must be attached to the Development Assessment Commission's report (unless the council has, since providing its report, withdrawn its opposition).

(9a) If a prescribed body has provided a report under subsection (7a), a copy of the report must also be attached to the Development Assessment Commission's report.

(10) The Development Assessment Commission must, unless the Minister grants an extension of time, furnish its report within the time prescribed by the regulations.
(11) Where a request is made under subsection (4), any period between the date of request and the date of compliance is not to be included in the calculation of the period under subsection (10).

(12) The Minister may, after receipt of the report of the Development Assessment Commission under this section (and after taking such action (if any) as the Minister thinks fit)—
(a) approve the development; or
(b) refuse to approve the development.

(13) An approval may be given—
(a) for the whole or part of a proposed development;
(b) subject to such conditions as the Minister thinks fit.

(14) An approval under this section will be taken to be given subject to the condition that, before any building work is undertaken, the building work be certified by a private certifier, or by some person determined by the Minister for the purposes of this provision, as complying with the provisions of the Building Rules to the extent that is appropriate in the circumstances.

(14aa) A person acting under subsection (14) must—
(a) seek and consider the advice of the Building Rules Assessment Commission before giving a certificate in respect of building work that would be at variance with the performance requirements of the Building Code; and
(b) take into account the criteria, and comply with any requirement, prescribed by the regulations before giving a certificate in respect of building work that would otherwise involve a variance with the Building Rules, and if the person gives a certificate that involves building work that is at variance with the Building Rules then the person must, subject to the regulations, specify the variance in the certificate.

(14a) A person engaged to perform building work for a development approved under this section must—
(a) ensure that the building work is performed in accordance with technical details, particulars, plans, drawings and specifications certified for the purposes of subsection (14); and
(b) comply with the Building Rules (subject to any certificate under subsection (14) that provides for a variance with the Building Rules), and any other requirements imposed under this section.

Penalty: Division 3 fine.
Default penalty: $500.

(15) If—
(a) a council has, in a report under this section, expressed opposition to a development that is approved by the Minister (and the council has not, since providing its report, withdrawn its opposition); or
(b) the Minister approves a development that is, according to the report of the Development Assessment Commission, seriously at variance with a Development Plan, or a prescribed code or standard,

the Minister must, as soon as practicable, prepare a report on the matter and cause copies of that report to be laid before both Houses of Parliament.

(16) If the Minister approves a development under this section, no other procedure or requirement relating to the assessment of the development under this Act applies and no other development authorisation (including a certificate or approval under Part 6) is required under this Act, although the Minister may, if necessary for the purposes of any other Act, issue any other development authorisation under this Act (which will then be taken, for the purposes of that other Act, to have been issued by a relevant authority under this Act).

(16a) Despite a preceding subsection, if the Minister directs that an EIS, PER or DR be prepared with respect to a development otherwise within the ambit of this section then—

(a) this section ceases to apply to the development; and

(b) the State agency must not undertake the development without the approval of the Governor under section 48; and

(c) unless section 48(2)(a) applies, the development becomes, according to a determination of the Development Assessment Commission, subject to the processes and procedures prescribed by Division 2 with respect to the preparation and consideration of an EIS, a PER or a DR.

(17) No appeal lies against a decision of the Minister under this section.

(18) Subject to subsection (19), this section does not apply to any development within the Adelaide Park Lands (and any such development must be assessed under another Division (other than Division 3A)).

(19) Subsection (18) does not apply—

(a) so as to exclude the Governor making a regulation under subsection (3) with respect to minor works of a prescribed kind; or

(b) so as to exclude from the operation of this section development within any part of the Institutional District of the City of Adelaide that has been identified by regulations made for the purposes of this paragraph by the Governor on the recommendation of the Minister.

(20) Before making a recommendation to the Governor to make a regulation identifying a part of the Institutional District of the City of Adelaide for the purposes of paragraph (b) of subsection (19), the Minister must take reasonable steps to consult with the Adelaide Park Lands Authority.

(21) A regulation under subsection (19)(b) cannot apply with respect to any part of the Institutional District of the City of Adelaide that is under the care, control or management of The Corporation of the City of Adelaide.

(22) For the purpose of this section, the Institutional District of the City of Adelaide is constituted by those parts of the area of The Corporation of the City of Adelaide that are identified and defined as—

(a) the Institutional (Riverbank) Zone; and
(b) the Institutional (Government House) Zone; and

Division 3A—Electricity infrastructure development

49A—Electricity infrastructure development

(1) Subject to this section, if a prescribed person proposes to undertake development for the purposes of the provision of electricity infrastructure (within the meaning of the Electricity Act 1996), not being development of a kind referred to in section 49(2) or (3), the person must lodge an application for approval containing prescribed particulars with the Development Assessment Commission.

(2) This section does not apply to development for the purposes of the provision of—

(a) electricity generating plant with a generating capacity of more than 30 MW;

or

(b) a section of powerlines (within the meaning of the Electricity Act 1996) designed to convey electricity at more than 66 kV extending over a distance of more than five kilometres.

(3) No application for approval is required (either under this section or any other provision of this Act), and no notice to a council is required under subsection (4a), if the development is of a kind excluded from the provisions of this section by regulation.

(4) The Development Assessment Commission may request the proponent to provide additional documents or information (including calculations and technical details) in relation to the application.

(4a) If an application relates to development within the area of a council, the Development Assessment Commission must give notice containing prescribed particulars of the development to the council in accordance with the regulations.

(5) A council may report to the Development Assessment Commission on any matters contained in a notice under subsection (4a).

(6) Where a notice is given to a council under subsection (4a), and a report from the council is not received by the Development Assessment Commission within two months of the date of the notice, it will be conclusively presumed that the council does not intend to report on the matter.

(7) The Development Assessment Commission must assess an application lodged with it under this section.

(7a) The regulations may provide that where an application relates to a proposed development of a prescribed class, the Development Assessment Commission must refer the application, together with a copy of any relevant information provided by the proponent, to a body prescribed by the regulations for comment and report within the time prescribed by the regulations.
(7b) A prescribed body may, before it provides a report under subsection (7a), request the proponent—

(a) to provide additional documents or information (including calculations and technical details) in relation to the application; and

(b) to comply with any other requirements or procedures of a prescribed kind.

(7c) If an application is referred to a prescribed body under subsection (7a) and a report from the prescribed body is not received by the Development Assessment Commission within a period determined under the regulations, it will be conclusively presumed that the prescribed body does not intend to report on the matter.

(7d) If an application is for a development that involves construction work where the total amount to be applied to the work will, when all stages are complete, exceed $4,000,000, other than an application for a variation to an approved development that, in the opinion of the Development Assessment Commission, is of a minor nature, the Development Assessment Commission must—

(a) by public advertisement, invite interested persons to make written submissions to it on the proposal within a period of at least 15 business days; and

(b) allow a person who has made a written submission to it within that period and who, as part of that submission, has indicated an interest in appearing before it, a reasonable opportunity to appear personally or by representative before the Development Assessment Commission to be heard in support of his or her submission; and

(c) give due consideration in its assessment of the application to any submissions made by interested persons as referred to in paragraph (a) or (b).

(7e) The Development Assessment Commission will then prepare a report to the Minister on the matter.

(8) If it appears to the Development Assessment Commission that the proposal is seriously at variance with—

(a) the provisions of the appropriate Development Plan (so far as they are relevant); or

(b) any code or standard prescribed by the regulations for the purposes of this provision,

specific reference to that fact must be included in the report.

(9) If a council has, in relation to any matters referred to the council under subsection (4a), expressed opposition to the proposed development in its report under subsection (5), a copy of the report must be attached to the Development Assessment Commission's report (unless the council has, since providing its report, withdrawn its opposition).

(9a) If a prescribed body has provided a report under subsection (7a), a copy of the report must also be attached to the Development Assessment Commission's report.

(10) The Development Assessment Commission must, unless the Minister grants an extension of time, furnish its report within the time prescribed by the regulations.
(11) Where a request is made under subsection (4), any period between the date of request and the date of compliance is not to be included in the calculation of the period under subsection (10).

(12) The Minister may, after receipt of the report of the Development Assessment Commission under this section (and after taking such action (if any) as the Minister thinks fit)—
   (a) approve the development; or
   (b) refuse to approve the development.

(13) An approval may be given—
   (a) for the whole or part of a proposed development;
   (b) subject to such conditions as the Minister thinks fit.

(14) An approval under this section will be taken to be given subject to the condition that, before any building work is undertaken, the building work be certified by a private certifier, or by some person determined by the Minister for the purposes of this provision, as complying with the provisions of the Building Rules to the extent that is appropriate in the circumstances.

(15) A person acting under subsection (14) must—
   (a) seek and consider the advice of the Building Rules Assessment Commission before giving a certificate in respect of building work that would be at variance with the performance requirements of the Building Code; and
   (b) take into account the criteria, and comply with any requirement, prescribed by the regulations before giving a certificate in respect of building work that would otherwise involve a variance with the Building Rules,

and if the person gives a certificate that involves building work that is at variance with the Building Rules then the person must, subject to the regulations, specify the variance in the certificate.

(16) A person engaged to perform building work for a development approved under this section must—
   (a) ensure that the building work is performed in accordance with technical details, particulars, plans, drawings and specifications certified for the purposes of subsection (14); and
   (b) comply with the Building Rules (subject to any certificate under subsection (14) that provides for a variance with the Building Rules), and any other requirements imposed under this section.

Penalty: Division 3 fine.
Default penalty: $500.

(17) A person must not contravene, or fail to comply with, a condition of an approval under this section.

Penalty: Division 3 fine.
Additional penalty.
Default penalty: $500.
Development Act 1993—18.9.2014
Part 4—Development assessment
Division 3A—Electricity infrastructure development

(18) If—

(a) a council has, in a report under this section, expressed opposition to a development that is approved by the Minister (and the council has not, since providing its report, withdrawn its opposition); or

(b) the Minister approves a development that is, according to the report of the Development Assessment Commission, seriously at variance with a Development Plan, or a prescribed code or standard,

the Minister must, as soon as practicable, prepare a report on the matter and cause copies of that report to be laid before both Houses of Parliament.

(19) If the Minister approves a development under this section, no other procedure or requirement relating to the assessment of the development under this Act applies and no other development authorisation (including a certificate or approval under Part 6) is required under this Act, although the Minister may, if necessary for the purposes of any other Act, issue any other development authorisation under this Act (which will then be taken, for the purposes of that other Act, to have been issued by a relevant authority under this Act).

(20) Despite a preceding subsection, if the Minister directs that an EIS, PER or DR be prepared with respect to a development otherwise within the ambit of this section then—

(a) this section ceases to apply to the development; and

(b) the proponent must not undertake the development without the approval of the Governor under section 48; and

(c) unless section 48(2)(a) applies, the development becomes, according to a determination of the Development Assessment Commission, subject to the processes and procedures prescribed by Division 2 with respect to the preparation and consideration of an EIS, a PER or a DR.

(21) No appeal lies against a decision of the Minister under this section.

(22) Subject to subsection (23), this section does not apply to any development within the Adelaide Park Lands (and any such development must be assessed under another Division (other than Division 3)).

(23) Subsection (22) does not apply so as to exclude the Governor making a regulation under subsection (3) with respect to minor works of a prescribed kind.

Division 4—Supplementary provisions

50—Open space contribution scheme

(1) Where an application under this Part provides for the division of land into more than 20 allotments, and one or more allotments is less than one hectare in area—

(a) the council in whose area the land is situated; or

(b) if the land is not situated within the area of a council—the Development Assessment Commission,

may require—
(c) that up to 12.5 per cent in area of the relevant area be vested in the council or the Crown (as the case requires) to be held as open space; or

(d) that the applicant make the contribution prescribed by the regulations in accordance with the requirements of this section; or

(e) that land be vested in the council or the Crown under paragraph (c) and that the applicant make a contribution determined in accordance with subsection (7),

according to the determination and specification of the council or the Development Assessment Commission and, in so acting, the council or the Development Assessment Commission must have regard to any relevant provision of the Development Plan that designates any land as open space and, in the case of a council, must not take any action that is at variance with that Development Plan without the concurrence of the Development Assessment Commission.

(2) Where an application under this Part provides for—

(a) the division of land into 20 allotments or less, and one or more allotments is less than one hectare in area; or

(b) the division of land under the *Community Titles Act 1996* or the *Strata Titles Act 1988*,

then, unless the division is of a kind excluded from the operation of this section by the regulations—

(c) the Development Assessment Commission may require the applicant to pay to the Development Assessment Commission the contribution prescribed by the regulations in accordance with the requirements of this section; or

(d) the Development Assessment Commission may enter into an agreement with the applicant under which—

(i) certain land described by the relevant plan will be vested (as a separate allotment) in the council in whose area the land is situated or, where the land is not situated within the area of a council, in the Crown, to be held as open space; and

(ii) the applicant will make a contribution under this section.

(3) Where land referred to in subsection (2) is in the area of a council, the council must be a party to an agreement referred to in subsection (2)(d).

(3a) Where an application under this Part provides for the undertaking of development of a prescribed class in prescribed circumstances (being development that does not fall within the ambit of subsection (1) or (2)), the Development Assessment Commission may require—

(a) that an area not exceeding the prescribed percentage of the total area of the site of the development be kept as open space or in some other form that allows for active or passive recreation (as determined by the Development Assessment Commission), with some or all of this area to be vested in the Crown or, with the concurrence of the council, a council; or

(b) that the applicant pay the contribution prescribed by the regulations to the Development Assessment Commission; or
(c) that certain land be kept in the manner contemplated by paragraph (a) and that the applicant will make a contribution to the Development Assessment Commission under this section.

(3b) The percentage prescribed under subsection (3a)(a) must not exceed 12.5 per cent.

(4) The council and the Development Assessment Commission must ensure that there is consistency between—

(a) a requirement imposed under subsection (1), (2) or (3a), or an agreement entered into under subsection (2); and

(b) the terms of any development authorisation given under this Act.

(5) Without limiting the operation of any other provision of this Act, the regulations prescribing rates of contribution for the purposes of this section may make different provisions according to designated parts of the State delineated by zone maps in Development Plans.

(7) The contribution that may be required under subsection (1)(c) will be determined in accordance with the following formula:

\[
P = PC \left[ \frac{(12.5 - OS)}{12.5} \times NA \right]
\]

where—

\(P\) = the contribution payable

\(PC\) = the rate of contribution prescribed by the regulations for each new allotment or strata lot within the relevant part of the State that do not exceed 1 hectare in area

\(OS\) = the area of land (expressed as a percentage of the relevant area) to be vested in the council or the Crown as open space

\(NA\) = the number of new allotments or strata lots delineated on the plan that do not exceed one hectare in area.

(8) For the purposes of this section, where a plan divides a number of existing allotments or strata lots into an equal or lesser number of allotments or strata lots, the allotments or strata lots into which the land is divided will not be regarded as being new allotments or strata lots, and where a plan divides a number of existing allotments or strata lots into a greater number of allotments or strata lots, the number by which the greater number of allotments or strata lots exceeds the existing number of allotments or strata lots will be taken to be the number of new allotments or strata lots created by the plan and, for the purpose of determining the area of the new allotments or strata lots, the smallest allotment or strata lot delineated on the plan will be regarded as the first of the new allotments or strata lots, the next to smallest will be regarded as the second, and so on.

(9) Payment by the applicant under subsection (1) must be made—

(a) to the council in whose area the land is situated;

(b) if the land is not situated within the area of a council—to the Development Assessment Commission.
(10) Money received under this section—

(a) in the case of money received by a council—must be immediately paid into a special fund established for the purposes of this section and applied by the council for the purpose of acquiring or developing land as open space;

(b) in the case of money received by the Development Assessment Commission—must be paid into the Fund or, in the case of money received under subsection (3a), dealt with in any other manner prescribed by the regulations.

(11) Where a council or the Development Assessment Commission is satisfied that the division of land is being undertaken in stages, this section does not apply to an application for development authorisation to the extent that an earlier application in respect of the same development has addressed the requirements of this section in respect of the area of land as a whole.

(12) This section does not apply to a development approved under Division 3 unless—

(a) the approval provides for the division of land into five or more allotments; and

(b) the Minister, at the time that the approval is given under that Division, by notice in writing to the relevant State agency, the Development Assessment Commission and the council in whose area the land is situated, determines that this section will apply.

(13) In this section, unless the contrary intention appears—

*allotment* has the same meaning as in Part 19AB of the *Real Property Act 1886* and in addition includes a community lot (not being a strata lot) and a development lot within the meaning of the *Community Titles Act 1996* but does not include—

(a) a strata lot within the meaning of the *Community Titles Act 1996* or a unit within the meaning of the *Strata Titles Act 1988* or common property within the meaning of either of those Acts; or

(b) a road, street, thoroughfare, reserve or other similar open space delineated on the relevant plan;

*strata lot* means a strata lot within the meaning of the *Community Titles Act 1996* and includes a unit created by a strata plan under the *Strata Titles Act 1988*;

*the relevant area* means the area of land delineated on the relevant plan, excluding any allotment that exceeds one hectare in area other than a road, street, thoroughfare, reserve or similar open space delineated on the relevant plan.

### 50A—Carparking fund

(1) A council may, with the approval of the Minister, establish a carparking fund for an area designated by the council (a *designated area*).

(2) The establishment of a fund will be effected by notice in the Gazette.

(3) A designated area must be defined by reference to an area established by the relevant Development Plan.

(4) A fund will consist of—

(a) all amounts paid to the credit of the fund under subsection (5); and

Part 4—Development assessment
Division 4—Supplementary provisions

(b) any income paid into the fund under subsection (7).

(5) If—

(a) a person is proposing to undertake development within a designated area; and

(b) application for development plan consent is made under this Part; and

(c) the relevant authority determines, after taking into account the provisions of
the relevant Development Plan, that the proposal does not provide for
sufficient spaces for the parking of cars at the site of the development; and

(d) the relevant authority and the applicant agree that the applicant will make a
contribution to the relevant carparking fund in lieu of providing a certain
number of spaces for the parking of cars at the site of the development,

then the applicant must make a contribution to the carparking fund of an amount
calculated in accordance with a determination of the relevant council (and the
development may proceed despite the situation with respect to carparking at the site of
the development).

(6) A determination of a council for the purposes of calculating amounts to be paid into a
carparking fund—

(a) has effect when published in the Gazette; and

(b) may be varied by the council from time to time by further notice in the
Gazette.

(7) Any money in a carparking fund that is not for the time being required for the purpose
of the fund may be invested by the council and any resultant income must be paid into
the fund.

(8) The money standing to the credit of a carparking fund may be applied by the council
for any of the following purposes (and for no other purpose):

(a) to provide carparking facilities within the designated area; or

(b) to provide funds for (or towards) the maintenance, operation or improvement
of carparking facilities within the designated area; or

(c) to provide funds for (or towards) the establishment, maintenance or
improvement of transport facilities within the area of the council with a view
to reducing the need or demand for carparking facilities within the designated
area.

Note—
1 Money standing to the credit of a carparking fund may only be used for specific
purposes—see subsection (8).

50B—Urban trees fund

(1) A council may, with the approval of the Minister, establish a fund (an urban trees
fund) for an area designated by the council (a designated area).

(2) The establishment of the fund will be effected by notice in the Gazette.

(3) A designated area must be defined by reference to an area established by the relevant
Development Plan.
(4) A fund will consist of—

(a) all amounts paid into the fund as a condition of a development authorisation under section 42; and

(b) any income paid into the fund under subsection (5); and

(c) any amounts paid to the credit of the fund under subsection (7).

(5) Any money in an urban trees fund that is not for the time being required for the purpose of the fund may be invested by the council and any resultant income must be paid into the fund.

(6) Money standing to the credit of an urban trees fund may be applied by the council—

(a) to maintain or plant trees in the designated area which are or will (when fully grown) constitute significant trees under this Act; or

(b) to purchase land within the designated area in order to maintain or plant trees which are or will (when fully grown) constitute significant trees under this Act.

(7) The council must, if it subsequently sells land purchased under subsection (6)(b), pay the proceeds of sale into an urban trees fund maintained by the council under this section, subject to the following qualifications:

(a) if an urban trees fund is no longer maintained by the council, the proceeds must be applied for a purpose or purposes consistent with subsection (6)(a) or (b);

(b) if money from an urban trees fund only constituted a proportion of the purchase price of the land (the designated proportion), the money that is subject to these requirements is the designated proportion of the proceeds of sale.

(8) Despite the operation of any other provision, if—

(a) a person is required to make a payment in lieu of planting 1 or more trees; and

(b) the person is a designated person,

then the amount of the payment that would otherwise apply must be discounted by 66.6%.

(9) In this section—

designated person means a person—

(a) who is an owner and occupier of the land where the relevant tree is situated; and

(b) who—

(i) is the holder of a current Pensioner Concession Card issued by the Commonwealth Government and is in receipt of a full Commonwealth pension in connection with that card; or

(ii) falls within a class of person prescribed by the regulations for the purposes of this definition.
51—Certificate in respect of the division of land

(1) Subject to any exclusion prescribed by the regulations, the following certificate is required in relation to a development that involves the division of land under this Act, namely a certificate from the Development Assessment Commission that it is satisfied that the prescribed conditions as to development have been satisfied, or that the applicant has, by virtue of an entitlement under the regulations, entered into a binding agreement, supported by adequate security and, if the regulations so require, in a form prescribed by the regulations, for the satisfaction of any such condition.

(2) Before the Development Assessment Commission issues a certificate it may require the applicant, the council for the area in which the land is situated (if any), or any other person or body, to furnish it with appropriate information as to compliance with a particular condition, or to comply with any requirement prescribed by the regulations.

(3) A certificate will be issued in the prescribed manner and form.

(4) The Development Assessment Commission must, as soon as practicable after issuing a certificate under subsection (1) that relates to land within the area of a council, furnish the council with such information as the regulations may require.

(5) The Development Assessment Commission may give a certificate under subsection (1) in relation to a particular stage of a development constituted by the division of land.

(6) A certificate issued under this section will, unless extended by the Development Assessment Commission within the period prescribed by the regulations, lapse at the end of that prescribed period.

52—Saving provisions

(1) A development for which development authorisation has been granted may be undertaken and completed in accordance with that authorisation notwithstanding an amendment to a Development Plan or the Building Rules that takes effect after the date on which the application for the development authorisation was made (insofar as the application relates to an assessment in respect of the Development Plan or Building Rules).

(2) An activity that becomes a development by virtue of an amendment to this Act, but was lawfully commenced within three years before the amendment took effect, may be continued and completed, without any development authorisation, within three years after the date on which the amendment took effect.

(3) Where—

   (a) a consent, approval or authorisation is required under an Act or Acts (but not this Act) for a proposed activity or development; and

   (b) an amendment is made to this Act that requires approval to be obtained for a development of that kind, or an amendment is made to the relevant Development Plan so that development of that kind becomes a non-complying development; and

   (c) on the date on which the amendment to the Act or the Development Plan takes effect, all the required, consents, approvals and authorisations had been obtained but the activity or development had not been commenced,
the activity or development will, for the purposes of this section, be presumed to have commenced on the date of the consent, approval or authorisation or, where more than one was required, the date of the consent, approval or authorisation that was last obtained.

(4) A relevant authority may, in order to avoid or reduce hardship, extend the limitation period referred to in subsection (2).

(5) A reference in this section to an amendment to this Act extends to the making of a regulation declaring an activity to constitute development and the variation of such a regulation.

(6) In this section—

activity means an act or activity.

52A—Avoidance of duplication of procedures etc

(1) The purpose of this section is to provide for the avoidance of unnecessary duplication of procedures and compliance requirements under the Commonwealth Act and this Act where an activity requires development authorisation under this Act and approval under the Commonwealth Act.

(2) Despite any other provision of this Act, the Governor, the Minister, the Development Assessment Commission, a council or other authority under this Act may—

(a) accept a Commonwealth Act document as an application, notice or other document for the purposes of this Act if (subject to subsection (7)) the document complies with the requirements of this Act; and

(b) direct that a procedure taken under the Commonwealth Act in relation to a Commonwealth Act document that has been accepted by the authority under paragraph (a) will be taken to have fulfilled the requirement for a procedure in relation to the relevant document under this Act if the requirements of this Act in relation to the procedure have been complied with; and

(c) instead of the authority, or some other person, preparing a plan, report, statement, assessment or other document under this Act, adopt or accept the whole or part of a document (whether a plan, report, statement, assessment or other document of the same kind or not) used, or to be used, for the purposes of the Commonwealth Act as the document required under this Act if (subject to subsection (7)) the document has been prepared in compliance with this Act and complies with the requirements of this Act.

(4) When preparing an Assessment Report as required by section 46B(9), 46C(9) or 46D(8), the Minister may include in the Report the whole or part of an assessment report (as defined in subsection (9)) if, subject to subsection (7), the assessment report, or the relevant part of it, complies with the requirements of this Act.

(5) To avoid doubt, where a controlled action under the Commonwealth Act is an activity or part of an activity, or includes an activity, for which a development authorisation is required under this Act, the authority may, when considering an application for a development authorisation, or for the variation of a development authorisation, for the activity, use information and other material provided to the Commonwealth Minister under the Commonwealth Act for the purpose of deciding whether to give his or her approval to the controlled action under that Act.
(6) Where a controlled action under the Commonwealth Act is an activity or part of an activity, or includes an activity, for which a development authorisation is required under this Act, the authority—

(a) must, if—

(i) the Commonwealth Minister has given his or her approval to the controlled action; and

(ii) the applicant for the development authorisation or the Commonwealth Minister has informed the authority of that fact,

consider whether the conditions (if any) to be attached to the development authorisation should be consistent with the conditions (if any) attached to the Commonwealth Minister's approval under the Commonwealth Act;

(b) may attach a condition to the development authorisation that requires compliance with all or some of the conditions attached to the Commonwealth Minister's approval under the Commonwealth Act.

(7) A document accepted or adopted under this section—

(a) may be in a form that does not comply with the requirements of this Act; and

(b) may include information or other material that is irrelevant for the purposes of this Act.

(8) Once a document is accepted or adopted under this section or a direction has been given in relation to a procedure under subsection (2)(b), the document or procedure will not be invalid or ineffective for the purposes of this Act because a court, tribunal or other authority has decided that it is invalid or ineffective for the purposes of the Commonwealth Act.

(9) In this section—

assessment report means—

(a) an assessment report as defined in the Commonwealth Act by reference to section 84(3), 95, 100 or 105 of that Act; or

(b) a report under section 121 of the Commonwealth Act;

the authority means the Governor, the Minister, the Development Assessment Commission, a council or other authority under this Act or an authority to which a proposed development has been referred under this Act;

Commonwealth Act means the Environment Protection and Biodiversity Conservation Act 1999 of the Commonwealth;

(a) a referral under section 68, 69 or 71 of the Commonwealth Act; or

(b) information given by a person to the Minister under the Commonwealth Act under section 86 of that Act; or

(c) information and invitation published by a proponent under section 93 of the Commonwealth Act; or

(d) guidelines prepared under section 97 or 102 of the Commonwealth Act; or

(e) a draft report prepared under section 98 of the Commonwealth Act; or
(f) a finalised report prepared under section 99 of the Commonwealth Act; or
(g) a draft statement prepared under section 103 of the Commonwealth Act; or
(h) a finalised statement prepared under section 104 of the Commonwealth Act; or
(i) an assessment report.

53—Law governing proceedings under this Act

(1) Where an application is made for a development authorisation under this Act, the law to be applied in deciding the application and the law to be applied in resolving any issues arising from the decision in any proceedings (whether brought under this Act or not) is the law in force as at the time the application was made.

(2) The provisions of a Development Plan that are relevant to the consideration of an application for a development plan consent and to the resolution of issues arising in subsequent proceedings based on that application (whether brought under this Act or not) are the provisions of the relevant Development Plan as in force at the time the application was made.

(3) The provisions of the Building Rules that are relevant to the consideration of an application for a building rules consent and to the resolution of issues arising in subsequent proceedings based on that application (whether brought under this Act or not) are the provisions of the Building Rules as in force at the time the application was made.

(4) Where a place that is the subject of an application for development authorisation under this Act becomes a State heritage place within the meaning of this Act, the place will be taken to have been a State heritage place for the purposes of this section at the time the application was made.

(5) Where a place that is subject of an application for development authorisation under this Act becomes subject to an order under the Heritage Places Act 1993 that requires a person to stop any work or activity, or prohibits any work or activity, the order will be taken to have been in force for the purposes of this section at the time the application was made.

53A—Requirement to up-grade building in certain cases

(1) If an application for a building rules consent relates to building work in the nature of an alteration to a building constructed before the date prescribed by regulation for the purposes of this subsection and the building is, in the opinion of the relevant authority, unsafe, structurally unsound or in an unhealthy condition, the relevant authority may require, as a condition of consent, that building work that conforms with the requirements of the Building Rules be carried out to the extent reasonably necessary to ensure that the building is safe and conforms to proper structural and health standards.

(2) If—

(a) application is made for building rules consent for building work in the nature of an alteration of a class prescribed by the regulations; and
(b) the relevant authority is of the opinion that the affected part of the building does not comply with the performance requirements of the Building Code in relation to access to buildings, and facilities and services within buildings, for people with disabilities,

the relevant authority may require, as a condition of consent, that building work or other measures be carried out to the extent necessary to ensure that the affected part of the building will comply with those performance requirements of the Building Code.

(3) However, the regulations may specify circumstances in which a relevant authority may not require building work or other measures, or a specified kind of building work or measure, to be carried out under subsection (2).

54—Urgent building work

(1) Where building work must be performed as a matter of urgency—

(a) to protect any person or building; or

(b) to provide accommodation for students at an educational institution; or

(c) in any other circumstance of a prescribed kind,

a person may, despite any other provision of this Part (but subject to subsection (2)), perform the building work.

(2) If building work is undertaken under subsection (1)—

(a) the person who undertakes the work must immediately notify the relevant authority in accordance with the regulations; and

(b) where the work affects a State heritage place or a local heritage place, the work must, so far as is reasonably practicable, be undertaken to conserve its heritage value; and

(c) the owner of the land on which the work is carried out must, as soon as practicable after the commencement of the work and in any event within the prescribed period, apply for the appropriate development authorisation under this Act; and

(d) if that development authorisation is refused, the person who undertakes the work must, subject to any direction issued by a relevant authority, within a period specified by a relevant authority, ensure that any land or building affected by the work is reinstated, so far as is practicable, to the state or condition that existed immediately before the commencement of the work.

Maximum penalty: $60 000.

(3) If building work is lawfully undertaken under subsection (1) by the Crown (or an agency or instrumentality of the Crown), the Crown (or agency or instrumentality) is not liable for any costs incurred by any person in complying with subsection (2).

54A—Urgent work in relation to trees

(c) the Development Assessment Commission; or

(d) the Minister.

56A—Councils to establish development assessment panels

(in any combination);

(ii) with respect to the members of the panel who are not within the ambit of subparagraph (i):

(A) each must be a fit and proper person to be a member of a council development assessment panel; and

(h) the office of a member of the panel will become vacant if the member—

(i) dies; or

(ii) completes a term of office and is not reappointed; or

(iii) resigns by written notice to the council; or

(iv) becomes bankrupt or applies to take the benefit of a law for the relief of insolvent debtors; or

(v) is convicted of an indictable offence punishable by imprisonment; or

(vi) is removed from office by the council under paragraph (g).

(4) A reference to an officer of a council under subsection (3) will be taken to include a reference to a person who is a consultant engaged by the council.

(b) must not take part in any hearings conducted by the panel, or in any deliberations or decision of the panel, on the matter and must be absent from the meeting when any deliberations are taking place or decision is being made.

Penalty: Division 4 fine.

(8) Without limiting the effect of subsection (7), a member of a council development assessment panel will be taken to have an interest in a matter for the purposes of that subsection if an associate of the member has an interest in the matter.

(9) The provisions of Chapter 13 Part 1 of the Local Government Act 1999 extend to council development assessment panels and to members of council development assessment panels as if—

(a) a reference to a member of a council were a reference to a member of a council development assessment panel; and

(b) a reference to section 74 of that Act were a reference to subsections (7) and (8) of this section; and

(c) a reference to any office under the Local Government Act 1999 were a reference to the office of a member of a council development assessment panel under this Act; and

(d) a reference to a council were a reference to a council development assessment panel; and

(e) a reference to a public official included a reference to a public officer of a council development assessment panel appointed under subsection (22) of this section.

(10) A member of a council development assessment panel incurs no liability for an honest act done in the exercise or performance, or purported exercise or performance, of powers or functions under this Part.
Subject to subsection (12), a meeting of a council development assessment panel must be conducted in a place open to the public.

A council development assessment panel may exclude the public from attendance—

(a) during so much of a meeting as is necessary to receive, discuss or consider in confidence any of the following information or matters:

(i) information the disclosure of which would involve the unreasonable disclosure of information concerning the personal affairs of any person (living or dead);

(ii) information the disclosure of which—

(A) could reasonably be expected to confer a commercial advantage on a person, or to prejudice the commercial position of a person; and

(B) would, on balance, be contrary to the public interest;

(iii) information the disclosure of which would reveal a trade secret;

(iv) commercial information of a confidential nature (not being a trade secret) the disclosure of which—

(A) could reasonably be expected to prejudice the commercial position of the person who supplied the information, or to confer a commercial advantage on a third party; and

(B) would, on balance, be contrary to the public interest;

(v) matters affecting the safety or security of any person or property;

(vi) information the disclosure of which could reasonably be expected to prejudice the maintenance of law, including by affecting (or potentially affecting) the prevention, detection or investigation of a criminal offence, or the right to a fair trial;

(vii) matters that must be considered in confidence in order to ensure that the council does not breach any law, order or direction of a court or tribunal constituted by law, any duty of confidence, or other legal obligation or duty;

(viii) legal advice;

(ix) information relating to actual litigation, or litigation that the panel believes on reasonable grounds will take place;

(x) information the disclosure of which—

(A) would divulge information provided on a confidential basis by or to a Minister of the Crown, or another public authority or official (not being an employee of the council, or a person engaged by the council); and

(B) would, on balance, be contrary to the public interest; or

(b) during so much of a meeting that consists of its discussion or determination of any application or other matter that falls to be decided by the panel.
(13) A council development assessment panel must ensure that accurate minutes are kept of its proceedings.

(14) A disclosure under subsection (7)(a) must be recorded in the minutes of the council development assessment panel.

(15) Members of the public are entitled to reasonable access—
   (a) to the agendas for meetings of a council development assessment panel; and
   (b) to the minutes of meetings of a council development assessment panel.

(16) However, a council development assessment panel may, before it releases a copy of any minutes under subsection (15), exclude from the minutes information about any matter dealt with on a confidential basis by the panel.

(17) Minutes must be available under subsection (15)(b) within five days after their adoption by the members of the panel.

(18) An act of a council development assessment panel is not invalid by reason only of a vacancy in its membership or a defect in the appointment of a member.

(18a) A quorum at a meeting of a council development assessment panel is a number ascertained by dividing the total number of members of the panel for the time being in office by 2, ignoring any fraction resulting from the division, and adding 1.

(18b) Each member of a council development assessment panel present at a meeting of the panel is entitled to 1 vote on any matter arising for decision and, if the votes are equal, the member presiding at the meeting is entitled to a second or casting vote.

(19) Subject to this Act, the procedures to be observed in relation to the conduct of the business of a council development assessment panel will be—
   (a) as prescribed by regulation; or
   (b) insofar as a procedure is not prescribed under paragraph (a)—as determined by the panel.

(20) A council must, at the request of the Minister, provide information to the Minister—
   (a) about the constitution of a council development assessment panel under this section; or
   (b) about the powers and functions delegated to a council development assessment panel under this section.

(21) Except as otherwise provided in this section, the Local Government Act 1999 does not apply to, or in relation to, a council development assessment panel established under this section (including with respect to its members when acting under this section or its processes or procedures).

(22) Each council development assessment panel must have a public officer (who must not be a member of the panel) appointed by the council.

(23) A council must, on appointing a public officer, ensure that notice of the appointment (including the public officer's name and contact details) is published in the Gazette.
(24) The functions of a public officer include ensuring the proper investigation of complaints about the conduct of a member of the relevant panel (but nothing in this section prevents a person making a complaint to the Ombudsman at any time under the Ombudsman Act 1972 or the public officer referring a complaint to another person or authority for investigation or determination).

(25) A council is responsible for any costs, expenses or liabilities arising in relation to the activities of its council development assessment panel (but a council is not responsible for any liability arising from anything done by a member of a panel that is not within the ambit of subsection (10)).

(26) Despite a preceding subsection, a council is not required to establish a council development assessment panel under this section if all of its powers and functions as a relevant authority (after taking into account any powers or functions that have been assigned to a regional development assessment panel or other body under this Act) have been delegated to other persons or bodies under this Act.

(27) In addition, the Minister may, on application by a council with an area that lies wholly outside Metropolitan Adelaide, exempt the council from the requirement to establish a panel under this section if the Minister is satisfied that the number of applications for development plan consent made to the council as a relevant authority under this Act in any year (on average) does not justify the constitution of a panel under this section.

(28) The Minister may, after consultation with the relevant council, revoke an exemption under subsection (27) if the Minister forms the view that circumstances within the area of the council have changed to such an extent that an exemption under that subsection is no longer appropriate.

(29) If a council is granted an exemption under subsection (27), subsections (23) to (26) (inclusive) of section 34 do not apply in relation to the council while the exemption is in force.

(b) to the extent that the auditor thinks that it is appropriate to do so—to allow an auditor to check technical aspects of assessments of proposed developments against the provisions of the Building Rules; and

(c) to examine and, if appropriate, report on any other aspect of the work of the council or the private certifier prescribed by the regulations for the purposes of this section.

(4) The first audit under this section must be completed as follows:

(7) It will be grounds for the cancellation of the registration of a private certifier if—

(a) the private certifier has not complied with subsection (6); or

(b) the registration authority considers that the private certifier has not adequately addressed any matter identified by an auditor during the course of an audit under this section.

(8) An audit conducted under this section will relate to an antecedent period, not exceeding the prescribed period, determined to be appropriate by the auditor.

(9) An audit under this section may be conducted by—

(11) An auditor must report to the Minister any contravention or failure on the part of a council or private certifier (as the case may be) to comply with the requirements of this Act (including those prescribed by the regulations) or the Building Rules in a significant respect or to a significant degree in undertaking the assessment of proposed developments against the provisions of the Building Rules under this Part identified by the auditor during the course of an audit.

(12) If an auditor provides a report to the Minister under subsection (11), the Minister may, after taking such action as the Minister thinks fit—

(a) make recommendations to the council or private certifier (as the case may be);

(b) if the Minister considers that the council or private certifier (as the case may be) has contravened or failed to comply with the requirements of this Act (including those prescribed by the regulations) or the Building Rules in a significant respect or to a significant degree, give directions to the council or private certifier to rectify the matter, or to take specified action with a view to preventing a recurrence of any act, failure or irregularity;

(c) in the case of a private certifier—disqualify the person from acting as a private certifier by notice in the Gazette.

(13) The Minister may, in taking action under subsection (12), if the Minister thinks fit, appoint an investigator or investigators to carry out an investigation under section 45A as if a ground had been made out for the purposes of subsection (1) of that section (and may then act under subsection (12)(a), (b) or (c) on the basis of a report presented to the Minister at the conclusion of the investigation).

(14) The Minister must, before taking action under subsection (12), give the council or private certifier a reasonable opportunity to make submissions in relation to the matter.

(15) If—

(a) the Minister makes a recommendation to a council or private certifier under subsection (12)(a); and

(b) the Minister subsequently considers that the council or private certifier has not, within a reasonable period, taken appropriate action in view of the recommendation,

the Minister may, after consultation with the council or private certifier, give directions to the council or private certifier.

(16) A council or private certifier must comply with a direction under subsection (12) or (15).

Penalty: Division 4 fine.

(17) No action in defamation lies in respect of the contents of a report under this section.

(18) An auditor must, in acting under this section, take into account any guidelines issued by the Minister for the purposes of this section.
(19) A person must not act as a building assessment auditor in relation to a particular council or private certifier if he or she is disqualified from so acting under the regulations.

(20) A regulation cannot be made for the purposes of this section unless the Minister has given the LGA notice of the proposal to make a regulation under this section and given consideration to any submission made by the LGA within a period (of between 3 and 6 weeks) specified by the Minister.

(21) Nothing in this section limits or affects the operation of—
   (a) section 45A; or
   (b) Chapter 13 Part 3 of the *Local Government Act 1999*,
   (but subject to any direction under this or any other provision, including under the *Local Government Act 1999*, a council is not prevented from acting under this Act on account of a failure to ensure that an audit is conducted in accordance with the requirements of this section).

(22) Nothing in this section limits or affects any other provision made by or under this Act with respect to the registration or activities of private certifiers.

Part 5—Land management agreements

57—Land management agreements

(1) The Minister may enter into an agreement relating to the development, management, preservation or conservation of land with the owner of the land.

(1a) Subject to subsection (1b), a greenway authority may enter into an agreement relating to the management, preservation or conservation of land with the owner of the land if—

(a) the land comprises a greenway, or part of a greenway, for which the authority is responsible; or

(b) where the land does not comprise a greenway—it is a term of an access agreement under the Recreational Greenways Act 2000 that the greenway authority will enter into the agreement.

(1b) A greenway authority that is not the Minister under the Recreational Greenways Act 2000 may only enter into an agreement under subsection (1a) if the agreement has been approved by that Minister.

(2) A council may enter into an agreement relating to the development, management, preservation or conservation of land within the area of the council with the owner of the land.

(2a) The Minister or a council must, in considering whether to enter into an agreement under this section which relates to the development of land and, if such an agreement is to be entered into, in considering the terms of the agreement, have regard to—

(a) the provisions of the appropriate Development Plan and to any relevant development authorisation under this Act; and

(b) the principle that the entering into of an agreement under this section by the Minister or a council should not be used as a substitute to proceeding with an amendment to a Development Plan under this Act.

(2b) Agreements entered into under this section after the commencement of this subsection must be registered in accordance with the regulations (and any such agreement will have no force or effect unless or until it is so registered).

(2c) A register must be kept available for public inspection (without charge) in accordance with the regulations.

(2d) A person is entitled, on payment of the prescribed fee, to a copy of an agreement registered under subsection (2b).

(2e) If an agreement is (or is to be) entered into under this section in connection with the granting of development plan consent with respect to a Category 2A, Category 2 or Category 3 development, a note of the existence of the agreement (or of the proposal to enter into the agreement), and of the availability of copies of the agreement for public inspection under this Act, must be included on the notice of the relevant authority's decision under this Act.

(3) The Minister, a greenway authority or a council has power to carry out on private land any work for which provision is made by agreement under this section.
(3a) An agreement under this section to which the Minister or a greenway authority is a party may include an indemnity from a specified form of liability or right of action, a waiver or exclusion of a specified form of liability or right of action, an acknowledgment of liability, or a disclaimer, on the part of a party to the agreement.

(3b) A provision under subsection (3a) may be expressed to extend to, or to be for the benefit of, a person or body who or which is not a party to the agreement and, in such a case, the person or body may enforce, or obtain the benefit of, the provision as if the person or body were a party to the agreement.

(4) An owner of land must not enter into an agreement under this section unless all other persons with a legal interest in the land consent.

(5) The Registrar-General must, on an application of a party to an agreement made for the purposes of this section, note the agreement against the relevant instrument of title or, in the case of land not under the provisions of the Real Property Act 1886, against the land.

(6) An agreement under this section has no force or effect under this Act until a note is made under subsection (5).

(7) Where a note has been entered under subsection (5), the agreement is binding on the current owner of the land whether or not the owner was the person with whom the agreement was made and notwithstanding the provisions of the Real Property Act 1886.

(8) The Registrar-General must, if satisfied on the application of the Minister, the greenway authority, the council or the owner of the land that an agreement in relation to which a note has been made under this section has been rescinded or amended, enter a note of the rescission or amendment against the instrument of title, or against the land.

(9) An agreement under this section may record the fact that development rights have been transferred from the land pursuant to a Development Plan.

(10) An agreement under this section may provide for remission of rates or taxes on the land but, except as so provided, such an agreement does not affect the obligations of an owner of land under any other Act.

(11) An agreement under this section entered into by a greenway authority or a council must not provide for the remission of rates or taxes payable to the Crown unless the Minister consents to the remission, and such an agreement entered into by the Minister must not provide for the remission of rates or taxes payable to a council unless the council consents to the remission.

(12) The existence of an agreement under this section may be taken into account when assessing an application for a development authorisation under this Act.

(13) In this section—

a greenway authority means—

(a) the Minister for the time being administering the Recreational Greenways Act 2000; or

(b) an association incorporated under the Associations Incorporation Act 1985 that has been approved by the Minister referred to in paragraph (a) as a greenway authority for the purposes of this definition;
owner of land includes—

(a) a person who has the care, control or management of a reserve; or
(b) a mortgagee in possession of the land.

57A—Land management agreements—development applications

(1) Subject to this section, a designated authority may enter into an agreement under this section with a person who is applying for a development authorisation under this Act that will, in the event that the relevant development is approved, bind—

(a) the person; and
(b) any other person who has the benefit of the development authorisation; and
(c) the owner of the relevant land (if he or she is not within the ambit of paragraph (a) or (b) and if the other requirements of this section are satisfied).

(2) An agreement under this section may relate to any matter that the person applying for the development authorisation and the designated authority agree is relevant to the proposed development (including a matter that is not necessarily relevant to the assessment of the development under this Act).

(3) However, the parties proposing to enter into an agreement must have regard to—

(a) the provisions of the appropriate Development Plan; and
(b) the principle that the entering into of an agreement under this section by the designated authority should not be used as a substitute to proceeding with an amendment to a Development Plan under this Act.

(4) An agreement under this section cannot require a person who has the benefit of the relevant development authorisation to make a financial contribution for any purpose that is not directly related to an issue associated with the development to which the agreement relates.

(5) Agreements entered into under this section must be registered in accordance with the regulations.

(6) A register must be kept available for public inspection (without charge) in accordance with the regulations.

(7) A person is entitled, on payment of the prescribed fee, to a copy of an agreement registered under subsection (5).

(8) If an agreement is entered into under this section in connection with an application for a development authorisation with respect to a Category 2A, Category 2 or Category 3 development, a note of the existence of the agreement must be included on the notice of the relevant authority's decision under this Act.

(9) A development to which an agreement under this section relates cannot be commenced pursuant to the relevant development approval unless or until the agreement has effect under this section.

Maximum penalty: $90 000.
Additional penalty.
Default penalty: $500.
(10) An agreement under this section does not have effect unless or until it is noted against the relevant instrument of title or land under this section.

(11) If an owner of the land is not a party to an agreement, an application to note the agreement against the relevant instrument of title or the land cannot be made without the consent of the owner (and the owner has a discretion as to whether or not to give his or her consent under this subsection).

(12) An owner of land must not enter into an agreement, or give a consent under subsection (11), unless all other persons with a legal interest in the land consent.

(13) A consent must be given in a manner and form determined by the Registrar-General.

(14) If the Registrar-General is satisfied that the requirements of this section have been satisfied, the Registrar-General must, on an application of a party to an agreement, note the agreement against the relevant instrument of title or, in the case of land not under the provisions of the Real Property Act 1886, against the land.

(15) Where a note has been entered under subsection (14), the agreement is binding on the current owner of the land whether or not the owner was an initial party to the agreement or the person who gave any consent for the purposes of subsection (11), and notwithstanding the provisions of the Real Property Act 1886.

(16) The Registrar-General must, if satisfied on the application of a party to the agreement, the Minister, or any owner of the relevant land, that an agreement under this section has been rescinded or amended, enter a note of the rescission or agreement against the instrument of title, or against the land.

(17) The fact that the Minister or a council is a party to an agreement under this section does not prevent the Development Assessment Commission or the council (or a delegate of the Development Assessment Commission or the council) from acting as a relevant authority under this Act in relation to the proposed development.

(18) If an agreement under this section does not have effect under this section (see subsection (10)) within the period prescribed by the regulations, the relevant authority may, by notice given in accordance with the regulations, lapse the relevant development approval (and the agreement will then be rescinded by force of this subsection).

(19) Despite a preceding subsection, an agreement under this section cannot make provision with respect to any matter excluded from the ambit of this section by the regulations.

(20) Nothing in this section affects or limits the operation of section 57.

(21) In this section—

**designated authority** means—

(a) the Minister; or

(b) another Minister designated by the Governor, by notice in the Gazette, as being a designated authority for the purposes of this section; or

(c) a council.
Part 6—Regulation of building work

Division 1—Preliminary

58—Interpretation

In this Part—

council means, in relation to any development or building that is not within the area of a council, a person or body, or a person or body of a class, prescribed by the regulations for the purposes of this definition.

Division 2—Notifications

59—Notification during building

(1) If building work is being carried out within the area of a council, then—

(a) a licensed building work contractor who is carrying out the work or who is in charge of carrying out the work; or

(b) if there is no such licensed building work contractor, the building owner, must, in accordance with a scheme prescribed by the regulations, notify the council within the prescribed period of the commencement or completion of a prescribed stage of work (a mandatory notification stage).

(2) The notification must, if the regulations so require, be accompanied or supported by a statement (a statement of compliance) from a person who holds prescribed qualifications that the building work has been carried out in accordance with the requirements of this Act.

Maximum penalty: $10 000.

(3) Subject to subsection (4), a person who is carrying out building work must, if directed to do so by the council, stop building work when a mandatory notification stage has been reached pending an inspection by an authorised officer who holds prescribed qualifications.

Maximum penalty: $10 000.

(4) An authorised officer must carry out an inspection under subsection (3) within 24 hours after a direction is given under that subsection and, if such an inspection is not carried out within that time, the person may proceed with the building work.
Division 3—Building work affecting other land

60—Work that affects stability

(1) Where a building owner proposes to carry out building work of a prescribed nature that is, in accordance with the regulations, to be treated for the purposes of this section as building work that affects the stability of other land or premises (the *affected land or premises*), the following provisions apply:

(a) the building owner must, at least 28 days before the building work is commenced, cause to be served on the owner of the affected land or premises a notice of intention to perform the building work and the nature of that work; and

(b) the building owner must (in addition to complying with any condition imposed by a relevant authority at the time of approval) take such precautions as may be prescribed to protect the affected land or premises and must, at the request of the owner of the affected land or premises, carry out such other building work in relation to that land or premises as that adjoining owner is authorised by the regulations to require; and

(c) nothing in this section relieves the building owner from liability for injury resulting from the performance of any building work.

(2) A building owner who fails to comply with a provision under subsection (1) is guilty of an offence.

Maximum penalty: $10 000.

(3) A building owner may apply to the Court for a determination of what proportion (if any) of the expense incurred by the building owner in the performance of the building work requested by the owner of affected land or premises under subsection (1) should be borne by the owner of that land or premises, and the building owner may recover an amount determined by the Court from the owner of the affected land or premises as a debt.

61—Construction of party walls

(1) If the owner of any land proposes to build a party wall, or to convert an existing structure into a party wall, on any part of the line of junction between the land and the land of another, the following provisions apply:

(a) the owner (being the building owner) must serve notice on the adjoining owner, describing the proposed wall; and

(b) if the adjoining owner consents to the building of the party wall, the wall must be built in the position agreed between the two owners; and

(c) the cost of building the party wall is to be borne by the two owners in due proportion, taking into account the use that is likely to be made of the wall by each owner; and

(d) a party wall cannot be built by the building owner without the consent of the adjoining owner; and
(e) the owners must create easements of support in respect of the party wall over their respective land and cause the easements to be registered under the Real Property Act 1886 or lodged under the Registration of Deeds Act 1935 (as the case may require) and the building owner is, in the absence of contrary agreement, liable for the expenses of, and incidental to, the registration.

(2) Where a party wall was lawfully built before 1 January 1974 and conforms with the law of this State as in force at the time of its erection, either owner may require the adjoining owner to create, and cause to be registered under the Real Property Act 1886 or lodged under the Registration of Deeds Act 1935 (as the case may require), an easement of support over his or her land in respect of the party wall, and the adjoining owner must comply with that requirement.

62—Rights of building owner

(1) Subject to obtaining any appropriate approval under this Act (and otherwise complying with this Act), a building owner has the following rights in addition to, and without prejudice to, any rights under any other Act or at common law:

(a) a right to make good, underpin or repair any party wall that is defective or out of repair; and

(b) a right to pull down and rebuild any party wall that is so defective or out of repair that it is necessary or expedient to pull it down; and

(c) a right to raise and underpin a party wall; and

(d) a right to pull down a party wall that is of insufficient strength for a proposed building (but the building owner must then rebuild a party wall of sufficient strength); and

(e) a right to cut into a party wall; and

(f) a right to perform any other building work in relation to the party wall prescribed by the regulations.

(2) The building owner is liable to make good any damage to adjacent premises, and the contents of adjacent premises, caused by the exercise of a right under this section.

(3) The building owner cannot, except with the consent in writing of the adjoining owner, exercise any right under this section unless, at least six weeks before doing so, he or she has served personally or by post on the adjoining owner a notice in writing stating the nature and particulars of the proposed building work and when it is to commence.

(4) Where a building owner proposes to exercise a right conferred under this section, the adjoining owner may, by notice in writing served personally or by post on the building owner, require the building owner to carry out such other building work on, or in relation to, the party wall as may be reasonably necessary for the convenience of the adjoining owner, and the building owner must comply with that requirement except where to do so would cause loss or damage to the building owner, or would cause undue inconvenience or delay.

(5) The adjoining owner is liable for all expenses incurred by the building owner under subsection (4).

(6) The building owner must, in the exercise of any right under this section, take reasonable steps to protect any adjoining land or premises.
(7) A building owner must not exercise any right under this section in such manner, or at such time, as will cause unnecessary inconvenience to the adjoining owner or occupier, and must perform any building work with due diligence.

63—Power of entry

(1) A building owner, or an authorised agent or employee, may, at any reasonable time, enter and remain on the land or premises of the adjoining owner for the purpose of performing any building work in accordance with sections 60, 61 or 62, and may perform any act that the nature of the building work requires.

(2) The building owner must serve, personally or by post, on the adjoining owner, at least 14 days before entering on the land or premises of the adjoining owner or, in the case of an emergency, as early as possible, notice of intention to enter the land or premises of the adjoining owner, stating the time at which the building owner proposes to enter the land or premises.

(3) The building owner, or an authorised agent or employee, accompanied by a member of the police force, may break into the premises of the adjoining owner.

64—Appropriation of expense

(1) The expense of building a party wall, or carrying out any building work in relation to a party wall, is to be borne in due proportion by the adjoining owners, having regard to the use that each owner is to make of the party wall.

(2) The building owner must, within 28 days after the completion of any building work in respect of which a contribution is payable by the adjoining owner, serve, personally or by post, on the adjoining owner an account showing the cost of the building work and the proportion of that cost that the building owner claims to be payable by the adjoining owner.

(3) If after the expiration of 28 days from the service of the account the account remains unpaid, the building owner may, by action in any court of competent jurisdiction, seek a determination of the amount payable to him or her by the adjoining owner, and recover that amount as a debt.

Division 4—Classification and occupation of buildings

65—Buildings owned or occupied by the Crown

This Division does not apply in respect of any building owned or occupied by the Crown (or an agency or instrumentality of the Crown), or to any building work carried on by the Crown (or by an agency, instrumentality, officer or employee of the Crown).

66—Classification of buildings

(1) Subject to this section, a building must have a classification determined in accordance with the regulations.

(2) A council may assign to a building erected in its area a classification that conforms with the regulations.

(4) Where a council assigns a classification under this section, the council must give notice in writing to the owner of the building to which the classification has been assigned, of the classification assigned to the building.
(5) Except with the consent of the owner, a classification cannot be assigned to a building erected before 1 January 1974 if, as a result of the classification being assigned to the building, the building could not continue to be used for a purpose for which it was lawfully being used before assignment of the classification.

(6) The owner of a building must not permit the building to be occupied unless the building is constructed, maintained and operated in accordance with the classification appropriate to its use.

   Maximum penalty: $10 000.
   Default penalty: $100.

67—Certificates of occupancy

(1) A person must not—
   (a) occupy a building on which building work is carried out after the commencement of this section unless an appropriate certificate of occupancy has been issued for the building, or the building is of a type excluded by the regulations from the requirements as to certificates of occupancy; or
   (b) occupy a building in contravention of a certificate of occupancy.

   Maximum penalty: $10 000.

(2) A certificate of occupancy will be issued by a council.

(3) An application for a certificate of occupancy must—
   (a) include any information required by the council; and
   (b) be accompanied by such certificates, reports or other documentation as the regulations may require; and
   (c) be accompanied by the appropriate fee.

(4) The regulations may provide that a report or consent from a prescribed agency or authority must be obtained in accordance with the regulations before the application can be granted (but if a report or consent is not received from the agency or authority within a period prescribed by the regulations, it will be presumed, unless the agency or authority indicates otherwise, that the agency or authority does not desire to make a report or consents (as the case requires)).

(5) The council must consider any report supplied under subsection (4) before deciding the application.

(6) The council must issue the certificate if it is satisfied (in accordance with procedures set out in the regulations and on the basis of information provided or obtained under this section) that the relevant building is suitable for occupation and complies with such requirements as may be prescribed by the regulations for the purposes of this provision.

(7) A certificate of occupancy does not constitute a certificate of compliance with the Building Rules.

(8) The regulations may specify the time within which an application should be decided under this section.

(9) An application will be taken to have been refused if not decided within the time specified by the regulations.
(10) A council which refuses an application must notify the applicant in writing of—
   (a) the refusal; and
   (b) the reasons for the refusal; and
   (c) the applicant's right of appeal under this Act.

(11) Any appeal under this section must be commenced within 28 days after a notice is given to the appellant under subsection (10) unless the Court allows an extension of time.

(12) A certificate of occupancy may apply to the whole or part of a building.

(13) A council may, in accordance with the regulations, revoke a certificate of occupancy in prescribed circumstances.

68—Temporary occupation

(1) A person may, with the approval of a council, occupy a building on a temporary basis without a certificate of occupancy.

(2) An approval under subsection (1) may be given on such conditions (if any) as the council thinks fit to impose.

(3) A council which refuses an application must notify the applicant in writing of—
   (a) the refusal; and
   (b) the reasons for the refusal; and
   (c) the applicant's right of appeal under this Act.

(4) Any appeal under this section must be commenced within 28 days after a notice is given to the applicant under subsection (3) unless the Court allows an extension of time.

68A—Private certifiers

(1) A private certifier who has granted a building rules consent for particular building work may also exercise the powers of a council under this Division in relation to the particular building.

(2) For the purposes of the operation of subsection (1)—
   (a) a reference in this Division to a council will be taken to include a reference to a private certifier acting under subsection (1); and
   (b) a decision of a private certifier under this Division has the same effect and is subject to appeal in the same way as a decision of the council that would otherwise be exercising the relevant function under this Division; and
   (c) a private certifier is subject to the same duties and requirements as the council that would otherwise be exercising the relevant function under this Division.
Division 5—Emergency orders

69—Emergency orders

(1) An authorised officer may make an emergency order under this section if the authorised officer is of the opinion that the order is necessary—

(a) because of a threat to safety arising out of the condition or use of a building or an excavation; or

(b) because of a threat to any State heritage place or local heritage place.

(1a) However, the power conferred by subsection (1)(a) may only be exercised by an authorised officer who holds prescribed qualifications.

(2) An emergency order may require the owner of any building or land to do any one or more of the following things:

(a) evacuate the building or land;

(b) not to conduct or not to allow the conduct of a specified activity or immediately terminate a specified activity;

(c) carry out building work or other work.

(3) An emergency order may also prohibit the occupation of a building or land or the use of a building or land for a specified activity, or an activity of a specified class.

(4) If an owner fails to carry out work as required by an emergency order, the council may cause the necessary work to be carried out.

(5) The reasonable costs and expenses incurred by the council (or any person acting on behalf of the council) under this section may be recovered by the council as a debt due from the owner.

(6) Where an amount is recoverable from a person by the council under this section—

(a) the council may, by notice in writing to the person, fix a period, being not less than 28 days from the date of the notice, within which the amount must be paid by the person, and, if the amount is not paid by the person within that period, the person is liable to pay interest charged at the prescribed rate on the amount unpaid; and

(b) the amount together with any interest charge so payable is until paid a charge in favour of the council on any land owned by the person.

(7) On completion of any work required to be carried out by an emergency order, the owner must notify the authorised officer in writing.

Penalty: Division 7 fine.

(8) An order under this section must be given in writing unless the authorised officer considers that urgent action is required, in which case it may be given orally.

(9) If the direction is given orally under subsection (8), the authorised officer who gave the direction must confirm the direction by notice in writing by 5 p.m. on the next business day.
(10) An appeal against an order under this section must be commenced within 14 days after the order is given to the appellant unless the Court allows a longer time for the commencement of the appeal.

(11) Subject to an order of the Court to the contrary, the operation of an order under this section is not suspended pending the determination of an appeal.

(12) A person who contravenes or fails to comply with an order under this section is guilty of an offence.
Penalty: Division 4 fine.
Default penalty: $200.

(13) It is a defence to a prosecution under subsection (12) if the defendant satisfies the court that he or she was unaware of the fact that an activity in respect of which the offence arose was the subject of an order under this section.

(14) In this section—
building includes a building in the course of construction;
excavation includes a well or hole.

Division 6—Building safety

70—Preliminary
Except as otherwise provided by the regulations, this Division does not apply in respect of—

(a) any building owned or occupied by the Crown (or an agency or instrumentality of the Crown), or to any building work carried on by the Crown (or by any agency, instrumentality, officer or employee of the Crown).

71—Fire safety

(1) An authorised officer who holds prescribed qualifications or a member of an appropriate authority may, at any reasonable time, enter and inspect any building for the purpose of determining whether the fire safety of a building is adequate.

(1a) An authorised officer who holds prescribed qualifications must conduct an inspection of a building under subsection (1) at the request of an appropriate authority or a fire authority.

(2) If an appropriate authority is satisfied that the fire safety of a building is not adequate, the appropriate authority may cause a notice to be served on the owner of the building.

(3) A notice under subsection (2) may—

(a) require the owner to report to the appropriate authority on the work or other measures necessary to ensure that the fire safety of the building is adequate; or

(b) in the case of an emergency—

(i) require the owner to carry out a programme of work, or to take any other measure, to overcome any fire hazard; or

(ii) require the evacuation of the building; or
(iii) prohibit the occupation or use of the building or a part of the building until the appropriate authority is satisfied that the fire hazard no longer exists; or

(iv) require the owner to take such other action prescribed by the regulations.

(4) A report under subsection (3)(a) must be provided to the appropriate authority within two months, or within such longer period as the appropriate authority may allow. Penalty: Division 7 fine.

(5) The owner may, during the period referred to in subsection (4), make representations to the appropriate authority about the fire safety of the building and the work or other measures to be carried out or taken.

(6) An appropriate authority may, after receiving a report under subsection (3) (or, in the event of a failure to provide a report in accordance with this section), by notice given to the owner of the building—

(a) require the owner to seek an appropriate development authorisation under this Act and, if granted, to carry out a programme of work or to take other measures to ensure that the fire safety of the building is adequate; or

(b) prohibit the occupation or use of the building or a part of the building until the appropriate authority is satisfied that any fire hazard no longer exists; or

(c) require the owner to take such other action prescribed by the regulations.

(10) On completion of any work required to be carried out by a notice under this section, the owner must notify the appropriate authority in writing. Penalty: Division 7 fine.

(11) An appropriate authority may, at the request of the owner, vary a notice under this section or may, on its own initiative, revoke a notice if satisfied that it is appropriate to do so.

(12) An appeal against a notice under this section must be commenced within 14 days after the notice is given unless the Court allows longer time for the commencement of the appeal.

(13) Subject to any order of the Court to the contrary, the operation of a notice under this section is not suspended pending the determination of an appeal.

(14) A person who contravenes or fails to comply with a notice under subsection (3)(b) or (6) is guilty of an offence. Penalty: Division 4 fine. Default penalty: $200.

(15) This section does not authorise any action inconsistent with the Heritage Places Act 1993 or a provision of the relevant Development Plan that relates to heritage.

(16) Any action taken under this section should seek to achieve, in the following order of priority—

(a) firstly, a reasonable standard of fire safety for the occupiers of the relevant building;

(b) secondly, the minimal spread of fire and smoke;
(c) thirdly, an acceptable fire fighting environment,
in accordance with the fire safety objectives and performance criteria of the \textit{Building Code of Australia}.

(17) No matter or thing done or omitted to be done by an appropriate authority in good faith in connection with the operation of this section subjects the authority to any liability.

(18) For the purposes of this section, an \textit{appropriate authority} is a body established by a council, or by two or more councils, under subsection (19) and designated by the council or councils as an appropriate authority under this section.

(19) The following provisions apply with respect to the establishment of an appropriate authority:

(a) the appropriate authority will be constituted of—

(i) a person who holds prescribed qualifications in building surveying appointed by the council or councils; and

(ii) a person nominated by the Chief Officer of the South Australian Metropolitan Fire Service or the Chief Officer of the South Australian Country Fire Service (determined by the council or councils after taking into account the nature of its area or their areas); and

(iii) a person with expertise in the area of fire safety appointed by the council or councils; and

(iv) if so determined by the council or councils—a person selected by the council or councils;

(b) the term of office of a member of the appropriate authority will be a period not exceeding three years determined by the council or councils;

(c) the office of a member of the appropriate authority will become vacant if the member—

(i) dies; or

(ii) completes a term of office and is not reappointed; or

(iii) resigns by written notice addressed to the council or councils; or

(iv) is removed from office by the council or councils for any reasonable cause;

(d) deputy members may be appointed;

(e) subject to a determination of the council or councils—the appropriate authority may determine its own procedures (including as to quorum).

(20) A member of an appropriate authority who has a personal interest or a direct or indirect pecuniary interest in any matter before the appropriate authority (other than an indirect interest that exists in common with a substantial class of persons) must not take part in any deliberations or decision of the authority in relation to that matter.

(a) approved, constructed or installed before 1 July 1993; and

(b) formerly subject to the requirement imposed by the (now repealed) Swimming Pools (Safety) Act 1972 to be fenced or otherwise enclosed;

swimming pool means an excavation or structure that is capable of being filled with water and is used primarily for swimming, wading, paddling or the like and includes a bathing or wading pool or spa pool (but not a spa bath);

swimming pool safety features means a fence, barrier or other structure or equipment prescribed by regulation.

(2) The regulations may require the owner of a prescribed swimming pool to ensure that swimming pool safety features are installed in accordance with the new prescribed requirements before, or on the occurrence of, a prescribed event.

(3) Until the occurrence of a prescribed event, the owner of a prescribed swimming pool must ensure that swimming pool safety features are installed and maintained in accordance with either—

(a) the old prescribed requirements; or

(b) the new prescribed requirements.

(4) On and after the occurrence of a prescribed event, the owner of a prescribed swimming pool must ensure that swimming pool safety features are installed and maintained in accordance with the new prescribed requirements.

(5) The owner of a swimming pool other than a prescribed swimming pool must ensure that swimming pool safety features are installed and maintained in accordance with the new prescribed requirements.

(6) A person who contravenes, or fails to comply with, a requirement under this section (including a requirement imposed under subsection (2)) is guilty of an offence. Penalty: Division 4 fine.

(7) The regulations may require a council to establish a swimming pool inspection policy that complies with any requirements prescribed by the regulations.
(8) A regulation cannot be made under subsection (7) unless the Minister has given the LGA notice of the proposal to make a regulation under that subsection and given consideration to any submission made by the LGA within a period (of between 3 and 6 weeks) specified by the Minister.

Division 6A—Building inspection policies

71A—Building inspection policies

(1) A council must prepare and adopt a building inspection policy.

(2) A council must, in its building inspection policy, specify—

(a) a level or levels of audit inspections to be carried out by the council on an annual basis with respect to building work within its area (including building work assessed by private certifiers under Part 12) involving classes of buildings prescribed by the regulations; and

(b) the criteria that are to apply with respect to selecting the buildings that are to be inspected under the policy.

(3) A council may from time to time alter its building inspection policy.

(4) A council must, when preparing its building inspection policy under subsection (2) or considering an alteration under subsection (3), take into account the following matters (and may take into account other matters):

(a) the financial and other resources of the council, and of its local community; and

(b) the impact that a failure to inspect a certain number of buildings of the relevant classes over a period of time may have on its local community; and

(c) past practices of the council with regard to inspections and the assessment of building work in its area; and

(d) whether the area, or a particular part of the area, of the council is known to be subject to poor building conditions; and

(e) information in the possession of the council on poor building standards within its local community; and

(f) the public interest in monitoring the standard of building work within the community and in taking steps to provide for the safety and health of people who use buildings.

(4a) A building inspection policy must comply with any regulation prescribing a minimum level of inspections to be carried out by the council on an annual basis with respect to building work within its area (including building work assessed by private certifiers under Part 12).

(4b) A regulation under subsection (4a) may prescribe different levels for different classes of buildings.

(4c) A regulation cannot be made under subsection (4a) unless the Minister has given the LGA notice of the proposal to make a regulation under that subsection and given consideration to any submission made by the LGA within a period (of between 3 and 6 weeks) specified by the Minister.
(5) This section does not derogate from the operation of section 99.

Division 7—Liability

72—Negation of joint and several liability in certain cases

(1) If—

(a) building work is defective; and

(b) the defect or defects arise from the wrongful acts or defaults of two or more persons; and

(c) those persons would, apart from this section, be jointly and severally liable for damage or loss resulting from the defective work; and

(d) an action is brought against any one or more of those persons to recover damages for that damage or loss,

the court may only give judgment against a defendant, or each defendant, for such amount as may be just and equitable having regard to the extent to which the act or default of that defendant contributed to the damage or loss.

(2) An act or default for which a person is vicariously liable will be taken to be an act or default of that person for the purposes of this section.

73—Limitation on time when action may be taken

(1) Despite the Limitation of Actions Act 1936, or any other Act or law, no action for damages for economic loss or rectification costs resulting from defective building work (including an action for damages for breach of statutory duty) can be commenced more than 10 years after completion of the building work.

(2) This section does not affect an action to recover damages for death or personal injury resulting from defective building work.

(3) The period prescribed by subsection (1) cannot be extended.
Part 7—Regulation of advertisements

74—Advertisements

(1) Where, in the opinion of the Development Assessment Commission or a council, an advertisement or advertising hoarding—

(a) disfigures the natural beauty of a locality or otherwise detracts from the amenity of a locality; or

(b) is contrary to the character desired for a locality under the relevant Development Plan,

the Development Assessment Commission or council may, by notice in writing served on the advertiser or the owner or occupier of the land on which the advertisement or advertising hoarding is situated, whether or not a development authorisation has been granted in respect of the advertisement or advertising hoarding, order that person to remove or obliterate the advertisement or to remove the advertising hoarding (or both) within a period specified in the notice (which must be a period of at least 28 days from the date of service of the notice).

(2) An order under subsection (1) may not be made in relation to—

(a) an advertisement the display of which is authorised under the Local Government Act 1999, the Local Government (Elections) Act 1999 or the Electoral Act 1985; or

(b) an advertisement required to be displayed under the provisions of some other Act; or

(c) an advertisement for the sale or lease of land situated on the land concerned.

(3) Where a person on whom a notice is served under subsection (1) fails to comply with a notice within the time allowed in the notice—

(a) the Development Assessment Commission or council may itself enter on the land and take the necessary steps for carrying out the requirements of the notice and may recover the costs of so doing, as a debt, from the person on whom the notice was served; and

(b) the person on whom the notice was served is guilty of an offence.

Maximum penalty: Division 6 fine.

Default penalty: $50.

(4) A notice under this section—

(a) need not name the person to whom it is addressed; and

(b) may be served—

(i) personally; or

(ii) by post; or

(iii) where the identity or whereabouts of the person on whom it is to be served is not readily ascertainable—by affixing it in a prominent position on the advertisement or advertising hoarding to which it relates.
(5) Where a development authorisation has been given under this Act for the erection or display of an advertisement, no further licence or other authorisation in respect of the erection or display of the advertisement is required under the Local Government Act 1999 or the Local Government (Elections) Act 1999.

(6) A person against whom an order is made under this section may, within one month after service of the notice or such longer period as may be allowed by the Court, appeal against the order and, on an appeal, the Court may confirm, vary or quash the order subject to the appeal and make any consequential or ancillary order or direction that it considers necessary or expedient in the circumstances of the case.
Part 8—Special provisions relating to mining

75—Mining tenements to be referred in certain cases to Minister

(1) In this section—

_The appropriate Authority or the Authority_ means the Minister of the Crown for the time being administering the Mining Acts;

_designated mining matter_ means—

(a) an application for a mining production tenement; or

(b) a proposed statement of environmental objectives under the _Petroleum and Geothermal Energy Act 2000_.

(2) The appropriate Authority may refer a designated mining matter to the Minister for advice and, if the designated mining matter is such that is required by the regulations to be so referred to the Minister, the appropriate Authority must refer the designated mining matter to the Minister for advice.

(3) Copies of any submissions received under the Mining Acts as a result of public consultation on the designated mining matter must be forwarded to the Minister for the purposes of subsection (2).

(4) Where, in the opinion of the Minister or of the appropriate Authority, operations to be conducted in pursuance of a mining production tenement are of major social, economic or environmental importance—

(a) the Minister or the Authority may determine that the operations are to be subject to the processes and procedures prescribed by Subdivision 1 of Part 4 Division 2 with respect to the preparation of an environmental impact statement or a public environmental report; and

(b) in the case of such a determination, that Subdivision will then apply in relation to the preparation of an environmental impact statement or a public environmental report, and a related Assessment Report—

(i) subject to the qualification that any reference under that Subdivision to the Development Assessment Commission is to have effect as if it were a reference to the Minister or the Authority, depending on who has made the determination, but the statement or report will cover matters determined by the Minister after consultation with the Authority; and

(ii) subject to any other modifications as may be prescribed by the regulations.

(4a) However—

(a) the Minister may only exercise the powers conferred on the Development Assessment Commission under this Act in relation to public environmental reports if the Minister considers that the outcome of the environment impact assessment processes under the relevant Mining Act will not be equivalent (or superior) to the outcome that can be achieved if a public environmental report is prepared; and
(b) if the appropriate Authority and the Minister cannot agree in a specific case on an exercise of powers under this Act in relation to public environmental reports then the matter must be referred to the Governor.

(5) The Minister, after obtaining and considering a report of a prescribed kind on a designated mining matter referred for advice under this section and after considering the terms of any relevant environmental impact statement or public environmental report, must advise the appropriate Authority on the steps that should be taken (including, in relation to an application for a mining production tenement, whether the application should or should not be granted or, as relevant, what conditions or requirements should be included in a mining production tenement or a statement of environmental objectives) in order to recognise and address actual or potential adverse effects on the environment.

(6) Where the appropriate Authority does not agree with advice tendered under subsection (5), it must refer the matter to the Governor and the Governor will determine whether the Authority should adhere to the advice (after considering the terms of any relevant environmental impact statement or public environmental report).

(7) The appropriate Authority may, with the concurrence of the Minister, determine that it is appropriate that proposed development associated with mining operations within the ambit of subsection (4)(a) also be assessed under this section and, if the Authority makes such a determination, the Authority may, by notice in the Gazette, combine the assessment of the proposed development with the assessment of the relevant mining operations and, in such a case—

(a) the proposed development associated with the mining operations must also be considered under the relevant environmental impact statement or public environmental report; and

(b) the Governor may deal with the development under Subdivision 2 of Part 4 Division 2 as if it were within the ambit of a declaration of the Minister under section 46 (and that Subdivision, together with Subdivision 3 of Part 4 Division 2, will then apply in respect of the development).

75A—Ministerial declarations—related matters

(1) This Part does not limit the ability of the Minister to make a declaration under Part 4 Division 2 Subdivision 1 in respect of a proposal that involves—

(a) proposed mining operations on a mining tenement; and

(b) proposed development associated with the mining operations.

(2) For the avoidance of doubt, a determination under this Part with respect to the preparation of an environmental impact statement or public environmental report does not bring the relevant mining operations within the ambit of Subdivision 2 of Part 4 Division 2 (but may bring an associated development within the ambit of that Subdivision by virtue of the operation of section 75(7)).

76—This Act not to affect operations carried on in pursuance of Mining Acts except as provided in this Part

(1) Except as provided in this Part, this Act does not prevent, or otherwise affect, operations carried on in pursuance of any of the Mining Acts.

(2) This Act does not prevent, or otherwise affect, the operation of a private mine.
(4) The operation of subsections (1) and (2) is subject to any provision made by the regulations as to the application of the Building Rules to any building work carried out in connection with operations carried on in pursuance of any of the Mining Acts.
Part 9—Acquisition of land

77—Purchase of land by agreement

(1) The Minister may purchase land by agreement for the purpose of development or redevelopment of that land or for any public purpose.

(2) The *Land Acquisition Act 1969* does not apply to the acquisition of land in pursuance of this section.

78—Compulsory acquisition of land

(1) The Minister may acquire land under this section where he or she considers that the acquisition of the land is reasonably necessary for the operation or implementation of a Development Plan, or to further the objects of this Act.

(2) The *Land Acquisition Act 1969* applies to the acquisition of land in pursuance of this section.
Part 10—The Fund

79—Continuance of the Fund

(1) The Fund at the Treasury known as the Planning and Development Fund continues in existence.

(2) The following amounts must be paid into the Fund:
   (a) money made available by the Treasurer out of appropriations authorised by Parliament for the purposes of the Fund; and
   (b) all money derived by the Minister from the sale, leasing or other disposal of land by the Minister of land vested in the Minister; and
   (c) all loans raised by the Minister for the purposes of this Act; and
   (d) all other money that is required to be paid into the Fund by, or under this or any other Act.

80—Borrowing

The Minister may borrow money for the purposes of this Act on terms and conditions approved by the Treasurer.

81—Application of the Fund

The money standing to the credit of the Fund may be used by the Minister for all or any of the following purposes:
   (a) the acquisition, management and development of land, or any purpose related to the acquisition, management and development of land, under this Act;
   (b) the payment of money (by way of compensation or in other ways) which the Minister becomes liable to pay under this Act;
   (c) the payment of rates, taxes and other charges due and payable by the Minister in respect of land vested in or held by the Minister;
   (d) the transfer to any reserve for the repayment of money borrowed by the Minister for the purposes of this Act;
   (e) the payment of principal, interest and expenses in respect of money borrowed by the Minister for the purposes of this Act;
   (f) the management and development of property vested in the Minister;
   (g) any purposes authorised by or under this Act as a purpose for which the Fund may be applied;
   (h) assistance to councils in the provision and development of public land for conservation and recreation.

82—Accounts and audit

(1) The Minister must cause proper accounts to be kept in relation to the Fund.

(2) The Auditor-General may at any time, and must at least once in each year, audit the accounts of the Fund.
Part 11—Enforcement, disputes and appeals

Division 1—Enforcement

83—Interpretation—Breach of Act

In this Division, a reference to a breach of this Act is a reference to—

(a) a contravention, or threatened contravention, of this Act, other than, in relation to the Crown, or an agency, instrumentality, officer or employee of the Crown, the Building Rules; or

(b) a contravention, or threatened contravention, of an agreement under Part 5.

84—Enforcement notices

(1) In this section—

relevant authority means—

(a) the Development Assessment Commission; or

(b) a council; or

(c) the South Australian Heritage Council; or

(d) a prescribed body under section 37 that is brought within the ambit of this definition by a regulation made for the purposes of this section.

(2) If a relevant authority has reason to believe on reasonable grounds that a person has breached this Act or a repealed Act, the relevant authority may do such of the following as the relevant authority considers necessary or appropriate in the circumstances:

(a) direct a person to refrain, either for a specified period or until further notice, from the act, or course of action, that constitutes the breach;

(b) direct a person to make good any breach in a manner, and within a period, specified by the relevant authority;

(c) take such urgent action as is required because of any situation resulting from the breach.

(3) A direction under subsection (2) must be given by notice in writing unless the relevant authority considers that the direction is urgently required, in which case it may be given orally by an authorised officer.

(4) If a direction is given orally under subsection (3), the authorised officer who gave the direction must confirm the direction by notice in writing by 5 p.m. on the next business day.

(5) A written notice under subsection (3) or (4) must set out any appeal rights that the person may have under this Act.

(6) If a person fails to comply with a direction under subsection (2)(b) within the time specified in the notice, the relevant authority may cause the necessary action to be taken.
(7) The reasonable costs and expenses incurred by a relevant authority (or any person acting on behalf of the relevant authority) under this section may be recovered by the relevant authority as a debt due from the person whose failure gave rise to the action.

(8) Where an amount is recoverable from a person by a relevant authority under this section—

(a) the relevant authority may, by notice in writing to the person, fix a period, being not less than 28 days from the date of the notice, within which the amount must be paid by the person, and, if the amount is not paid by the person within that period, the person is liable to pay interest charged at the prescribed rate per annum on the amount unpaid; and

(b) the amount together with any interest charge so payable is until paid a charge in favour of the relevant authority on any land owned by the person.

(9) An appeal against a notice under this section must be commenced within 14 days after the direction is given to the appellant unless the Court allows a longer time for the commencement of the appeal.

(10) Subject to any order of the Court to the contrary, the operation of a direction is not suspended pending the determination of an appeal.

(10a) In an appeal against a notice issued by a relevant authority under this section, the Court may make such orders as to costs as it thinks fit.

(11) A person who contravenes or fails to comply with a direction under this section is guilty of an offence.

Maximum penalty: $20 000.

Default penalty: $500.

Expiation fee: $750.

(12) A direction cannot be given under this section if it appears that the breach occurred more than 12 months previously.

85—Applications to Court

(1) Any person may apply to the Court for an order to remedy or restrain a breach of this Act or a repealed Act (whether or not any right of that person has been or may be infringed by or as a consequence of that breach).

(2) Proceedings under this section may be brought in a representative capacity (but, if so, the consent of all persons on whose behalf the proceedings are brought must be obtained).

(3) If proceedings under this section are brought by a person other than a relevant authority, the applicant must serve a copy of the application on the relevant authority within three days after filing the application with the Court.

(4) An application may be made without notice to any person and, if the Court is satisfied on the application that the respondent has a case to answer, it may grant permission to the applicant to serve a summons requiring the respondent to appear before the Court to show cause why an order should not be made under this section.

(5) An application under this section must, in the first instance, be referred to a conference under section 16 of the Environment, Resources and Development Court Act 1993.
If—

(a) after hearing—

(i) the applicant and the respondent; and

(ii) any other person who has, in the opinion of the Court, a proper interest in the subject matter of the proceedings and desires to be heard in the proceedings,

the Court is satisfied, on the balance of probabilities, that the respondent to the application has breached this Act or a repealed Act; or

(b) the respondent fails to appear in response to the summons or, having appeared, does not avail himself or herself of an opportunity to be heard,

the Court may, by order, exercise any of the following powers:

(c) require the respondent to refrain, either temporarily or permanently, from the act, or course of action, that constitutes the breach;

(d) require the respondent to make good the breach in a manner, and within a period, specified by the Court, or to take such other action as may appear appropriate to the Court;

(e) cancel or vary any development authorisation (other than an authorisation granted by the Governor);

(f) require the respondent to pay to any person who has suffered loss or damage as a result of the breach, or incurred costs or expenses as a result of the breach, compensation for the loss or damage or an amount for or towards those costs or expenses;

(g) if the Court considers it appropriate to do so, require the respondent to pay an amount, determined by the Court, in the nature of exemplary damages—

(i) if the applicant is a council and the Crown has not become a party to the proceedings—to the council;

(ii) in any other case—into the General Revenue of the State.

(7) In assessing damages under subsection (6)(g), the Court must have regard to—

(a) any detriment to the public interest resulting from the breach; and

(b) any financial or other benefit that the respondent sought to gain by committing the breach; and

(c) any other matter it considers relevant.

(8) The power conferred under subsection (6)(g) can only be exercised by a Judge of the Court.

(9) A relevant authority, and any person with a legal or equitable interest in land to which an application under this section relates, is entitled to appear, before a final order is made, and be heard in proceedings based on the application.

(10) If, on an application under this section or before the determination of the proceedings commenced by the application, the Court is satisfied that, in order to preserve the rights or interests of parties to the proceedings or for any other reason, it is desirable to make an interim order under this section, the Court may make such an order.
(11) An interim order—
(a) may be made on an application without notice to any person; and
(b) may be made whether or not the proceedings have been referred to a conference under subsection (5); and
(c) will be made subject to such conditions as the Court thinks fit; and
(d) will not operate after the proceedings in which it is made are finally determined.

(12) Where the Court makes an order under subsection (6)(d) and the respondent fails to comply with the order within the period specified by the Court, a relevant authority may cause any work contemplated by the order to be carried out, and may recover the costs of that work, as a debt, from the respondent.

(13) Where an amount is recoverable from a person by a relevant authority under subsection (12)—
(a) the relevant authority may, by notice in writing to the person, fix a period, being not less than 28 days from the date of the notice, within which the amount must be paid by the person, and, if the amount is not paid by the person within that period, the person is liable to pay interest charged at the prescribed rate per annum on the amount unpaid; and
(b) the amount together with any interest charge so payable is until paid a charge in favour of the relevant authority on any land owned by the person.

(14) The Court may, if it thinks fit, adjourn proceedings under this section in order to permit the respondent to make an application for a development authorisation that should have been but was not made, or to remedy any other default.

(15) The Court may order an applicant in proceedings under this section—
(a) to provide security for the payment of costs that may be awarded against the applicant if the application is subsequently dismissed;
(b) to give an undertaking as to the payment of any amount that may be awarded against the applicant under subsection (16).

(16) If on an application under this section the Court is satisfied—
(a) that the respondent has not breached this Act or a repealed Act; and
(b) that the respondent has suffered loss or damage as a result of the actions of the applicant; and
(c) that in the circumstances it is appropriate to make an order under this provision,
the Court may, on the application of the respondent (and in addition to any order as to costs), require the applicant to pay to the respondent an amount, determined by the Court, to compensate the respondent for the loss or damage which the respondent has suffered.

(17) The Court may, if it considers it appropriate to do so, either on its own initiative or on the application of a party, vary or revoke an order previously made under this section.

(17a) The Court may make such orders in relation to costs of proceedings under this section as it thinks fit.
(18) Proceedings under this section may be commenced at any time within three years after the date of the alleged breach or, with the authorisation of the Attorney-General, at any later time.

(19) An apparently genuine document purporting to be under the hand of the Attorney-General and to authorise the commencement of proceedings under this section will be accepted in any legal proceedings, in the absence of proof to the contrary, as proof of the authorisation.

Division 2—Disputes and appeals

86—General right to apply to Court

(1) The following applications may be made to the Court—

(a) a person who has applied for a development authorisation may appeal to the Court against—

(i) any assessment, request, decision, direction or act of a relevant authority under this Act that is relevant to any aspect of the determination of the application; or

(ii) a refusal to grant the authorisation; or

(iii) the imposition of conditions in relation to the authorisation; or

(iv) subject to any exclusion prescribed by the regulations, any other assessment, request, decision, direction or act of a relevant authority under this Act in relation to the authorisation;

(b) a person who is entitled to be given a notice of a decision in respect of a Category 3 development under section 38 may appeal to the Court against that decision (subject to the limitations imposed by that section);

(c) a person who has applied to a council for a certificate of occupancy or an approval to occupy a building on a temporary basis may appeal to the Court against a refusal by the council to grant the certificate or to give the approval;

(d) a person who has—

(i) been served with an order under section 55 or 56; or

(ii) been served with an enforcement notice under section 84; or

(iii) been served with a notice or order under Part 6, may appeal to the Court against the notice or order;

(e) a person who is a party to a dispute relating to—

(i) the effect of the Building Rules in specific circumstances; or

(ii) the manner in which the provisions of the Building Rules are, or ought to be, carried into effect; or

(iii) whether or not an application for a building rules consent in relation to a development that is at variance with the Building Rules should be granted in a particular case; or
(iv) whether the requirements of the Building Rules in any matter relating to building work have been satisfied in a particular case, or what is necessary for the satisfaction of those requirement; or

(v) the construction of a party wall or the proportion or amount of the expense to be borne by the respective owners of premises separated by a party wall; or

(vi) any other prescribed matter,

may apply to the Court for determination of the dispute;

(f) a person who can demonstrate an interest in a matter that is relevant to the determination of an application for a development authorisation by a relevant authority under this Act by virtue of being an owner or occupier of land constituting the site of the proposed development, or an owner or occupier of a piece of adjacent land, may apply to the Court for a review of the matter with respect to—

(i) a decision under the Act as to the nature of the development, including any decision that is relevant to the operation of section 35;

(ii) a decision under section 38 as to the category of the development.

(1a) A right of review under paragraph (f) of subsection (1) does not limit or restrict the ability of an applicant for the relevant development authorisation to institute an appeal under paragraph (a) of that subsection.

(2) Subsection (1) does not—

(a) derogate from any other provision of this Act that confers a right to apply to the Court in specified circumstances;

(b) derogate from any other provision of this Act that prevents or restricts a right to apply to the Court in specified circumstances.

(3) Where an application relates to the decision, direction, act, consent, approval, order or determination of a person or body acting in pursuance of delegated powers, the respondent is the principal and not the delegate.

(3a) Where an application relates to the decision, direction, act, consent, approval, order or determination of a regional development assessment panel (see section 34), then, subject to subsection (3b), each council in relation to which the regional development assessment panel is constituted will be a respondent.

(3b) The Court may exclude a council from being a respondent under subsection (3a).

(3c) The Minister may intervene in proceedings that relate to a decision, direction, act, consent, approval, order or determination of a regional development assessment panel.

(4) An application must be made in a manner and form determined by the Court, setting out the grounds of the application, and, unless otherwise specifically provided under another provision of this Act, must be made within two months after the applicant receives notice of the decision to which the application relates unless the Court, in its discretion, allows an extension of time.

(5) If—

(a) an appeal is commenced before the Court against an order under section 69(1)(a); or
(b) an application that involves a dispute relating to a matter referred to in subsection (1)(c) or (e) (and no other dispute) is made to the Court, the matter must, in accordance with the Rules of the Court, be referred to a commissioner or commissioners of the Court for resolution under section 87.

(6) Any other application, other than an application of a prescribed class, must be referred in the first instance to a conference under section 16 of the Environment, Resources and Development Court Act 1993 (and the provisions of that Act will then apply in relation to the application).

87—Building referees

(1) The commissioner or commissioners to whom a matter is referred under section 86(5) will determine the matter as a building referee or as building referees, who will, subject to the Rules of the Court, for the purposes of this provision, have the powers of arbitrators under the Commercial Arbitration Act 1986.

(2) In addition to the other powers that a commissioner may exercise as a member of the Court under this Act, the commissioner or commissioners may—

(a) refer any question of law to a Judge of the Court for determination;

(b) require a party to furnish—

(i) particulars of his or her case;

(ii) documentary or other material relevant to the determination of the matter;

(iii) such other information as the commissioner thinks fit;

(c) give summary judgment (with costs) against any party who obstructs or delays the proceedings or who fails to attend or participate in the proceedings;

(d) make a declaration as to the effect of the Building Rules in the particular case (which declaration will have effect according to its terms);

(e) order that building work be carried out in a specified manner (being a manner that accords with the Building Rules or, if the commissioner or commissioners think fit, is at variance with the Building Rules but effectively attains the objects of this Act);

(f) settle any dispute relating to a party wall.

(3) No appeal lies from a decision of a commissioner under this section on a question of fact.

88—Powers of Court in determining any matter

(1) The Court may, on hearing any proceedings under this Act—

(a) confirm, vary or reverse any decision, assessment, consent, approval, direction, act, order or determination to which the proceedings relate;

(b) affirm, vary or quash any order, notice or other authority that has been issued;

(c) order or direct a person or body to take such action as the Court thinks fit, or to refrain (either temporarily or permanently) from such action or activity as the Court thinks fit;
(d) if appropriate to the subject matter of the proceedings, order—

(i) that a building (or any part of a building) be altered, reinstated or rectified in a manner specified by the Court;

(ii) that a party to the dispute remove or demolish a building (or any part of a building);

(da) if appropriate in the circumstances of the proceedings—make any determination or declaration, or grant any other remedy or relief as the Court thinks fit;

(e) make any consequential or ancillary order or direction, or impose any condition, that it considers necessary or expedient.

(2) The following provisions apply in connection with the exercise of the Court's jurisdiction in any proceedings under this Act:

(a) subject to paragraph (b), the Court should only seek to deal with and resolve those issues in dispute between the parties and should not, unless the Court considers it to be necessary or appropriate to do so, consider any aspect of the decision, assessment, consent, approval, direction, act, order or determination that is not being challenged;

(b) if—

(i) a person who has applied for a development authorisation is appealing against a refusal to grant the authorisation; or

(ii) a third party is appealing against a decision to grant a development authorisation,

the Court may (if the Court thinks fit) proceed to consider the matter de novo (adopting such processes and procedures as it thinks fit and taking into account any material that was before the relevant authority when it refused to grant the authorisation and such other evidence or material as the Court thinks fit);

(c) the Court may, in dealing with an application from a person to be joined as a party to the proceedings (other than the Crown, a relevant authority applying under section 37, or a person who was entitled to be given notice of a decision in respect of a Category 3 development under section 38 (if relevant)), determine not to grant the application—

(i) on the ground that the Court is not satisfied that the person has a special interest in the subject-matter of the application; or

(ii) on the ground that, whatever the interest of the person may be, the Court is not satisfied that the interests of justice require that the person be joined as a party; or

(iii) on any other ground determined to be appropriate by the Court.
Division 3—Initiation of proceedings to gain a commercial competitive advantage

88A—Preliminary

(1) In this Division—

commercial competitive interest—see subsection (2);

relevant proceedings means any proceedings before a court arising under or in connection with the operation of this Act including proceedings for judicial review, but not including criminal proceedings.

(2) For the purposes of this Division, if the business of a person, or the business of an associate of a person (other than the proponent of the development), might be adversely affected by a particular development on account of competition in the same market, then the person will be taken to have a commercial competitive interest in any relevant proceedings that are related to that development.

(3) For the purposes of this Division, the circumstances in which proceedings are related to a development include a situation where proceedings constitute a challenge to a Development Plan, or to the amendment of a Development Plan, that affects a development.

(4) The regulations may provide that this Division does not apply in a circumstance or situation (or circumstance or situation of a prescribed class) specified by the regulations.

88B—Declaration of interest

(1) If—

(a) a person—

(i) commences any relevant proceedings; or

(ii) becomes a party to any relevant proceedings; and

(b) the person has a commercial competitive interest in the proceedings,

then the person must disclose the commercial competitive interest.

(2) If—

(a) a person—

(i) commences any relevant proceedings; or

(ii) becomes a party to any relevant proceedings; and

(b) the person receives, in connection with those proceedings, direct or indirect financial assistance from a person who has a commercial competitive interest in the proceedings,

then both the person referred to in paragraph (a) and the person who provided the financial assistance referred to in paragraph (b) must disclose the commercial competitive interest.
(3) A disclosure must be made to the Registrar of the relevant court and to the other parties to the relevant proceedings in accordance with any requirements prescribed by the regulations.

(4) A person who fails to make a disclosure in accordance with the requirements of this section is guilty of an offence.

Maximum penalty: Division 3 fine.

88C—Right of action in certain circumstances

(1) If—

(a) a person—

(i) who is a party to the relevant proceedings related to a development; or

(ii) who provides direct or indirect financial assistance to a party to any relevant proceedings related to a development,

has a commercial competitive interest in the proceedings, or has an associate who has a commercial competitive interest in the proceedings; and

(b) the outcome of the proceedings (including after taking into account any appeal) is that the development, or a development in substantially the same form, may proceed,

then the proponent of the development is entitled to recover from the person (the defendant) and, if relevant, from any associate of the defendant, as a debt in a court of competent jurisdiction, an amount equal to the amount of any loss (including economic loss) that can be reasonably assessed as having been suffered by the proponent as a result of delays to the development on account of the proceedings if the court is satisfied that the defendant's sole or predominant purpose in pursuing the proceedings, or for providing financial assistance (as the case may be) was to delay or prevent the development in order to obtain commercial benefit for the defendant or an associate of the defendant.

(2) A court before which proceedings are brought under subsection (1) may, if it considers that it is appropriate to do so, reduce any amount that would otherwise be recoverable under that subsection to take into account—

(a) any delay in the relevant proceedings reasonably attributable to the actions of the proponent of the development or of some other party (other than the defendant, an associate of the defendant or a person who has received direct or indirect financial assistance from the defendant in connection with those proceedings); or

(b) any other matter that it considers relevant in the circumstances of the particular case.

(3) Without in any way limiting the manner in which the purpose of a person may be established for the purposes of subsection (1), a person may be taken to have pursued proceedings, or to have provided financial assistance to a party to proceedings (as the case may be) for a purpose referred to in subsection (1) notwithstanding that, after all the evidence has been considered, the existence of that purpose is ascertainable only by inference from the conduct of the person or of any other person or from other relevant circumstances.

Transitional etc provisions associated with Act or amendments

Statutes Repeal and Amendment (Development) Act 1993, ss 3, 15—29 (as amended by Development (Major Development Assessment) Amendment Act 1996, s 13, the Development (Private Certification) Amendment Act 1997, s 12, the Statutes Repeal and Amendment (Development) (Environmental Impact Statements) Amendment Act 1997, s 3 and the Development (Building Rules) Amendment Act 1997, s 9)

3—Interpretation

In this Act—

the relevant day means a day fixed by proclamation as the relevant day for the purposes of this Act.

Note—

The relevant day has been fixed as 15 January 1994 (Gazette 27.10.1993 p1889)

15—General

(1) A reference in any Act, regulation, rule, by-law or other instrument to the Planning Act 1982, or to the Real Property Act 1886 (insofar as the reference relates to Part 19AB of that Act (as repealed by this Act)), will, unless the contrary intention appears, to be taken to include a reference to the Development Act 1993.

(2) The Acts Interpretation Act 1915 will, except to the extent of any inconsistency with the provisions of this Act, apply to any repeal or amendment effected by this Act.

(3) For the purpose of the application of the Acts Interpretation Act 1915, this Act and the Development Act 1993 will be read together and construed as if the two Acts constituted a single Act.

16—Development Plans

(1) The following are adopted and applied as Development Plans under the Development Act 1993:

(a) for each area of a council (other than the City of Adelaide)—that Council portion of the Development Plan under the Planning Act 1982, together with the relevant regional part of the Development Plan under that Act, in effect immediately before the relevant day;
(b) for the City of Adelaide—the Principles established under Part 2 of the *City of Adelaide Development Control Act 1976* in effect immediately before the relevant day;

(c) for any part of the State outside an area of a council—the relevant "out-of-Council" part of the Development Plan under the repealed Act, together with the relevant regional part of the Development Plan under the repealed Act, in effect immediately before the relevant day.

(2) Subject to this section, a Supplementary Development Plan which, before the relevant day, is prepared or accepted by the Minister as a basis for public submissions under section 41 of the *Planning Act 1982* will continue to be subject to the provisions of the *Planning Act 1982* (as if that Act had not been repealed) until it is approved or laid aside by the Minister under section 41(11b) of that Act, and then will be subject to the *Development Act 1993*.

(3) A Supplementary Development Plan which before the relevant day has been approved by the Minister under section 41(11b) of the *Planning Act 1982* will continue to be subject to the provisions of the *Planning Act 1982* (as if that Act had not been repealed) until the plan is disallowed or brought into action (and, where the plan is brought into action, it will be taken that the amendments effected by the Supplementary Development Plan are amendments to the relevant Development Plan under the *Development Act 1993*).

(4) A Supplementary Development Plan prepared or accepted by the Minister more than three years before the relevant day that has not been approved by the Minister under section 41(11b) of the *Planning Act 1982* before the relevant day has no further effect.

(5) A Supplementary Development Plan given interim effect under section 43 of the *Planning Act 1982* before the relevant day will be considered part of the Development Plan for the purposes of subsection (1) (but will continue to be subject to the operation of sections 41 and 43 of the *Planning Act 1982* until it ceases to operate under section 43 of that Act or, if relevant, is superseded by an amendment to a Development Plan under the *Development Act 1993*).

(6) An amendment to the Principles given notice under section 7(3) of the *City of Adelaide Development Control Act 1976* before the repeal of that Act may continue to the approval stage under section 10 of that Act (as if that Act had not been repealed), and any amendment effected under section 10 of that Act will, for the purposes of this Act, be considered to be an authorised amendment to a Development Plan under the *Development Act 1993*.

(7) A regulation (whether under the *Planning Act 1982* or any other Act) in effect immediately before the relevant day may be made as a regulation under the *Development Act 1993* without the need to comply with Part 1 of the *Development Act 1993*.

(8) An advertisement published before the relevant day under section 42A(5) of the *Planning Act 1982* in relation to a proposed regulation will be taken to be a notice published by the Advisory Committee under Part 1 of the *Development Act 1993*.
(9) Where a regulation has been publicly exhibited under section 44(3)(a) of the City of Adelaide Development Control Act 1976 before the relevant day, the proposed regulation (with or without modification) may, with the approval of the Minister, be incorporated into the Development Plan that applies in the area of the City of Adelaide without complying with any procedure set out in the Development Act 1993.

(10) A reference in the Development Plan under the Planning Act 1982, or in any Act, regulation, rule, by-law or other instrument, to development which is "permitted" or "prohibited" under section 47 of the Planning Act 1982 will be taken respectively as a reference to complying or non-complying development under the Development Act 1993.

(11) A reference in the Development Plan under the Planning Act 1982, or in any Act, regulation, rule, by-law or other instrument, to development which is "permitted" subject to a certificate will be taken as a reference to a complying development under the Development Act 1993 subject to the relevant authority under that Act being satisfied as to those matters to which the certificate relates.
